the evening when the candidates addressed the ratepayers on the questions of the coming year, thanked their supporters and promised to be good and do good in 1904. The matter of fire protection came up again and the council promised to let the people have an opportunity of stating their wishes in that respect this year. Mr. Young, one of the defeated candidates seemed to voice the sentiments of the reople when he affirmed that although fire protection would cost a large sum yet he was perfectly willing to pay \$2 or \$3 a year more instead of being burned out or of having the town partially destroyed.

Americans Said to be Interested in the Works-Will Begin Next Week

The Peterboro' Examiner says:-Some weeks ago the closing down of the Belmont gold mines at Cordova was reported in these columns, and later a despatch from the Examiner's correspondent stated that the village was being slowly deserted. Both of these statements were true. However, to-day the Examiner learned from a reliable source that the mines would, it was believed in the village, begin operations again some time next week. For a short time after the suspension of work it is true that the miners started to leave the village, assurances that the closing was only temporary, and not a permanent on as rumoured, this emigration ceased, and a number who had left the vicinity returned. It is further learned that a quantity of stock of the company, which heretofore was exclusively English, has been purchased by Americans. The statement that the company was financially embarrassed is also denied."

Was the experience Mrs. E. V. Carter of Dansville had with rheuma tism which resisted everything till Nerviline was tried, and it cured. "The only relief I ever got was from rubbing on Nerviline" writes Mrs. Carter. "It penetrated to the very

care of the pain and eased my suffering after a few applications. I have used many rheumatic remedies but none had the soothing, pain subduing power of Nerviline which I recommend highly." Try Nerviline yourself. Good for internal use and excellent to rub on. Price 25c.
