Gloucester County Court  
Opened on Tuesday.

## ONLY ONE CASE.

Which was Speedily Dis-  
missed.—Personal and  
Other Items.

The July Session of the County Court opened on Tuesday, July 12th Judge Wilkinson presiding. The case against the young men charged with intimidation was allowed to drop as the complainant in the action refused to prosecute further; consequently the indictment did not go before the Grand Jury. The prisoners were discharged with a warning. There being no other criminal cases before the Court the Grand Jury was discharged at noon.

The net proceeds held in the Village last week were \$1,251. The election contest alone brought in \$7.16. The general results as can well be imagined were entirely satisfactory to the promoters of the enterprise who might well feel proud of their great success. The weather was ideal throughout and the music furnished by the Citizens' Band of Chatham, proved a great drawing card on the second evening when a very large number was present and donated liberally towards the election funds of the respective candidates. The result of the poll at 7:30 p. m. on the closing night of the election contest was 72 votes of a majority in Miss Melanson's favour, and a half hour later Miss Melanson's majority came up to 162 votes. The blind ballot was then continued for one more half hour when the final result showed Miss Melanson to have gathered in all \$406.35 and Miss Wilbur \$313.25; or in votes Miss Melanson polled 8087 and Miss Wilbur 6267, a majority for Miss Melanson of 1820 votes. Both young ladies were tendered a vote of thanks and each were presented with a handsome and costly pearl earring before leaving the grounds.

Sister Mary Seraphia of the Sacred Heart Convent, Yarmouth, N. S., daughter of J. S. Hachey, is stopping at the town Convent and will spend her vacation amidst her relatives and friends.

Miss Ethel Baldwin, a graduate of the Carney Hospital, Boston, is home enjoying a much needed rest.

Mr. F. Curran was in St. John this week.

Mr. H. White, of the "White House" went to Moncton Tuesday.

Messrs Sumner & Co's mill is closed down for the week, caused from a broken shaft.

Mr. W. J. Kent is confined to his house this week.

Mr. Edmund White is home from New York spending his annual holidays with his relatives and friends.

On Thursday of last week Mr. and Mrs. W. A. Cragg stopped at Bathurst for a day on their way to Dalhousie, after a wedding tour through the Provinces. Their many friends here were glad of the opportunity to felicitate the newly married couple.

On Monday night, July 12th, the grand Melodrama, Roanoke, will be presented at the Legere Opera by the Sheeley & Young Opera Co. An excellent cast will present the play here including Miss Marie Nelson.

It is reported here that the Adams waters, including Pabineau Cottage one of the most popular known fishing waters of the North Shore, has become the property of a Toronto Syndicate.

## BALMORAL.

Ovide Savoy, of Chatham, N. B., fell from the steeple of the Church on Wednesday, July 6th and was killed. Drs Rowley and Doucet, of Dalhousie were sent for but too late to do anything to save his life as he had expired a few minutes before the doctors arrived.

He fell a distance of 87 feet from where he was working on the new Church to the ground below. After a few minutes he regained consciousness and Father Wheten, who was present, administered the rites of the R. C. Church to which he (Savoy) belonged, and in about one and half hours afterwards he expired. It was a grand miracle that after having fallen a distance of 87 feet to the hard ground below he gained sufficient strength of body and mind to talk to friends around him and to prepare himself for death with Father Wheten, who remained with him till he died. The remains were taken by train to Chatham, accompanied by Father Wheten, Messrs Joseph Fordy, Nelson, Bernard and Amable LePage, on Thursday morning where they were interred in the R. C. cemetery there on the following morning.

Much sympathy is felt here for the young man's mother, father, brothers and sisters in their sadness.

Rev. Father Wheten was in Campbellton on Monday and returned Tuesday morning.

Messrs James Parent, Elide Allard, Eleazar Chanand and Thos W Roberts were in Dalhousie on Saturday on business connected with the Highway Road.

Mr. John J. Arsenau and Philippe LeBlanc are planting posts for the erection of a wire fence which they purchased from Mr. James Hynes of Shannouale.

Mr. Nicholas Savoy left here Monday evening for Plymouth, Mass., where he has gone with a fine young mare for a carriage, boat for some gentleman there, which he bought from William Bernard of Balmoral at a very handsome figure.

The Bazaar in Balmoral will begin on Tuesday, July 19th, and great preparations are being made for the same. Teams will meet people at Bel River Crossing and convey them to the church grounds where amusements, games, etc., will be going on. Meals will be served and a good time will be given to all who attend.

Mr. and Mrs. Harvey LeBlanc spent Sunday in Balmoral visiting friends. The Highway Comrs. have all completed their work and have made good road for the amount of money spent.

## STORIES OF THE TOWN.

How a Toronto Bandman Had His Fun and Highballs—Now It's Time to Be Drowned.

