TROUBLE IN MEXICO

On the 6th instant a bloody battle was fought near Casa-Grandes, Mexico, between the revolutionary and federal troops. The latter lost 200 men and the revolutionists 100. The Federals, opportunely reinforced, won among the killed and captured being sixteen and seventeen Americans respectively. The revolutionists were personally commanded by their provisional president, Francisco I. Madero, who displayed great bravery. Madero is receiving reinforcements, and the Government troops are in great danger. Large areas of northern Mexico are in Madero's control, the revolution appearing to be more and more successful.

20,000 American troops have been ordered to the Mexican border and it is thought that in order to protect the vast investments of American capital there, the U. S. government intends to invade Mexico to uphold the present Mexican Administration. Two gunboats have been dispatched to patrol the Mexican coast. Some say that Japan is financing the revolution in order to secure Magdalena Bay, a fine harbor on the southwestern coast of Lower California. Whether Japan will land troops to checkmate the Americans remains to be seen. It would seem that the U. S. are determined that no government not controlled by or friendly to them shall be established on their southern frontier. But, doubtless, Europe will have something to say before the affair is ended.

SPRING REMINDERS OF RHEUMATISM

Raw, Damp Weather Starts the Pain, but the trouble Lies in the Blood.

Spring weather is bad for rheumatic sufferers. The changes from mild to severe weather, cold, raw, damp winds following mildness start the aches and twinges, or in more extreme cases, the tortures of the trouble going. But it must be borne in mind that it is not the weather that causes rheumatism, the trouble is rooted in the blood—the changeable weather merely starts the pains. The only way to reach the trouble and to cure it is through the blood. The poisonous rheumatic acids must be thrown off and driven out. This is a solemn medical truth every rheumatic sufferer should realize. Liniments and outward application may give temporary relief but they never did and never can cure rheumatism. Any doctor will tell you this is true. The sufferer is only wasting time and money with this sort of treatment, and all the time the trouble is becoming more firmly rooted—and harder to cure. There is just one sure, speedy cure for rheumatism—Dr. Williams' Pink Pills. They act directly on the weak, impure and tainted blood. They purify and strengthen it and thus root out the cause of rheumatism. Here is a bit of proof out of thousands of similar cases that might be given. Mrs. F. X. Boisseau, St. Jerome, Que., says:—"For almost two years I was a terrible sufferer from rheumatism. The trouble first located in the right leg, making work about the house impossible, and walking very difficult. I tried to cure myself by means of all sorts of liniments and lotions, but with no result—it was only money wasted. The trouble constantly grew worse and the pains were unbearable. Finally it attacked the other leg, and I was all but helpless and completely discouraged, thinking I would be a sufferer for the rest of my life. At this time I read in our home paper of the trouble being cured by Dr. Williams' Pink Pills and I decided to try them. After using the pills for several weeks I could see that

they were helping me, and I continued taking them until I had used nine or ten boxes when every symptom of the trouble had disappeared and I could walk as well as ever I did. Had I known of Dr. Williams' Pink Pills earlier I would have saved myself much suffering and much money spent in other useless treatment as well."

Whether you are old or not, a few boxes of Dr. Williams' Pink Pills will increase your vitality and give you increased strength to withstand the torrid summer weather coming, when even the strongest feel easily fagged out. You can get these pills from any dealer in medicines or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

DAIRY AND GOLD STORAGE
Circular Letter To Milk Testers, and Cheese and Buttermakers.

Ottawa, Feb. 1911.

Dear Sir,—
At the beginning of another season of milk production, it is desired to remind you of the great importance of getting your patrons to take up cow testing.
It is quite expected that all the old members of associations will continue, but there are probably very many more who would take it up if you recommend the plan to them as strongly as you possibly can.

With the commencement of cow testing comes more milk per cow, which is a great gain to the patron, for some men are now receiving twice as much income per cow as they were four years ago. There comes, also, the opportunity for you to make a substantial addition to your income every month through during the testing, as this Department pays five cents for every test and supplies the acid.

The probable gain to the factory is very important. More milk from the same territory means lower cost both of hauling and making, besides a longer factory season. Then as members become better dairymen there is improvement in the care of milk which means easier work in the factory and a better product.

