Johnston's Granary

Handy. Rigid. Safe.

Protect your grain from fire, lightning and rodents. Set up a Johnston's Granary—metal covered and tight as a drum. The grain can't bulge the walls. You can place it where it will be handiest; and move it from place to place if necessary.

METAL DOOR—LOCKED JOINTS

Johnston's Granary is protected from 4-legged thieves and from fire by galvanized iron walls with locked joints. Iron bands with tension bolts hold the walls against bulging. The door is iron covered. Inside there is a sectional door to hold the grain. The sections of the door hook together and offer a solid metal resistance to wind, water and snow.

DINNEN GRAIN UNLOADER.

Can be used anywhere on the farm. Send for literature and prices. The Metal Shingle & Siding Company, Limited, Winnipeg, Man.

Grains cannot heat or mildew. A 14-inch galvanized ventilator provides plenty of air. Johnston's Granary is fitted at our factories and shipped ready to set up. Full details on request.

Write TO-DAY.

THE CANADIAN LAWYER

Sent free to any farmer who will do a couple of hours work for us in his own locality.

Is the title of a book which has been prepared for the very purpose of giving farmers information that will assist them to keep out of lawsuits. It will not make a lawyer out of a farmer, but it will help to protect the farmer against the sharp practice of agents or anyone else who would like to get him into a tight corner.

This book is just what the farmers of Western Canada have been looking for for some time. It gives the most important provisions of the laws of Canada and especially of Manitoba, Saskatchewan and Alberta. The information is given in simple every-day language, so that farmers will be able to do a great deal of their own business strictly in accordance with the law, without engaging the services of a lawyer and paying him from \$5 to \$10 each time for a little bit of ordinary advice.

Every farmer loses a lot of time, and more or less money, during the course of his career, because he is usually unacquainted with his legal rights and the proper method of redress. Half of the lawsuits before the courts are brought about because some person was ignorant of a simple fact of law which he should have known. In addition to this most valuable information on the various laws, the book also gives definite information and simple but correct forms for the preparation of all kinds of legal documents that a farmer would have occasion to use.

Chattel mortgages and bills of sale are explained fully, how to make them, the law in regard to them, and when to use them. Similar information is given on checks, lien notes, land mortgages, promissory notes, receipts and wills. This book also instructs farmers on exemption from seizure of debts; the law in regard to line fences; the law in regard to naturalization; the law of partnership; how to have inventions patented and protected; the use and form of powers of attorney; the law in regard to the succession duties; how to prepare land transfers under the Torrens system which is used in Western Canada; the law in regard to trust and trustees, and practically everything else that a farmer would require to study.

If you would like this book sign the coupon and mail it to us today.
