

TOWNSHIPS OCCUPIED.

Veterans Take Advantage of Government's Land Grants.

Toronto, Nov. 19.—The three townships in the district of Algoma, Carnegie, Hoyle and Murphy, which were set aside a short time ago for occupation under the land grants to veterans, have been entirely taken up to the number of 440.

The other three townships in Rainy River, Hartman, Revell and Buckle, set aside at the same time, are also nearly fully allotted, and applications are coming in so rapidly that a few days will fill them likewise.

The appropriation of \$50,000 for the redemption of land grant certificates having been exhausted, an interim appropriation of \$25,000 has been made, and this also is well on the way to being exhausted.

A QUESTION OFTEN ASKED.

Why do so many people feel worse after taking pills than before? Trouble is that drastic pills are used. No remedial action is obtained, the bowels are irritated and dreadful constipation follows. In using Dr. Hamilton's Pills you are scarcely conscious of having taken medicine. Although very mild, Dr. Hamilton's Pills do regulate the bowels, stimulate normal action of the glands, and create neither nausea, griping or violent action. Positively guaranteed for biliousness, indigestion, stomach, liver and kidney ills. For a safe family pill rely on Dr. Hamilton's. 25c. per box at all dealers.

Prisoner Jumps From Train.

North Bay, Nov. 19.—Donald Ford, arrested for bigamy, whilst being conveyed from Montreal to Brandon, in the custody of Constable Brownlie of the Manitoba police, regained his liberty by jumping from C.P.R. train No. 1 Saturday night, just after leaving North Bay.

PROMINENT MANUFACTURER SPEAKS.

In Vanleek Hill, Ont., no one is better known than Geo. S. Watson. When he says "Cattarrh is a real cure," depend on it being so. "My wife," he writes, "was subject to bad attacks of throat irritation and bronchitis. Many remedies were tried, but few proved at all useful. Cattarrh was different. It seemed to get right at the sore spots and brought relief quickly. We have found Cattarrh an absolute cure for bronchitis and catarrh. Nothing cures more quickly, so get it to-day, two sizes, 25c. and \$1 at all dealers.

Ontario Bank Commission. Toronto, Nov. 19.—The commission to go to New York in connection with the Ontario Bank enquiry will consist of Crown Attorney Corley, Frank Arnold, K.C., and Robert McKay, counsel for McGill. They leave in ten days to examine the accounts.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FORCIBLE FACTS.

One-sixth of the deaths from disease are due to consumption. Ninety-eight per cent. of all those who have used Dr. Pierce's Golden Medical Discovery for "weak lungs," have been perfectly and permanently cured. Cornelius McCawley, of Leechburg, Armstrong Co., Pa., had in all eighty-one hemorrhages. He says: "My doctor did all he could for me but could not stop the hemorrhages, and all gave me up to die with consumption." What doctors could not do "Golden Medical Discovery" did. It stopped the hemorrhages and cured their cause. This is one case out of thousands. Investigate the facts. Free! Dr. Pierce's great work, The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay cost of mailing and customs. Send 31 one-cent stamps for paper-covered book, of 50 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

VOGUE POINTS.

Smart Trimmings For Fall Gowns. Black and Yellow Combination. Stitched bands trim many of the smartest new suits. They are applied straight or are put on in fanciful designs. Tiny bands trimmed with buttons are another favorite adornment.

Embroidered buttons appear on a number of stunning gowns, and a suspension of beadwork beautifies many an otherwise plain costume.

Black and yellow is one of the new combinations of the season. It is not

SLEEVE MODELS.

likely to be as generally becoming as the more tried and popular black and white mangle effect.

Shawl effects in wraps are very smart. Natty little capes and more ambitious larger wraps built along these lines are much in evidence. Long and voluminous circular capes, boasting hoods lined with silk, are going to be the modish theater cloak of the winter.

The theater hats introduced in Paris last spring by an ultra smart duchess have found their way to this side of the water. They are nothing more than a suspicion of chiffon or tulle tricked out with an ostrich feather or a pretty arrangement of roses and velvet ribbon loops. Sometimes these hat headpieces consist of all three materials.