Will you, therefore, do your very best in assisting to extend this cow testing movement?

As soon as you have seen your patrons, please write what the prospects are, when this Department will be glad to help you in every way possible.

Yours very truly,
Chas. F. Whitley,
In Charge of Dairy Records.
J. A. Ruddick,
Commissioner.

OUTPUT OF CANADIAN MINES

Ottawa, March 6—According to a report just issued by the department of mines on the minerals of Canada for 1910, the total output was \$105,048,958, compared with \$91,831,441 in 1907, an increase of \$13,209,517. By provinces the totals were:

Nova Scotia, \$14,054,534; New Brunswick, \$585,891; Quebec, \$8,193,275; Ontario, \$43,017,026; Manitoba, \$1,470,676; Saskatchewan, \$557,086; Alberta, \$7,876,458; British Columbia, \$24,547,817; Yukon, \$4,737,375.

Among the principal items are: Coal, \$29,811,750; silver, \$17,106,604; pig iron, \$11,545,630; nickel, \$11,181,310; gold \$10,225,910; cement, \$6,414,315.

WHITNEYVILLE

Coasting seems to be the only stir around here.

Most of the young fellows have returned from the woods.

Mr. Alfred Baisley has returned to his wife and family, from the lumber woods, they are glad to see his smiling face once more.

Miss Mary Walsh was the guest of Mrs. William Hare Monday evening.

Smallpox is still prevailing in this vicinity.

Misses Mary Whitney and Mary Parker were the guests of Mrs. John Scott Wednesday evening.

Miss L. Bray and Mrs. C. Whitney were the guests of Strathadam friends Friday.

Mr. Richard Walsh visited Strathadam friends Wednesday evening.

Quite an excitement was caused by the catching fire of Dan Mullin's house Friday last. Damages amount to about \$200.

Mrs. Frank White, Lytleton, was the guest of her mother Mrs. Alfred Sinclair for a few days.

Mrs. Addington McLean was visiting Mrs. W. Ford Tuesday afternoon.

The members of the Presbyterian church, are talking of purchasing a new organ.

Mr. and Mrs. Alex. Hare are wearing pleasant smiles on the arrival of a baby boy.

Most of the young folks are taking advantage of the good roads, sleigh driving.

INVITED TO REMAIN

ANOTHER YEAR
At the Methodist quarterly Board Monday night, Rev. W. J. Dean, whose pastorate was been very successful, was unanimously invited to remain another year.

DELICATE BABIES NEED

BABY'S OWN TABLETS

Mrs. H. L. Boone, Tay Mills, N. B., writes:—"I think Baby's Own Tablets are an excellent remedy to keep in the house and I would not be without them. My baby was not exactly sick but was very delicate and I gave him the Tablets and they have made him strong and healthy." Such is the testimony of thousands of mothers. Baby's Own Tablets always do good—never harm. They can be given with absolute safety to the youngest child, as they are guaranteed by a government analyst to contain no harmful drugs. Never give baby "soothing" stuffs—that only dopes him. Give him a medicine that will act right on the root of his trouble. A medicine that will strengthen his stomach; regulate his bowels; sweeten the breath and make him bright, healthy and strong—such a medicine is Baby's Own Tablets. They are sold by medicine dealers or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A HELPFUL DEPARTMENT

The following circular letter has been sent out to the publisher from St. John, N. B.

Dear Sir:—From information at hand I feel justified in stating that the farm laborers placed through this office during the past year have with few exceptions proved satisfactory.

A systematic and careful selection will be made this year. I expect to be in a position to fill all orders, but would request that you notify me of your requirements as early as possible.

IF YOU HAVE ANY LIVE STOCK OR OTHER PROPERTY, personal or real, for sale, notify me and I will list it here, and, whenever possible, put you in touch with buyers.

On the other hand, SHOULD YOU WISH TO BUY, on hearing from you I will put you in communication with those who have the particular stock or other property that you require, listed at this office.

The listing will cost nothing and may assist you in your business. If any of your neighbors are interested in the contents of this letter ask them to write us.

Yours very truly,
A. B. Wilmet,
Supt. of Immigration.
