On the Sabbath morning we made our way to the Plymouth Church, and were fortunate enough to meet with one of the deacons at the door, who kindly offered us sittings in his own pew. Mr. Beecher's popularity is not only undimini hed, but recent and circumstances seem

greatly to have increased it. The crowds seek ing admission were vast, and shortly after the doors were opened, every available spot of the spacious edifice was occupied. At twenty ninutes past ten Mr. Beecher ascended the platform, and took the chair without any outward exercise of devotion. He occupied several minutes in arranging his notes and notices. when the members of his choir, amounting to nearly 100 persons, filed down each side of the organ, and took their allotted seats. The voluntary concluded exactly at half-past ten, when the choir rose and rendered the introductory anthem. Mr. Beecher's opening prayer was peculiarly soft and tender, evidently prompted by a heart full of sorrow. We felt that listening to his prayer amply repaid us for our journer to Brooklyn, and if we had left when it was over, it might have been as well for our profit. The sermon was what we presume should be designated purely Bee herian There was no attempt at exposition, but it was every one should denounce.
