BULGARS HOLDING UP TURK SUPPLIES

Fifty Cars of War Munitions
Block the Railways on the
Austrian Frontier.

By Special Wire to the Courier.
New York, July 28.—A cable to The
Tribune from Milan says:
Telegrams from Bucharest report that the Roumanian government still categorically refuses to allow munitions for Turkey to traverse her territory.

The Germans were so sure that
Roumania would yield that they had forwarded thousands of carloads of war material which is now congesting the Austrian railways on the Roumanian frontier. Fifty cars which had passed the frontier were seized by the Roumanian authorities.

As the Turks are unable to ob-
tain fresh supplies of ammunition they have determined to make a desperate effort while they still possess some reserves, to drive the allies from the peninsula of Gallipoli.

At the last council of war held in
Constantinople, at which Field Marshal Von Der Goltz and General Leman Von Sanders were present, it was decided to concentrate the Ad- rianople garrison and the troops guarding the Black Sea at Gallipoli.

This decision is proof that Turkey
does not fear an immediate attack on Adrianople by Bulgaria.

The arrival of M. Von Janoff, di-
rector of the Bulgarian public debt, in Berlin, is additional proof that Bul- garia is unlikely to move. German banks still owe Bulgaria 150,000,000 marks of the 500,000,000 loan negoti- ated eighteen months ago, but it is not known how many sleep the night this sum in gold to leave the empire at the present juncture without binding engagements for neutrality on the part of Bulgaria. ARMY POSTAL SERVICE WORK

THE POSTAL SERVICE AT THE
FRONT

A railway mail clerk in the Toronto
Division, now serving at the front, in a letter to a friend, writes: "I am in charge of the post office of the brigade under the command of Col. Turner, V.S., D.S.O. I can tell you he is a prince; there is not a man amongst us who would not go any- where for him after the way he treated us. The poor boys of the 48th, a lot of them I knew personally from Toronto—many are gone—either killed or smothered by that infernal gas—it was cruel. That night I had to go up to the trenches with a load of sandbags, picks and shovels, a rifle I will never forget. The sights I saw were terrible—dead soldiers, civilians, like lightning. I was riding the lead- ing team. The shells were dropping everywhere. We stopped at a house. I dismounted and just went around the head of the horse I was riding, when a shell burst over me. How I am alive is a mystery to me. My horse was killed his head being al- most cut off. I was wounded on the back and left arm and several ribs were badly strained."

ITALIAN TROOPS
RETIRED UNDER
HEAVY FIRING

But Are Maintaining Their Posi-
tion Below Crest of
Carso Plateau.

By Special Wire to the Courier.
Rome, July 27, via Paris, July 28
—The following official statement was issued to-night at the head- quarters of the Italian general staff: "In the Aione valley we now are in full possession of the heights of the abbe slope, having occupied Monte Lavanesh and the Pissona crest. From points dominating the opposite slope the enemy's artillery attempted to hinder our operations, but without success. After a long preparation by artillery of medium calibre the enemy attacked with several detachments of infantry during the night of the 26th. Although supported by numerous machine guns, these troops were repulsed.

"In the Monte Nero region the
struggle continues unabated notwith- standing a fog which prevents the artillery from assisting in the opera- tions.

"Plava the second operation
undertaken to enlarge the bridge head is developing favorably.

"On the Carso plateau the battle
continued yesterday. Our troops ad- vanced along the whole front; with great dash and boldness, conquering towards the left wing a strong position, San Michele, commanding the greatest part of the plateau. After being subjected to a violent cross-fire from the enemy's artillery of all cal- ibres, our forces were obliged to fall back below the crest where they are maintaining their positions."

"On the center we progressed to-
wards San Martino, carrying with the bayonet trenches and a redoubt cov- ering it. On the right wing, by the perfect timing of an infantry advance with the supporting fire of artillery, we completed at nightfall the con- quest of a position on the Bezi driv- ing out inch by inch the enemy who were strongly entrenched there. We made about 5,200 prisoners, including one lieutenant-colonel and 41 other officers. We took five machine guns, two small cannon, trench mortars, quantities of rifles, ammunition, war materials and food as trophies of a day of fierce fighting."

Five hundred Italian reservists will
leave Toronto shortly for the war.

Albert Cooper, a P.M.C.A. officer
from Toronto, was drowned near Minden, Ont.

William Carruthers, a prominent
Montreal grain and navigation man, died in Toronto.
