PUREST & BEST

The Largest Creamery in Canada

Is situated at Renfrew, Ont. Their output of Butter has a high reputation. In order to obtain it and keep the quality, they must use the best obtainable ingredients. They use "WINDSOR" SALT exclusively. Under date of December 17th, 1895, Mr. Wright has this to say:—

For your convenience I may add that it is certainly the finest salt we ever used. There may be as good, but I have never used it. It might interest you to know how we came to use it. For many years before starting our Creamery, I used English salt in my dairy, exclusively. Hearing of yours I sent for a sample, which was promptly forwarded, and we used it with our next churning. Although we used the same quantity we had always used, so much greater strength was there in your Windsor brand, that our butter was so salt that we could hardly use it. We then greatly reduced the quantity, and found it to work admirably, and consequently have used it ever since. When we opened our Creamery, Windsor Salt was at once adopted, and we have never had any reason to regret it. The barrels are well made, and being lined with paper it prevents any dirt or dust from getting in. This I consider a very important factor, and so long as you send us the same quality as you have been doing, it will require very strong inducements to cause us to use any other. You will of course understand from this that it was the Windsor Salt we used in our butter which took the Gold Medal at Ottawa in Sept. last.

(Signed) A. A. WRIGHT, Manager Renfrew Creamery Co., Ltd.
