

LAWRENCE PARK—

“THE SUBURB BEAUTIFUL”

HE marvelous expansion of Toronto in the past few years, has made plainly evident the immediate need of a really high-class residential district, within a short distance of the shopping and business sections. A location which will make a strong appeal to the home-lover—where he may go after a busy day in town and not be continually worried by the noise and turmoil of the city; where he may build his cosy home and rest assured that his neighbors will be of the most refined and desirable sort; where his children may have play-grounds aplenty, and an abundance of fresh air and exercise.

Lawrence Park was designed to fill all these requirements.

A thirty minute run by trolley brings you to the spot—a beautifully planned park—the entire layout having enabled the designers to develop it along exceptionally charming lines.

The entire park is well wooded; modern improvements have been installed; transportation facilities are excellent, no trick in the designers art has been omitted in making Lawrence Park “THE SUBURB BEAUTIFUL.”

IF you desire an exceptional opportunity to have a home “worth while” in a residential district of beautiful surroundings and elegant homes—investigate LAWRENCE PARK Toronto's newest and most refined residential district.
