Open for business on Saturday evenings, 7 to 9 o'clock. Opp. Market Square, Chatham.

CHAPTER OF DROWNINGS

Many People in Ontario Found Watery Graves Yesterday

A RECORD FOR ONE DAY

Little Girl Drowned.
Toronto, July 7.—Playing with her kitten on the curb work at the foot of Brock street, little 8-year-old Ariel MacAuley, daughter of Hugh MacAuley, 6 Stewart street, was drowned last night. The kitten walked on a mass of floating debris upon the surface of the water, but it would not hold her weight when she followed it and she sank in 8 feet of water.

Miss Mary McCully Drowned.
Severn Bridge, July 7.—A drowning accident occurred at Sparrow Lake tourist resort yesterday. Miss Mary McCully of Toronto, in company with her brother and sister, went canoeing with a fishing party down the Severn River. Passing through the rapids below the lake their canoe was overturned. The brother and younger sister were rescued by members of the party, but Miss Mary was never seen after the canoe capsized. The body has not yet been found.

Swept to Death in Log Jam.
Parry Sound, July 7.—John McKeown, a young man working on the drive for Sward & Ludgate, was drowned Thursday evening at the grist mill rapids. After running the logs over the dam a jam formed at the foot of the falls. McKeown, before going on the logs, handed his pocketbook to a comrade, and went to the most dangerous part of the jam. The jam was broken, and all the other men got safely ashore except McKeown. Deceased came here from Arnprior, but has relatives in McKellar.

Boy Drowns.
St. Catharines, July 7.—John Flynn, aged 10 years, son of John Flynn, was drowned in the Twelve Mile Creek Thursday night while in bathing with some other boys.

Traveler Drowned.
Quebec, July 7.—The body of a commercial traveler named Elzear Breton was picked up in the water at St. Joseph de Lévis, Breton, who resided in Limolou, left his home on Monday morning. He was a married man with a family.

Killed at Port Arthur.
Toronto, July 7.—Jerry Alton, for many years conductor on the T. & E. branch of the C. P. R., who went west four years ago, has been killed at Port Arthur. He leaves a widow and three children in this city.

Ladder Falls; Fireman Hurt.
Montreal, July 7.—At 2:30 yesterday morning fire did seventy-five thousand dollars damage to premises at 18 Cote street, occupied by Desbarats & Co., engravers. E. F. Poir & Co., bookbinders; Smith & McKeown, shirt manufacturers; Scott & Hayward, printers, and J. E. Haldworth, sporting works. A fireman and a lineman were badly injured by the fall of an extension ladder.

BARRISTER McCAMON KILLED.

Prominent Belleville Citizen Found Dead at Foot of Stairs.
Belleville, July 7.—At 4 o'clock yesterday morning, Police Sergeant Hayes found the dead body of W. J. McCamon, one of Belleville's prominent lawyers and citizens, lying at the foot of a back stairs of the Robert Hayes Block, with his neck broken and face cut. He had been dead some time, as the body was cold.

He left some friends downtown at 11 o'clock to go home, and it is thought went to call on another lawyer in the Robertson Block, and opened the wrong door, falling downstairs.

The deceased was 45 years of age, and for years was a partner of Magistrate Flint; was an ex-alderman, ex-license commissioner, president of the West Hastings Reform Association, secretary of the board of trade, and would have been nominated to contest West Hastings at the next general election. He was also prominent in many societies, including Masons, Ancient Order United Workmen, ex-chancellor Chosen Friends, I.O.O.F., and Odd Fellows. He leaves a widow, but no family.

TRAIN WRECKS DEPOT.

Crowds of Passengers Have a Very Close Call.

Niagara Falls, July 7.—A big freight wreck occurred about 3 o'clock yesterday afternoon at Niagara Falls Station. A heavy freight car came at a good rate of speed from Buffalo and when crossing Third street just east of the depot train shed, the third car on the train mounted the rail at a frog and with seven other cars following plunged into the train shed that was filled with passengers waiting for different trains.

Had not Mr. Weber, city fire commissioner, who was on Third street at the time, promptly cried out a timely warning to the crowd of passengers someone would certainly have met instant death, as the derailed cars plunged in all directions through the shed. The waiting passengers ran in all directions to places of safety from the tumbling cars, that pulled the long train shed roof and supports down almost on the heads of the fleeing passengers. Some of the derailed cars crashed into the northwest wing of the station proper, demolishing the stone wall of the conductors' room.

