Ottawa, January 3, 1916.

Sir,-

Referring to that portion of your recent report on the St. Joseph's Industrial School in which you state that the boys' class room will soon require a new floor and that the Carey Felt Roofing on the boys' home should be coated over with special material or coal tar I beg to say that the Principal has been authorized to purchase the material required for these repairs at a cost not to exceed \$65.00.

Your obedient servant,

Asst. Deputy and Secretary.

J. A. Markle, Esq.,
Inspector of Indian Agencies,
Red Deer, Alta.
