

# FREE TO MEN UNTIL CURED.

The effect of Electricity upon the weak, debilitated man is the same as rain upon the parched field in summer. He may be debilitated from varicocele, losses, impotency; may have confusion of ideas; fear to act and decide; gloomy forebodings, timid and fretful; avoid friends and company; without confidence in himself to face the slightest responsibility, and let him properly apply Electricity for but a few hours and all these symptoms vanish. A few weeks to a couple of months' use of this treatment banish them forever, and make strong, confident, manly men out of the puniest weaklings. For nearly forty years I have treated and restored weak men through my world-famed invention, and am still doing so with greater success than ever. In fact, I do not expect to fail in any case of this kind, and therefore, as most men are more or less sceptical, I will continue to give my Hercules

## Dr. Sanden Electric Belt Free Until Cured.

Not one cent is to be paid me in advance or on deposit. Call or write and get the belt, and use, say, for sixty days, and if cured pay me price of belt only—most

**DR. C. F. SANDEN, 140 Yonge Street, Toronto, Ont.**  
Office Hours: 9 to 6. Saturdays until 9 p.m. (516) Largest and Oldest Electric Belt Establishment in the World.

cases low as \$4; if not cured return the belt and the deal is ended. But I know what the belt will do, and will take the risk of my pay when you are cured. I also give my belts on same terms in Rheumatism, Lamé Back, Stomach, Kidney and Liver Complaints, etc.

As the originator and founder of the electric belt system of treatment, my forty years' success is the envy of many, and my belts of course are imitated. (What good thing is not?) But my great knowledge to advise and direct my patients is mine alone, and free to all who use my belt until cure is complete.

What would you not give to have your old vim back again? What would you not sacrifice to feel as you did a few years ago; to have the same snap and energy; the same gladness, joyous, light-hearted spirit and the physical strength you used to have? You know you are not the same man, and you know you would like to be. You might as well be. It's easy. I am making men out of wrecks every day, and the above offer must convince you what I feel I can do for you.

Call or send to-day for my belt; or, if you want to look further into the matter, I have the best two little books ever written upon Electricity and its medical uses, and send them free, sealed, upon request.

### QUESTIONS AND ANSWERS. Miscellaneous.

#### DIVIDENDS FROM CREAMERIES.

Could you give us any information as to what is being done in the matter of winding up the estate of the Barre Creamery Co., at Lake Francis. It is now two years since the company stopped payment, and the patrons here are anxious to know what is being done.

Lake Francis.

W. L.

Ans.—We understand that the official assignees, Newton & Davidson, Bank of Hamilton Bldg., Winnipeg, are now prepared to pay 14c. on the dollar on application of the creditors.

#### DRAINAGE SCHEME.

A correspondent says: "I have a hay meadow of 60 acres that I wish to drain. I have a scheme in view, that is this: Plow a furrow along where drain is required, and bore 2 or 3 inch holes 8 or 10 feet apart along in this drain, and 9 feet deep, as is the required depth. Then place a charge of some combustible in each of these holes; connect all by a wire to an electric battery at a safe distance, and then turn on current for the desired result. If this scheme is workable, give further particulars.

Ans.—No; we would not expect much from the scheme. We don't know of any improvement upon the old way of draining. Dig the drain with a spade or ditching machine, then put in tile, or make a large surface ditch with tile drains emptying into it.

#### SUNDAY WORK.

1. I would like to ask if a hired man can claim a dinner spell, that is, one hour to himself with the exception of feeding the horses.

2. A hire with B for the year, and is expected to work nearly all the day on Sundays, with the exception of an hour or two at mid-day. Is he forced to work every day? Can he claim one Sunday a month free or more? I would be glad if you would enlighten me on this subject, as no arrangements were made about that at the time of hiring.

Man.

Ans.—So many annoying misunderstandings arise this way through not having some definite arrangement at time of compact, that we constantly advise a written contract, covering such points as the above and others of a similar nature.

2. The customary rule is for the hired man to have the option of using every second Sunday as suits his mind, and we think the court would sustain this custom.

#### Legal.

#### EXCHANGE OF HORSES.

A had a light horse which B thought would make a runner, if trained. B offered A a work horse in exchange for his running horse for a few months; no definite time stated. They exchanged last July. A now wants his horse back, and offered B his back. B refuses to give up A's horse. How can A make B give back his horse? There was distinctly no horse trade. SUBSCRIBER.

Man.

Ans.—If A has evidence to establish that the dealing between A and B was exchange of horses for a limited time upon certain conditions, the proper course for A to pursue is to return B's horse and to take his. In the event of his being unable to obtain his own horse, he should then issue a writ of replevin.

Ambassador Choate is held responsible for this one:

A man had lived for many years abroad. He returned to New York to find many of his friends dead. And yet some he had thought to be dead shocked him by rising in the street and holding out their hands. At length he was invited to the high tea of a Roman friend of his at a hotel. He entered and advanced to greet her.

"I saw your husband," he said, "down stairs in the lobby. He was smoking."

She turned pale. She recovered herself.

"I am sorry to hear," she said then, "that he is still smoking. He has been dead ten years."
