L. BLACK & CO'S Spheroidal Spectacles

AND
EYE GLASSES

ARE the best for the preservation of
the sight, and took the medal at the
Centennial Exhibition.

The lenses are made of the best ma-
terial, uniform in density, and of high
refractive power, their perfect polish
and spheroidal shape adapt them to ease
and improve the sight of the wearer.

The eye being the most delicate or-
gan, great care should be exercised in
selecting spectacles; it is not enough
that the glass be of the right focus, but
the lenses must be perfectly centered
and in many cases perfect relief is only
given by having each eye fitted separa-
tely. To effect this the lenses are made
interchangeable, and having an Opto-
meter to measure the sight, a perfect
fit is guaranteed.

Call and examine before purchasing
any other kind.

A full stock in Steel, Rubber, and
Gold Frames and prices to suit all
pockets.