The cut shows a smart group of sleeve models designed for autumn costumes. The epaulet effect is very new, and the cape under drapery is an old idea revived. JUDIC CHOLLET.

GLIMPSES OF THE MODE.

New Accordion Plaited Skirt—Corded Belts—A Smart Coat Trimming.

Accordion plaited skirts are a novelty of the season. We have been wearing skirts of this description for some time, but the new models are more like knife plunging laid rather shallow, and the skirt is not so full.

Wide corded belts are very fashionable fastened with handsome buckles of antique or new art designs.

One of the newest shapes is an English walking hat with velvet crushed

A SILK BLOUSE.

frill on a low crown and plumes falling back over the hair. Crushed roses are placed under the brim at the back.

A smart coat trimming is the simulated hood effect, which is accomplished by a shaped drapery at the back of the coat, terminating in a little shallow hood and tassel.

The new hand bag is of suede leather exactly the shape of an opera bag. The leather matches the gown with which it is worn. It is hung from a chain of leather and turquoise.

Some felt hats are seen in two toned effects, the crown matching the upper side, or, again, a white felt hat will be combined with a colored brim.

Theater hats, it is predicted, will be very small—more of a resemblance to a headress than actual hats. Many of them are without crowns and are, in fact, merely decorated bandeaus. There is often a trimming of tulle to match the hair.

The blouse illustrated is a pretty little model carried out in coin dotted silk. The gimpes and stitched straps are of plain silk. Small buttons and simulated buttonholes are the adornments. JUDIC CHOLLET.

The Use of Rouge.

If a suggestion of rouge makes you look younger and brighter there's no particular law against your using it. The only trouble with things of this sort is that after a time a woman becomes careless and uses her makeup too freely, after which she may expect all sorts of unkind criticisms from all beholders.—Exchange.

EVER HAVE CRAMPS?

Kind of fierce to be tied up in a knot at midnight with cramps. Keep Nerviline handy. Ten drops quiet cramps in a minute. Used occasionally Nerviline prevents this trouble entirely. From Stratford, Ont., Wm. Dee writes: "Nothing I know of will give such quick relief to cramps, colic or pain in the stomach as Nerviline. If you feel queasy or sick, just ten drops of Nerviline in water and you're well next minute." Think of the protection and comfort contained in a 25c. bottle of Nerviline, and get it to-day.

Rest and Comfort For the Kidneys.

If your kidneys are all inflamed—if there are sharp, shooting pains in the small of the back and dull ache through the hips—if there is a constant desire to urinate—if the urine is hot and scalding—if the head aches and specks float before the eyes—you can't imagine what relief there is for you in

All Around the Clock.

"Grandpa says his stay in the mountains last summer did him no good. His room was right off the piazza, and people made love under his window until all hours."

"But couldn't he sleep after the lovers went to bed?"

"No; as soon as the lovers went to bed the children got up."

GOT A PAIN IN YOUR BACK?

You get a pain in your back, and you wonder what is the matter. You perhaps pay no attention to it. Backache is caused by imperfect action of the kidneys, in fact, is the first sign of kidney trouble to follow.

The kidneys, proper, are composed of a close network of fibrous tissue, interlaced with tiny elastic fibres. Their object is the excretion of the uric acid, and other poisonous matter composing the urine, from the blood.

They are continuously at work to preserve the general health of the body and most people are troubled with some form of kidney trouble, but do not suspect it.

Some of the symptoms are: A feeling of weakness in the small of the back, sharp pains in back, puffiness under the eyes, and swelling of the feet and ankles, urinary troubles such as suppressed urination, excessive urination, cloudy, thick or highly colored urine, etc.

Mr. J. L. Whiting, Oshawa, Ont., writes: "I suffered for two years with kidney trouble. I had terrible pains in my back, hips and legs. I could not sleep and had a poor appetite. I took four boxes of Doan's Kidney Pills, and the pains left me, my appetite returned and I now sleep well. I can recommend Doan's Kidney Pills to anyone suffering from kidney trouble."

Doan's Kidney Pills are 50 cents per box or 3 boxes for \$1.50 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

PICTURE HANGING.

The Best Treatment For Artistic and Pleasing Effects.

