HEAVY HEADAUHE FOR FOUR YEARS

But Dodd's Dyspepsia Tablets Cured It-They Are Known By Their Works All Over Canada,

"By their works ye shall know them," and if you know Dodd's Dys-pepsia "Lablets by their works you must admit they are the greatest comfort producers of the present age. Here is some of their work. Mrs. A. Waddell, of 34 Simcoe street, Hamilton says.

A. Waddell, of 34 Simcoe street, Hamilton, says:
"I was troubled with heavy headache for four years caused by Dyspepsia. I doctored with the best doctors, but they failed to help me. I got one box of Dodd's Dyspepsia Tablets and after taking part of them I found I was cured. I can now eat in the morning; before I could not eat a bie."

Thousands of other Canadians relate similar experiences. In fact

late similar experiences. In fact everybody who has used Dodd's Dys-pepsia Tablets tells the same story —Indigestion and Dyspepsia cannot live in the same body with them.

Sir Henry Irving was the first actor to make slenderness acceptable or tol-erable on the English stage. He was very thin in his earlier middle age, and theater goers of that day wondered whether they could endure to see a long figure and legs, both unpadded. Until then fatness had been obligatory. It is difficult to realize now the full convention of chest and shoulders and calves. Comparatively lately a man of stage experience was urgent with a company of English amateurs that all the thin women and all the lean men should be made plump. "Nothing," he said, "is so impossible on the stage as thinness." Irving changed all this because his genius was wedded to uncompromising thinness.

CROUP IS DEADLY.

It must be stopped quickly. Nothing so sure as Nerviline. Give it internally, and rub it on chest and throat — croup soon vanishes. No doctor can write a more efficient prescription than Polson's Nerviline, which reaches the trouble and cures quickly. The marvelous power of Nerviline will surprise you; it's the best household remedy for coughs, colds, sore chest, croup, and internal pain of every kind. Large bottles have been sold by all dealers for nearly fifty years at 25c.

Dies Aged 100 Years.

Port Hope, Jan. 17.—The death of Mrs. Helen Kyle, aged 100 years oc curred yesterday morning at the resi-dence of her daughter, Mrs. James Craick, King street, Until she became ill four months ago she was most ac tive in both body and mind. She was born in Dysort, Scotland, in 1806.

Sandwich, Jan. 17.—James Scikirk has been elected warden of Essex County after one of the hottest fights eyer wilmessed in the county.

MORE DEADLY THAN FAMINE. Neglected catarrh sooner or later Neglected catarrh sooner or later causes consumption, which destroys more human beings than famine and war combined. The way "Catarrhozone" cures catarrh is very simple; it first kills the germs that cause the, irritation; then by soothing away the congestion and inflammation it cures the discharge, hawking and dropping in the throat. "I suffered so continually from nasal catarrh," writes Ernest R. Dakin, of Rosemont, "that I scarcely knew what it was to be free from head-ache and pain over the eyes. Catarrhozone relieved me at once and made ozone relieved me at once and made a thorough cure." No other remedy cures like Catarrhozone—try it for your next cold.

Father and Daughter Burned. Kingston, Jan. 17.—Monday night a lamp exploded, and Charles Givens, Beverley street, was burned. Miss Givens tried to suppress the fames when her clothing caught. Mr. Givens

pulled the clothing from his daughter and then with his coat put out the fire. Miss Givens' head, chest and neck were scorchad. NOT SLEEPING WELL. Without sleep there can be no bod-ily or mental vigor, consequently sleeplessness in a dangerous condi-tion. Nothing so surely restores sleep as Ferrozone; it's harmless -sleep as Ferrozone; it's harmless—just a nourishing, strengthening tonio. Ferrozone vitalizes every part of the body, makes the nerves hardy, completely rebuilds the system. The cause of sleeplessness is removed—health is restored—you can work, eat, sleep—feel like new after using Ferrozone. Don't put off—Ferrozone costs 50c. per box at all dealers; get it to-day.

Philippine Tariff Bill Passes. Philippine Tariff Bill Passes.

Washington, D. C., Jan. 17.—The Philippine tariff bill passed by the House yesterday, substantially as it came from the ways and means committee. The vote was 258 to 71. The bill admits goods, the growth or product of the Philippines Islands, into the United States free of duty, except sugar, tobacco and rice, on which a tariff of 25 per cent. of the Dingley rates is levied.

VANITY'S VISIONS. Lace Beautified In a Number of Mod-

ish Ways—Gauze Ribbon.

