

If it isn't an Eastman, it isn't a Kodak.

The quality of your picture depends as much on the simplicity of your camera as upon the quality of its lens and shutter and mechanism.

KODAKS

combine simplicity with quality. There are no annoying details in the operation of the Kodak. Kodaks bear the same relation to a plate camera that the automatic gun bears to your grandfather's muzzle loader. Kodaks are simple, efficient, reliable. They are designed by the most experienced camera makers in the world, are fitted with lenses of the highest type, each one individually tested both by the lens maker and by our own testers. Kodaks are made by men with whom honest workmanship has become a habit.

There's no dark-room in the Kodak system of picture making. The Kodak is complete, ready to use with daylight loading film cartridges—there's no extra investment in plate holders as in the case of a plate camera.

Kodak means photography with the bother left out—means good pictures, real value for your money.

Our specialty is growing seed potatoes in a climate down by the sea that have proven to give about double the yield when compared to native seed planted in Ontario. This change of seed will make your potato field one of beauty and a pleasure to work in.

Let me help you to make this change. Lots of our individual hills weigh ten lbs. Good seed stock is going to be high again this year. Let me send you some this fall. You can winter them as cheap as I can. "Irish Cobbler," "Early Ohio," Delaware, Empire State and Green Mountain are good varieties. \$1.00 per bag, f.o.b. here. Bags included. Cash with order. O.K. Canadian Potato Digger

Don't try to plow up the potatoes, or dig them out with a fork or hoe. It's back-breaking, disagreeable work and you always lose a percentage of the potatoes, which are missed. Let the horses and the O.K. Canadian dig your potatoes, and save you a long, tiresome job.

O.K. Canadian does all the work—digs all the potatoes. Soon pays for itself in the bushels of potatoes it saves that the old method would lose.
