This is to certify that my sister Julia, when at the point of death with, what was pronounced by the first physician to have the black smallpox incurable. In six hours after taking Doctor Loomer's Small Pox Cure the pains ceased, the swelling went down in the tongue and throat so she could speak; she had been blind for three days and speedily recovered. My two children were taken with the same disease one not being vaccinated, they took the remedy when it first showed the spots on the face, and were not sick afterwards. The spots dried in two days without leaving one mark. I was in the house all this time and took the remedy myself and did not take the disease. I believe it is a sure cure and preventative. I therefore recommend it to all.

THEY FATHER CONSUMPTION. Bad coughs, colds and catarrh are responsible for more consumption than is traceable even to heredity. Catarrhous cures more quickly than ordinary remedies because it is the only antiseptic yet discovered that is volatile enough to reach the root of the trouble in remote parts of the lungs and bronchial tubes, and impregnate every particle of the air breathed with its healing, germ-killing vapor. Colds can't last ten minutes, or coughs more than thirty minutes when Catarrh is inhaled. It clears nose, throat and air passages at once, stops dropping, headache, and eradicates catarrh from any part of the system. Two month's treatment, \$1.00; trial size, 25c. Druggists, or N.C. Things in South Africa are settling down as well as might be expected. The British troops are being sent home at the rate of about ten thousand a week. Fifty thousand will be left on the field to maintain the rights of the conquerors. For the most part the feeling of hatred which was evident among the Boers during the war is giving place to respect for the British. The South African republic will become a second Dominion of Canada, without the French element.

OLD MOORE'S BUDGET. Events Next Year is Said to Have in Store for the World. Once more "Old Moore" comes to the front and gives some thrilling prophecies for next year. According to this modern seer, Du-mont will be out-Sautosed, and before the end of the year aerial navigation will have become a substantial reality.

Trade pessimists may find comfort in the highly artistic representation of John Bull and Britannia bowling merrily along in a motor-car loaded with "emblems of wealth," hanging on the back of which is Brother Jonathan, who, says the prophet, "whilst quite content to take a back seat, has made up his mind to travel with Great Britain at all costs."

Germany, left far behind, is crying with rage and disappointment, while a little French poodle representing our cross Channel neighbors is sitting up begging for any crumbs which we can spare.

Briton and Boer are to become the best of friends in South Africa, but Ireland is represented by two cats swaying by their tails from a telegraph wire, and scratching, emblematic of more trouble in the "distressful country."

Indeed the prophet might be said to be quite optimistic were it not that in descending to details he threatens us with many little ills which we could well spare.

A small-pox epidemic in February, for instance, is to "leave a long list of deaths," while a big shipping strike in Liverpool in the month will mean serious inconvenience and loss.

In May we are threatened with a railway disaster in which many lives will be lost, including that of an eminent divine.

Germany must beware of the Ides of June, for a Nihilist plot will in that month threaten the life of "a great person holding the supreme command in the German State." "But," says Old Moore reassuringly, "these villains will be caught and meet the fate they so richly deserve."

August is to see a wholesale poisoning case in the West of England, while in November another fearful fire is to break out in one of our large cities.

We shall finish the year with more trouble in China, the death of "a pillar of the Church," and the announcement of an important marriage between members of two foreign ruling houses, which will cause surprise and disappointment.—London Express.

Nervous Depression and Bodily Weakness. Another Woman Who Has Found Health, Strength and Vigor in the Use of Dr. Chase's Nerve Food.

To women especially Dr. Chase's Nerve Food is proving to be a very great blessing. So many women are weakened and debilitated by overwork, worries or diseases peculiar to their sex, and need the assistance of just such a restorative as this great food cure.

Mrs. M. A. McCrea, Tory Hill, Ont., writes:—"My system was all run down when I began to use Dr. Chase's Nerve Food. I was weak and very nervous and felt so tired and worn out that I could scarcely drag myself about the house. It seemed impossible for me to get rest or sleep at night, and I felt that I was gradually growing weaker and more nervous and irritable. Since beginning the use of Dr. Chase's Nerve Food I feel altogether different. It has gradually strengthened my nerves and built up my system wonderfully. I sleep well now, and am being thoroughly restored to health and strength. I believe it is the best medicine to be had for the nerves."

Dr. Chase's Nerve Food, 50 cents a box, 4 boxes for \$2.50, at all dealers, or Edmanson, Bates & Co., Toronto.

The Living Church makes this quotation from a Connecticut woman's diary, dated 1790: "We had roast pork for dinner, and Dr. S., who carved, held up a rib on his fork and said: "Here, ladies, is what Mother Eve was made of. 'Yes' said Sister Patty, and it's from very much the same kind of a critter."

TOO GREAT A RISK. It is dangerous to neglect a simple case of itching piles as the troubles are likely to become chronic and develop into fatal incurable fistula or cancer of the rectum. A single application of Dr. Chase's Ointment will quickly relieve the itching and burning sensation, and a few boxes will cure any case of piles. This standard ointment has probably relieved more suffering than any preparation you can mention.

At a party one evening a lady was entertaining the assembled company with an account of their first quarrel, and how, after making it up with one another, her husband had plucked a tree in remembrance of it. "If we had only done that," whispered the parson's wife to her husband. "What a splendid avenue we might have had."

People Who Have Used It Say that Dr. Chase's Syrup of Linseed and Turpentine affords wonderfully prompt relief for coughs and colds. Everybody has confidence in Dr. Chase, in his great recipe book and famous family remedies. They have learned by experience that it pays to insist on having Dr. Chase's Syrup of Linseed and Turpentine instead of accepting the various unscientific "mix-ups" which some druggists offer as "just as good."

Dr. Chase's Syrup of Linseed and Turpentine contains many of the most valuable and most effective remedial agents for throat and lung troubles that science has discovered. It acts so directly and promptly as to be of incalculable worth in all cases of croup, bronchitis and whooping cough. It is so far-reaching in its effects as to loosen the tightest chest cough and cure the cold of long standing. 20c a bottle; family size, three times as much. 60c at all dealers, or Edmanson, Bates & Co., Toronto.
