USE Queenston Cement

Haul your gravel and field stone during the winter, then you can build your structures with very little labor and expense during spring and summer.

Isaac Usher & Son, Cement Manufacturers, Thorold, Ont.:
GENTLEMEN,—In 1893, I constructed a barn 112 x 44 feet. The walls and half the floor are of Queenston cement, the other half of floor is of Portland cement. I may say that I cannot see but the floor made from Queenston cement is equally as good as that constructed of Portland, which is much more expensive. Yours truly **CHAS. BEATTIE.**
