EDITORIAL NOTES.

The Windsor Hotel in New York was burned to the ground on the 17th inst. A short time after the first alarm was given the whole building was enveloped in flames and many lives have been lost. Sixteen deaths are reported and forty-four are missing. Many hair-breadth rescues and escapes were made, and much praise was due to the heroic efforts of the firemen in saving precious lives.

The House of Commons opened on the 16th inst. The address was a very short one. Congratulations on the general prosperity of the country as evidenced by the expansion of trade and commerce, and the cessation of the exodus to the United States. The progress, or want of progress in the negotiations with the United States for a treaty was mentioned but no information was given as to what had been agreed on. The hitch that caused adjournment was the contention about the Alaskan boundary. The Imperial penny postage rate was mentioned as also the two cent postage in the domestic letter rate and other subjects for congratulation. The development of the Yukon country was so satisfactory the revenue had met the expenditure up to date. A telegraph line will shortly be constructed into that district. A measure will be introduced for the better arrangement of electoral districts. The address in reply was moved by Mr. Bell, the new member for West Prince. P. E. I., in a very able speech setting forth the benefits resulting from wise liberal rules and predicting a long continuance of wise and prudent statesmanship under the leadership of Sir Wilfrid Laurier. Sir Charles Tupper in an address of four and a half hours showed the other side of the shield and claimed that the prosperity of the country was due to the old National Policy adopted by the Liberals.

# Stick Out YOUR TONGUE!

What for? Because it may save your life! How? It is the barometer that indicates the state of your health by its shape, coatings and colors. For example? Well, a pointed tongue indicates irritation and disorder in the stomach and bowels.

The full broad tongue shows want of proper digestive action. The dry, pinched tongue is the tongue of acute disease.

The fissure tongue proves inflammatory action of the kidneys.

A dry tongue is evidence that the stomach and intestines cannot do much digestive work.

Coating of the tongue is the result of intemperate eating and drinking. The Liver is deranged.

The broad, pallid tongue shows a want of alkaline elements in the blood. It is a danger signal.

The deep red tongue, generally dry, shows acid.

Dryness always indicates nervousness, and diseases of the nerve centres.

Extreme moisture shows the reverse.

Be your own doctor. Examine your tongue. It will show you whether or not you are in condition to stand spring weather changes.

If you are not almost any disease may strike you down. Get in condition at once by using the latest and best spring medicine

 Spasms Lasted for Hours at a Time—Left Great Aching and Soreness—Dr. Chase's Kidney-Liver Pills Proved His Deliverer.

I was for over six months troubled with very sharp pains in the region of my kidneys, the spasms lasted for half an hour at a time, and left me with great aching, soreness and pain. I tried many remedies, but they did me no good. I commenced taking Dr. Chase's Kidney-Liver Pills according to directions. I had not much faith that they would cure me, but after taking one box I noticed a change for the better. It may seem incredible, but after taking the second box the pains all left me entirely, and I have not had them since.—Amos Carter, Melbourne.

Price 25 cents per box, all dealers.

MR. DOUBLE FACE.—One of the most contemptible specimens of humanity found in the category is the fellow who can weep with one eye and wink with the other. He can take cocktails at club or water at the love feast; he can sing the "Little Brown Jug" or "Nearer my God to Thee," apparently with equal gusto. Like a piano he can vibrate in celestial harmony to the "Holy Angels" or reverberate to the touch of the "Devil's Thrill." He runs with the sheep and is equally at home with the wolf pack. He subscribes handsomely to church funds and makes up the expenditure by gambling in wheat, or giving short weight or shoddy goods. An India rubber conscience is a mighty handy thing for some people. It is like the Sunday School boy's scriptural definition of a lie—"An abomination unto the Lord and a very present help in trouble." The astonishing fact in connection with these ardent humbugs is that some of them appear to persuade themselves that their lives are not "off the square." A downright crook is a prince to these moral chameleons that alter their color to suit their circumstances. Go and take a jimmie and make a living lifting other people's back windows, and you will be respectable compared with the oleaginous scoundrel who snuffles psalms and chisels his neighbor. Be one thing or the other, an honest man or a thug.

## FACE BLOTCHES

are particularly disagreeable because they are noticeable and apt to cause comment. Purify the blood with Scott's Sarsaparilla and remove them. All this class of diseases, as well as blood putrefaction and bone decay, are usually of scrofulous origin.

## Scrofula

and scrofulous complaints of all kinds, blemishes, pimples, blood eruptions, biliousness, dyspepsia, indigestion, heart disease, syphilis, or rheumatic troubles cannot be warded off in the spring if the system is not put in good order.

## A Boy's Life Saved

"One day my little boy, aged 7, got a fall and hurt his knee. Inflammation of the knee joint set in and the decay of the bone of the leg rapidly followed. Doctors removed over a hundred pieces of decayed bone, but the process of decomposition continued. All attempts to stop it failed. The boy had but a few days' life before him according to all human expectations. Mr. Denham, druggist, Petrolia, advised me to try Scott's Sarsaparilla, I did so, and not only saved but completely cured my boy."—JOSEPH DUNCAN, farmer, Lambton County, Ont.

Doubters may write either Mr. Duncan or Geo. Denham, druggist, Petrolia P.O., for verification of these facts, then they will immediately purchase a bottle of