The hundred or more passengers and train crew escaped without a scratch. Now for several days it is indicated by despatches recording injuries believed to be fatal.

A man's good opinion is cherished by a young woman.

The insolence of some men is apparent in their countenances.

Keep Minard's Liniment in the house.

ALMOST HOPELESS

The Condition of Thousands of Pale, Anemic Girls.

"Almost hopeless is the best way to describe the condition I was in about a year ago," says Miss Mamie Mannett, of Athol, N. S. "My health gradually giving way until I reached a condition when I was sinking into chronic invalidism. I was as white as a sheet, my blood apparently having turned to water. I had no appetite, suffered from headaches and dizziness, who's exertion would leave me breathless, and it appeared that I was going into a decline. I had seen Dr. Williams' Pink Pills highly recommended by the newspapers, and I decided to give them a trial. It was a fortunate day for me when I came to this decision, as the pills have not only restored my health, but have actually made me stronger than ever I was before. I now have a good appetite, a good color, and new energy, and I am satisfied that I owe all this to Dr. Williams' Pink Pills, which I cheerfully recommend to other pale, feeble, ailing girls."

Dr. Williams' Pink Pills quickly cured Miss Mannett, simply because they make the new, rich, red blood which enables the system to throw off disease, and brings robust health and cheerfulness to pale anemic sufferers. Dr. Williams' Pink Pills cure bloodlessness just as surely as food cures hunger, and the new blood which the pills makes braces the nerves and tones and strengthens every organ and every part of the body. That is why these pills strike straight at the root of such common diseases as headaches, dizziness, and backaches, kidney trouble, indigestion, neuralgia, rheumatism, St. Vitus dance, paralysis, and the troubles from which women and growing girls suffer in silence. It has been proved in thousands of cases that Dr. Williams' Pink Pills cure all doctors and all other medicines have failed. But you must get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. All medicine dealers sell these pills or you can get them by mail at 50 cents a box or six boxes for \$2.50 by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

CITY LOSES GOOD CITIZEN

Continued from Page 1.

The Queen City schools invariably lead to, is an indication that his presence in Chatham has had its sure reward.

Notwithstanding his onerous duties at the Collegiate, Mr. Jewitt has found time to make himself a valuable acquisition to the various social and other organizations of the city. In Masonic work he has taken a leading part, being I. P. M. of Wellington Lodge, No. 46, and at present a member of the Masonic Board of Control and also of the Finance Committee.

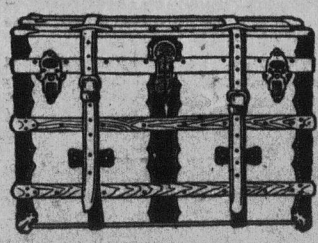

In military affairs Mr. Jewitt has proved himself a capable and at the same time a popular officer of the 24th Regiment, having been Lieutenant of No. 3 Company for several years.

The various literary organizations of the city have enjoyed the benefits of his culture and his geniality. At the Collegiate Mr. Jewitt was for some time a zealous president of the Literary Society, while in 1900 he occupied a similar position in the Macaulay Club. His efforts in different ways have been marked by careful thought and measured by careful dictation and it is safe to say that the members of the latter venerable society will unite in expressing regret at his departure.

That Mr. Jewitt has not been in any sense narrow in his citizenship is attested also by the interest he has taken in many sports. As president of the Collegiate Institute Athletic Society he encouraged the students in every way, and in his year, the County Football trophy was won by the school. He has been a well-known member of the Curling and Bowling Clubs. In bowling Mr. Jewitt has been particularly successful. He is a past president of the Local Lawn Bowling Club, and last year he was honored with the Vice-Presidency of the Western Bowling Association. In the various tournaments throughout the west he has won no little fame, his rank having on two successive occasions captured the von Gunten trophy, while in 1904 he captured the prize in the local singles tournament open to all comers.

Mr. Jewitt is long remembered by the people of Chatham, not only as a capable and earnest teacher, but as a cultured gentleman and progressive citizen, and The Planet feels sure that all classes will unite in wishing him every success in his new sphere of labor.

While Mr. Jewitt will not remove to Toronto till the latter part of the holidays, The Planet also takes this opportunity of extending to him and Mrs. Jewitt and Miss Margaret and Miss Gertrude continued happiness and pleasant associations in their new home in the Queen City.

