7th May 81

Sir,

In reply to your letter of the 18th ultimo, I have to inform you:-

1st - That you should intimate to the Indians that, owing to the danger they are in of Small Pox at any time attacking them and many lives being lost (as has lately been the case with two or three Bands of Indians who thought themselves as safe as they are) it is the earnest desire of the Superintendent General that they and their families should be vaccinated as soon as possible.

2nd - All the Indians within

Wm Van Abbots, Esq.

Indian Lands Agent.

Sault Ste Marie.
