Rev. Sir.

350

I have the honour to call your attention to the following remarks made by Mr. School Inspector Maclean in a recent report on the Indian School on James Seenum's Reserve:-

This school was awarded the first Teacher's Bonus last year. The late Teacher, Mr. Steinbauer, being very successful. The Rev. Mr. Termain about whom, when at Whitefish Lake it was my unpleasant duty to complain has had charge of the school since Mr. Steinbauer left. The result is that it has become entirely disorganised
