

Our Old Lady Without Sin.

BY EDITH B. WILSON. Of old, of old, in G. lile, A little maiden dwell, Whose blessed soul the bitterness Of sin had never felt;

Pains in the Back

Are symptoms of a weak, torpid or stagnant condition of the kidneys or liver, and are a warning it is extremely hazardous to neglect, so important is a healthy action of these organs.

"I was taken ill with kidney trouble, and became so weak I could scarcely get around. I took medicine without benefit, and finally decided to try Hood's Sarsaparilla. After the first bottle I felt so much better that I continued its use, and six bottles made me a new woman."

Hood's Sarsaparilla

Cures kidney and liver troubles, relieves the back, and builds up the whole system.

Rt. Rev. Abbot Gasquet

RELATES SOME OF HIS IMPRESSIONS OF AMERICANS.

The Abbot Francis Aidan Gasquet, President of the English Benedictines, who has been studying America for the last three months, said to a reporter just before sailing for home:

"My visit to this country has been most pleasant. I suppose the most complimentary utterance I can make about it is that I am coming back again next year."

"The one thing that struck me most forcibly about you Americans was your insatiable desire for knowledge. Every where I went I saw young men pouring over books pertaining to the various professions. When I asked them what they intended doing they invariably answered to this effect: 'You don't think I am going to stick to this job all my life, do you?'"

"In travelling from Chicago to St. Paul one night I noticed the porter studying a book. When I approached him I found that it was a law book. He told me that he already had completed his first year in law study and hoped to finish and become a lawyer."

"This is a phase of life you never see in England. A porter there never hopes to be anything else all his life. No one seems to be satisfied with his present position here, but is ever aiming at something above him. At first I was amazed, but after I learned more about you I began to see that such a spirit of ambition made the life of the country and that no one was loitering."

"I shall return in another year and make further studies of the country and people, and manage to get out to the Pacific Coast. I have been in nearly all your large cities as far west and north as St. Louis and St. Paul. Everywhere the activity of the people, as well as their knowledge of the affairs of the world, was most surprising to me."

The Abbot Gasquet lives in London. He is the son of a London physician, Dr. Raymond Gasquet. He has been the head of the English Benedictines since 1900. There are four monasteries with 320 members. The head house is at Downside, but through a permission from Leo XIII. the Abbot lives in London, where he is engaged in his historical research. He is the highest authority in the Catholic Church on historical matters in England to-day.—Exchange.

Rev. Ignatius Grant, S. J., whose death took place at St. Bruno's College, North Wales, on November 18, was one of the earliest pioneers of the Oxford movement, having been elevated into the Church, at Brugge, in the year 1841. He had attained an advanced age of 84, and had soon almost all of his life—converts pass away before him.

SEED TIME

The experienced farmer has learned that some grains require far different soil than others; some crops need different handling than others. He knows that a great deal depends upon right planting at the right time, and that the soil must be kept enriched. No use of complaining in summer about a mistake made in the spring. Decide before the seed is planted. The best time to remedy wasting conditions in the human body is before the evil is too deep rooted. At the first evidence of loss of flesh Scott's Emulsion should be taken immediately. There is nothing that will repair wasted tissue more quickly or replace lost flesh more abundantly than Scott's Emulsion. It nourishes and builds up the body when ordinary foods absolutely fail.

Little Boy Had Eczema For Six Months.

Salves and Ointments No Good.

Eczema is one of the most torturing of the many itching skin diseases, and also the most prevalent, especially in children. The cause is bad blood, aided by inactive skin, inflammation, etc. It manifests itself in small, round pimples or blisters, which, when scratched, form crusts or scales. The skin has an itching, burning and stinging sensation. To get rid of Eczema, it is necessary to have the blood pure, and for this purpose nothing can equal

Burdock Blood Bitters.

Mrs. Florence Stone, Marlbank, Ont., writes: "My little boy had eczema for six months. I tried ointments and salves, but they lasted for only a short time, when it would break out worse than ever. I then decided to give Burdock Blood Bitters a trial. I only gave him two bottles, and it is now two months since, and there is no sign of a return. I feel sure that as a blood purifier, nothing can equal it. I cannot say too much for what it has done for us."

MISCELLANEOUS.

A year or so ago, when President Roosevelt was making a trip through the West, each town in which he stopped planned some characteristic performance to honor him. One arranged plainman's sports to amuse the guests. One of the cowboy riders was mounted on an especially ill-tempered beast. His skill in managing the mout won the President's admiration. "Do you ride all the time?" Mr. Roosevelt asked the Westerner. The rider curbed his steed a second and replied "No, I stop for meals."

Hoarseness.

Helen Decker, Jordan Ferry, N. S., writes: "A few months ago I had a severe cold in my throat and chest and became quite hoarse. A bottle of Dr. Wood's Norway Pine Syrup soon relieved the hoarseness and cured the cold."

"Uncle John," queried the pretty girl who was seeking information, "would I be justified in writing to a young man who has never written to me?" "Only on important business, my dear," answered the old man. "Well this is important business," she exclaimed. "I want him to marry me."

Minard's Liment relieves neuralgia.

A lady, who was not renowned for her good looks, had a very good girl who had one great fault—her face was always dirty.

Wishing to convey a gentle hint, she one day said: "Jane, they say hot, soapy water improves the complexion."

"Strange you never tried it, ma'ma," was Jane's sharp reply.

Oastor O-I or other Cathartic is not needed after giving Dr. Low's Pleasant Worm Syrup. This remedy contains its own purgative and not only destroys but carries off the worms. Price 25c.

An individual recently went into a chemist's shop and asked for morphine. The chemist objected dispensing it without a prescription. "Why?" asked the customer. "Do I look like a man who would kill himself?"

"I don't know" replied the chemist. "If I looked like you I would be tempted?"

Grippe Headache.

Mrs. C. Appleton, Whitewood, N. W. T., writes: "Milburn's Stinging Headache Powders have given me great relief from the terrible pains of La Grippe in my head and through my back." Price 10c, and 25c, all dealers.

Minard's Liment cures Distemper.

Obstinate Coughs and Colds.

The Kind That Stick.

The Kind That Turn To Bronchitis.

The Kind That End In Consumption.

Consumption is, in thousands of cases, nothing more or less than the final result of a neglected cold. Don't give this terrible plague a chance to get a foothold on your system.

If you do, nothing will save you. Take hold of a cough or cold immediately by using DR. WOOD'S NORWAY PINE SYRUP.

The first dose will convince you that it will cure you. Miss Hannah F. Fleming, New Germany, N.S., writes—"I contracted a cold that took such a hold on me that my people thought I was going to die. Hearing how good Dr. Wood's Norway Pine Syrup was, I procured two bottles and they effected a complete cure."

Price 25 cents per bottle. Do not accept substitutes for Dr. Wood's Norway Pine Syrup. Be sure and insist on having the genuine. THE T. MILBURN CO., LIMITED, TORONTO, ONT.