WILL RISE IN REVOLT

The Peasant Workmen of Russia are Waiting for the Word

REVISION OF THE BUDGET

St. Petersburg, July 7.—During the debate in the lower House of Parliament yesterday, on the Blyatsk report, an orthodox priest, Father Aramias, member from the Don Province, fiercely denounced the policy of the Government.

The debate on the Blyatsk report was adjourned until Monday to permit the consideration of the Ministry's bill appropriating \$25,000,000 for famine relief, which developed the sensation of the day.

Parliament's Right.
Prof. Hertzstein, chairman of the committee which reported the bill, revealed the important fact that M. Kovvovoff, the Finance Minister who had appeared before the committee, made no effort to conceal the desperate financial straits of the Government. The Finance Minister said it was necessary to make a fresh loan to cover the famine relief.

Prof. Hertzstein said this was exactly where the committee took issue with the Ministry. Parliament, he added, was in favor of a famine relief measure, and would give more money if necessary, but it would never agree to a new loan, for which in reality there was no necessity. The budget was filled with extravagant items and money could be found by revising the budget. This method, the committee proposed, should be coupled with the provision that the right to make such revision belonged to Parliament and not to the Ministry.

The Lower House of Parliament finally appropriated \$7,500,000 to be disbursed by the administration for famine relief. This was epochal as the first recognition of the Cabinet by Parliament, and the first step in joint work.

Prepared for Armed Uprising.
In accordance with the decision of the peasant-workmen's congress at Helmsfors, commissaries have been dispatched throughout Russia, to instruct the peasant and proletarian organizations to continue their preparations for an armed uprising, but to await the signal from St. Petersburg.

Rising occurred yesterday among the employees of the Government printing offices, where the plates for the paper currency are engraved and printed. The men left their work and went into the court-yard of the building, singing the "Marseillaise." Generals and Cossacks were summoned and drove back the demonstrators into the building, where, after some parleying, they returned to work.

Interior Minister Stolypin has removed Gen. Kourloff, the Governor of Minsk.

Cossacks Killed.
Berlin, July 7.—A despatch to The Lokal Anzeiger, from Kattowitz, Prussian Silesia, says that at 2:15 p.m. yesterday twenty-five Cossacks surrounded a lime kiln at Mischow, in the province of Silesia, Russian Poland, on information that it was being used for the manufacture of bombs. As the Cossacks were forcing their way in a terrific explosion blew the kiln to pieces. Eight Cossacks were killed and five were wounded.

Police in Dread Resign.
Warsaw, July 7.—The reign of crime and terrorism is so great here that the police have decided to resign. The Governor-General, when apprised of the decision of the police to resign, threatened to arrest and punish those who failed to appear for duty.

Mutiny Ended.
Batumi, July 7.—The mutiny of troops here has ended. The ringleaders escaped, whereupon their followers yielded, and are confined in the fortress.

THE WORLD IS SMALL.

Tab On Anarchist Who Meant to Take Kaiser's Life.

Altona, Prussia, July 7.—An alleged Anarchist, named Rosenberg, who is reported to have left Seattle, Wash., for Germany recently, was arrested here yesterday.

London, July 7.—The alleged Anarchist arrested at Altona, Prussia, is named August Rosenberg, and he is credited with having designs on the life of Emperor William.

New York, July 7.—A despatch from Seattle on July 3 reported that the police of that city had found a plant for making bombs and infernal machines in Rosenberg's house. Rosenberg left Seattle for Hamburg, Germany, on May 1.

Great Empire Convention.
London, July 7.—(C. A. P.)—With a couple of receptions the program of the Chambers of Commerce of the empire begins to-day. Altogether 250 representatives of the colonies are now here, Canada sending the largest quota. Business proceedings open on Tuesday morning. On Friday thirty delegates will be presented to the King, four to be chosen by Canadians. The program of business entertainment will occupy three weeks, including the provincial tour.

Taught the Jap Army.
Berlin, July 7.—Major-General Meckel, formerly professor of military tactics in Japan, died yesterday. He went to Japan in 1885, stayed there three years, reorganized the Japanese army and wrote a book on tactics. Field Marshal Oyama, after the battle of Mukden, telegraphed to Gen. Meckel, ascribing his success to Meckel's instructions.

The Buchanan Centenary.
St. Andrew's, Scotland, July 7.—Yesterday at the University of St. Andrew's the quarter centenary of George Buchanan, Scottish scholar, historian and poet, is being celebrated. To-day there will be a garden party, at which further tributes will be offered to the memory of the great apostle of liberty and typical Scotoman.
