**Questions and Answers.**  
Miscellaneous.

**Dogs and Sheep.**

Dogs have been killing sheep in this county (Compton, Quebec). The council does not collect a dog tax.

1. Are they responsible for sheep killed by dogs?
2. Where dog tax is collected, can they make the owner of a dog pay for sheep killed if it can be proved that his dog did the killing?

Quebec. SUBSCRIBER.

Ans.—1. No.

2. Generally speaking, yes.

**Cancelling an Order.**

Last June I gave a fertilizer company an order for a shipment of fertilizer. The shipment was to be made Oct. 15, 1915. Early in October I wrote to the company and tried to get the order cancelled. They would not cancel it, but agreed to compromise by putting the order forward until February 1, 1917. I should like to know if there is any legal method by which I can get this order cancelled, about how much would it cost, and how should I proceed?

Ontario. F. J. P.  
Ans.—You are not in a position, legally, to enforce a cancellation of the order.

**Marriage Engagement—Customs Duty.**

1. Does the law state that an engagement of marriage between an Ontario woman and a man registered in U. S. be announced? If so, in what papers, how often, when?

2. Is there any limit to the value of goods, clothing, linen, furnishings etc., such a couple may take into the United States duty free?

Ans.—1. No. A. B. C.

2. No—assuming, of course, that the goods in question are, bona fide settlers' effects. If, however, they exceed in value the sum of one hundred dollars, there are some charges payable in respect of the papers that have to be attended to upon the goods being passed through customs.

**Widow's Property Rights.**

1. A farmer's wife dies leaving a family of small children, and he marries again but the second wife has no children. Should he die without making a will, what share can she claim?

2. Can he leave everything (by will) to his children?

3. If so, can she exact pay for keeping house and taking care of the children, several years having elapsed between his second marriage and his death?

4. Or how is she to receive recompense for those years of toil and care?

AN ONTARIO SUBSCRIBER.

Ans.—1. One third of the entire estate remaining after payment of funeral and testamentary expenses, debts and succession duty (if any).

2. Yes, subject to the widow's dower—that is one third for life of the real estate.

3. No. 4. The law makes no such provision.

**Sale of Steer.**

A sells B 14 head of two-year-olds; B pays \$10 down and binds bargain. A drives them all off to the station. One steer which is wilder or more excitable than the rest, jumps the fence and goes home. A tries to stop him but he gets home. A then proceeds to the station with the rest of them, and informs B of what has taken place, and says he would rather keep him. But B insists on having him, so A comes home and loads him in a rack. The steer goes mad and bangs himself up, despite all A can do, and is taken to the station. When the animals arrive at the market, some 60 miles away, and are killed, the steer's blood is clotted and meat somewhat bruised, so that the steer is unfit for use. Who is responsible? Who should pay for the steer?

Ontario. T. T. P.

Ans.—We think that the responsibility was B's, and that, notwithstanding what has happened, he is liable to pay A for the animal.

**Laid THREE Eggs in 23½ Hours**

The Star Performer in the poultry world is a Canadian Hen, owned by a farmer near St. Lambert, Que. This bird has beaten the former world's record by laying three eggs in 23½ hours. The owner uses Pratt's Poultry Regulator for all of his flock. This extraordinary performance was, of course, due to an unnatural condition and should not be attributed to the use of

**Pratt's POULTRY REGULATOR**

—the one best egg producer and tonic on the market. Pratt's Poultry Regulator will make YOUR hens beat their past records, not by freak performances, but by steady year in, year out laying. It keeps the fowls in vigorous health—tones up their entire system and prevents disease. Increases fertility and insures sturdy chicks. You do not experiment when you use "Pratt's." The Pratt Experiment Station on our 100-acre farm is maintained for the sole purpose of saving YOUR time and increasing YOUR profits.

THE GREAT COAL TAR DISINFECTANT

**ZENOLEUM**

MADE IN CANADA

IT'S a waste of time for the farmer to mix greases and poisons to kill lice and fleas, or to cure cattle diseases, when Zenoleum is cheaper and incomparably better. Zenoleum is a powerful germicide, better and cheaper than carbolic acid, yet is not inflammable or poison. Can be used internally or externally. The Dominion Experimental Farm and 50 Experiment Stations in Canada and United States use Zenoleum. Their practice is safe to follow. Ask your dealer or send to us. Several sizes, 25c., 50c., 90c. \$1.50, carriage paid. 1 gal. (\$1.50) makes 80 gals. dip.