A charming effect is gained by dotting lace flounces used on dressy toi-lets with velvet bows. Sometimes they are large, stiff affairs put on at wide intervals, and again they are cute lit tle bows or rosettes spaced far or near together, according to the design.

A pretty conceit when wide lace is used as a dress trimming is to outline the central motifs with a frill of col ored silk. This treatment accentuates the pattern and adds a bit of color. Some of the expensive shops are dis-playing laces run all over with shaded

ribbons of tiny baby width. Wide gauze ribbon is employed as a band trimming on many smart gowns.

PRUNELLA CLOTH GOWN

These bands are headed top and bot tom with a quilling of black velvet rib-

Feather hats are universally become ing, and there is a new one that looks exactly like ermine. It is composed of white breasts studded with small black feathers just far enough apart to look

like the royal fur.

Feathers are seen everywhere, around the fashionable woman's neck, on her hat and applied as bands on her dress skirts. There are feather fringes, feather cloth and feather rosettes to be purchased.

The frock illustrated is of mauve prunella cloth. The style is of the modfied empire. About the skirt is a design worked out in velvet of a darker shade. This velvet forms the short waisted belt and pompadour bow fastened with a dull gold buckle. The natty vest is of crushed raspberry silk. JUDIC CHOLLET.

CHIC STYLES.

All Tints of Dahlia Popular - Stun-hing Evening Hats.

Dahlia in all the warm tints is smart this season. A pretty gown is of broadcloth in this rich, warm shade. The skirt, a walking length, has fans set in at the knees to give the fashionable fullness. The trimming at the bottom consists of two rows of fancy black soutache braid. The jacket is one of the new French models that are a sort of bolero with short basques.
The back has a loose overlanging
jacket trimmed with braid. Dahlia
panne velvet forms a waistcoat outlined with a galloon, combining shades this suit is a toque of dahlia velvet adorned at the sides with small roses in mauves and old rose.

Evening hats are stunning made of tulle wrapped around a wire frame.

POWDER PUFF HANDKERCHIEF. Tips, silver and gold flowers and por pons are used as ornamentation dainty white picture hat is of fine beaver simply trimmed with a band of gold braid tied in a tiny bow at one side. The chicness of this chapeau is to be found in its graceful lines.

There is a new velvet called etienne. It is much like panne velvet, but is a trifle heavier.

The illustration shows a handkerchief

powder puff—a French notion—made of a tiny lace edged mouchoir. A circle is formed in the center of the handkerchief of an extra piece of fine linen hemmed down. A running is made through which is drawn fine elastic in-to the shape of a bag. A little powder and a tiny puff inclosed in this bag complete the handy little secret. JUDIC CHOLLET

DYNAMITE FOR THE CZAR.

Wired to Ensure His Destruction at Blessing of the Waters.

New York, Jan. 16.—A St. Petersburg despatch to The World says that for fear of an attempt on his life the Czar will not come to St. Petersburg from Tsarskoe-Selo next Friday to take part in the annual ceremony of "blessing the waters" at the festival of the Epinhamy.

A quantity of dynamite, packed in two large boxes, was found yesterday hidden under the snow at the point where the Neva River is joined by the Ustiscora River.

In the boxes were electric batteries

and ingenious contrivances to cause an explosion whose foree would have been disastrous for a short distance. Short wires ran in three directions from the

The Moba In Servia. Servian peasants help each other by neans of an institution known as the moba. A man who has not hands sufficient to plow or reap his farm calls in the moba-that is to say, invites all his neighbors to come and help him. He pays nothing for this service, providing only generous supplies of food and drink; but when any of them ap-ply for the mobalit is understood that he will take his turn.

CHAMBERLAIN'S COUGH REMEDY THE BEST MADE.

"In my opinion Chamberlain's Cough Remedy is the best made for solds," says Mrs. Oora Walker, of Perterville, California. There is no doubt about its being the best. No other will oure a cold so quickly. No ether is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by all druggists.

DISTRICT DOINGS WEARY DAYS AND SLEEPLESS NIGHTS

Many men and women toss night after night upon sleepless beds until near dawn. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Worry or disease has so debilitated and irritated the nervous system that it cannot be quieted. Or, again, you have heart palpation and sensation of sinking, a feeling you are going to die; or perhaps you wake up from your sleep feeling as though you were about to choke or smother, and rest leaves you for the night. Allow these conditions to continue and you will feel your health declining.

It is the nerves and heart that are not catting properly.

They can be set right by the use of

MILBURN'S HEART AND NERVE PILLS