At this season of the year, when we are all busy arranging our rooms for the winter, one of the most important details connected with their decoration is one frequently treated very casually by the ordinary housewife. This is the hanging and arrangement of pictures. These form one of the best ornaments for a room if properly arranged, yet in the majority of cases, unless they chance to belong to a valuable collection, which requires and receives the attention of skilled and artistic hands, they are treated in a most haphazard fashion, either skied or hung in the most impossible positions, according to what the housekeeper imagines is needed by the last novelty in wall decoration. Now, there is a vast difference in the effect of pictures well and skillfully hung.

To begin with, no picture looks its best when hung directly opposite to a window, as then the light falls in the flat and hard; therefore, the least important should be kept for this position. Of course it is impossible to give strict directions as to the hanging of pictures without seeing them and the space they are to occupy, for so much depends on the room, its size and its position. There are, however, certain rules which cannot be transgressed with impunity. Of these the first regards the height at which the pictures should be hung. They should always be on a line with the eye, at which point they can be easily and pleasantly seen, and if possible their bases should be at one level and perfectly straight.

Next, pictures and prints should not be hung too close to each other, for not only do the colors clash, in the first case, but the different designs of the frames produce an equally discordant effect. If possible small pictures should be fastened to the wall, not hung by a cord, nor allowed to tilt forward at an angle, as this arrangement throws the frames out of the line of the wall. It is scarcely necessary to say that oil paintings and water colors should not be hung side by side. The former are considered most suitable for the dining room, library or hall; the latter for the drawing room, while prints and engravings may be hung where you please as long as they are not hung side by side with oil or water colors. A small hall hung with plain tinted paper is very suitable for engravings, but remember that no picture looks its best if hung against a patterned background unless the pattern be an indefinite one of tints of the same color.

How Gowns are Created.

"How is your gown created? I might as well ask an empire maker how he creates an empire or a poet how he makes a poem. There are a thousand ways. Let me note down here a historic incident. It occurred only a few months ago, but it can never be omitted in any history of our art. The Countess de Greffuhl wanted a gown to wear at her daughter's wedding. She went to Callot Souers.

"It must be something," she said, "something—not a mere gown—something that is a mother's pride and glory and as well her anguish at parting with a beloved daughter even to the best of men—it must be something."

"She walked the floor. The artist's eye was upon her. There was something somber, tragic, awful, in this great lady as she went to and fro in an agony of doubt, of apprehension, of indecision. It reminded him—the artist told me—of some great empire thronged round with fiery foes. And he cried aloud, 'Byzance!'

"Not for a moment did the countess think he was mad. She saw the light of genius in his eyes. She comprehended."

"He had created the Byzantine gown. And yet did he create it? At all events, she collaborated. And so gowns are made."—Woman's Home Companion.

The Aleutian Islands.

Until the time of Peter the Great the Aleutian Islands were unknown. The famous Russian monarch, consumed with curiosity as to the distance between Asia and America, started, in 1725, the first of the expeditions that at last revealed those haunts of the bear, the beaver, the ermine and the seal. But Captain Cook told more about the islands than did all the Russian explorers before him.

CONSTIPATION CLOGS THE BOWELS

No other cause produces so much sickness as constipation, and therefore it is dangerous to allow the bowels to become clogged up. Bad blood, dyspepsia, headaches, biliousness, boils, pimples, and piles, are all caused by constipation.

Avoid all of these troubles by the use of

BURDOCK BLOOD BITTERS,

nature's remedy for all diseases of the stomach, bowels and blood. It acts on the bowels and promotes their free and regular action, curing constipation and all troubles which arise from it. It has been on the market for over thirty years so you are not using a new and untried remedy. B.B.B. has cured thousands of others and will cure you. Mr. B. Woodcock, Nashua, Bridge, N.S., writes: "For over two years my wife was troubled with constipation. She tried several physicians but could get no relief, but after taking three bottles of Burdock Blood Bitters she was completely cured and is to-day in good health. My wife and I cannot speak too highly of B.B.B."

His Name.

An unpopular man who was refused membership in a certain aristocratic club had the audacity to write to the club secretary demanding the name of the man who blackballed him.