This is a story of highballs—not those that delight the festive fan nor yet those drives that provoke joy and despair on the football field—but rather those alluring decoctions that one man behind the polished mahogany some times deals out to the soul at a price.

Incidentally it is the story of an innocent Canadian's introduction to the treacherous mixture by a jolly crowd of his Yankee friends, and the startling results. J. A. Richardson, the Canadian general agent of the Wabash Railroad system, has his headquarters at Toronto. Once or twice a year he runs into headquarters at St. Louis just for a day. Mr. Richardson is roundly out of his twentieth year with the company, and among all the high officials in the company's big building in the Missouri metropolis he is generally known as "J. A. C. Crane, the general passenger agent, is one of the good fellows of that section, and is common with many of that type loses no opportunity to get a laugh out of life between handling the affairs of their respective companies. When Mr. Crane and Richardson were on their way to lunch during one of "J. A.'s" annual visits Mr. Crane suggested that a highball was the proper appetizer.

"A highball, indeed, and what is that, something to eat or wear?" inquired the Canadian from Canada.

"This was too much—a full grown man in Missouri and did not know what a highball was. The joke was too good for Mr. Crane to enjoy alone. He would keep for himself the pleasure of introducing the party to the seductive fluid and then he would pass it around. After the artist had thrown together many a drink, Richardson was on their way to lunch during one of "J. A.'s" annual visits Mr. Crane suggested that a highball was the proper appetizer.

## Thieves and Bibles.

Bibles are said by detectives to be more rarely stolen than any other objects. This is not because Bibles are worthless to a thief, but because few criminals are sufficiently depraved to steal the good book. A detective said recently that in an important case which he had followed up some years ago a thief had entered the house, stolen some valuable jewels and left untouched a Bible bound in white chicken skin and studded with pearls.

The detective caught the thief, and the man who had been robbed, a dealer in curios, visited his despoiler in jail, took an interest in him because he had not taken the Bible and eventually reformed him and got him a good job.

"I know," the thief said, "that if I took that Bible it would do me harm and if I didn't take it it might do me good. I let it alone, and now, thank heaven, I'm an honest and a righteous man."

The detective added that in another case where a thief had stolen a Bible the book had been taken, "Another thing few thieves will take," he added, "is a child's savings bank."

The Useful Sundew.

It is a common joke to call inferior cigars "cabbage leaves," but as a matter of fact, some very good "wends" are made from the leaves of the sundew. These leaves can also be smoked in the place of tobacco, forming quite a palatable substitute.

The stalks and leaves make excellent food for various animals, while the former can also be employed as fuel. Sundew cake is made from the seeds of this useful plant after the oil has been extracted, this oil being very nearly equal to olive oil and used in cooking. The seeds not only serve as food for cattle; they are mashed and kneaded into bread by the poor peasants of certain parts of Russia, and they find it very palatable.

Potash is obtained from the ash of the stalks. The proportion is about one-third of potash to the total ash left after burning. A yellow dye is made from the flower of the plant. The fiber can be worked into a silk material.

## When Two Rainbows Are Seen.

When two rainbows are sometimes seen at once, one outside the other, the inner or primary bow, as it is called, is always the brighter, and the red band of color is always on its outside.

The outer or secondary bow is much fainter in color, and the red band is always on the inside. This is because in the primary bow the sun's rays are only reflected once, while in the secondary bow they are reflected twice, which makes them fainter in color and turns them upside down. In one rainbow we see the rays of the sun entering the raindrops at the top and reflected to the eye from the bottom, while in the other we see the rays entering the raindrops at the bottom and reflected from the top, whence they reach the eye.

The Veil in Persia.

J. D. Reed, a lecturer on Persia, says that the veils worn by Persian ladies are more of a privilege than a punishment. Screened behind it woman may walk wherever she pleases, and even her own husband dare not question her movements. Doubtless many Persian ladies make the most of their opportunities. The Persians, as a rule, do not think it right to take wine, but as nearly all their poetry is in praise of the drowsy bowl it will be inferred that they frequently do violence to their conscience. Occasionally, however, they are seized with remorse, whereupon they destroy the wine of their Armenian neighbors.

Favoring Wives and Daughters.

They have a curious way of utilizing wives and daughters in some parts of India. If a man wants money he puts these members of his establishment in pawns, and his creditor detains them until the debt is discharged. The custom varies in different localities. In Mallore the Yarnalis pledge their daughters to creditors who may either marry them or give them away, and a man who has to go to jail deposits his wife with another family of her tribe until his return. In North Arcot unmarried daughters are frequently mortgaged and become the absolute property of the holder until liquidation.

## Many Readings For Infants.

He proposed, conjointly with his father and brother, to blast the stone as the most expeditious mode of gaining access to her arcanes, and this in the open daylight, in order that any tuteary protection she might be disposed to extend to her favorite haunt might, as she was a thing of darkness and night, be effectually counteracted.—Extract From Child's Fairy Book.
