tallway between Chinora and waters the proposed graving dock, he says that it is called Long or Constant Grove. The dock for which the Government has invited tenders of the ball and passed thence into his lumber region."

It is number and a started from the Forty Hills.

It is rumered that a slice will be taken off each of the large counties of North Carolina and Chickasaws were removed under pressure from the genial and fertile districts which our fathers had solemnly guaranteed them "for ever" in the States of North-Carolina, Georgia, Alabama and Mississippi. They did not violently resist, but they forcibly resonance of the proposed graving dock, he says the site shoes of North-Carolina, Georgia, Alabama and Mississippi. They did not violently resist, but they forcibly resonance of the proposed graving dock, he says that "the ball entered the groin of the victim, and passed thence into his lumber region."

A local, describing a recent accident, says that "the ball entered the groin of the wictim, and passed thence into his lumber region."

The precise locality of this region is not stated.

We learn from Halifax that a report

shosen would appear to have been made expressly for the purpose. It is called a surpose. The dock for which the Government has invited to the region is not stated.

We learn from Halifax that a report is read to the state that some treuble had occurred to the state that some treuble had occurred the Pacific Railway survey. in anticipation of the report of the Chief Engineer.

UNITED STATES.

Alean, N. Y., April 22—A woman named Maher, residing in Greenbush, was struck down and had her neck brokes last evening, in attempting to stop a fight between her two sons. Joseph, the alleged matricide, has fied. San Francisco, April 23—Parties as riving at Portland, Oregon, from Sitka, Alaska sport great excitement in that pregions account of the discovery of rich snive mines within half a mile of the town, and of rich gold and silver mines in other places on the adjacent coast. Chimseo, April 24—Alex. Robinson, chief of the Pottawnonies, whose mame is intimately associated with the history of Chicago, April 25—In anticipation of the opening of the straits, large fleets cleared yesterday, aged 100 yesrs.

The Brantford Expositor refutes the interpretation of the opening of the town, and of rich gold and silver mines in other places on the adjacent coast. Scan Flanchov and the straits, large fleets cleared yesterday, aged 100 yesrs.

The Brantford Expositor refutes the interpretation of the opening of the straits, large fleets cleared yesterday, aged 100 yesrs.

The Brantford Expositor refutes the interpretation of the opening of the straits, large fleets cleared yesterday, aged 100 yesrs.

The barn and stable with contents, the property of John Nissen, near affair occurred in the town place and his wife, and the property of John Nissen, near the property of John Nissen, peace the property of John Nissen, peace the population of the treated with any degree of serious-ness."

The barn and stable with contents, the property of John Nissen, peace the property of John Nissen, peace the peace of serious-ness."

The barn and sta

fairly presume that the frontier White-himself rude and illiterate to the verge of barbarism—would readily fraternize with or assimilate to the Indians; but he , in fact, their natural rival, if no their implacable foe. Idle and dissipated he may be, but in a way utterly deliverse from theirs. To see them sitting in the shade, indolently chatting and A schoolmester in Portland N. B., opnote St. John, named Crawford, has
sen fined 88 and costs for vigorously
rading an insubordinate lad named
dingwan. The case caused considerable
contement, and opinion seems to
the been equally divided as to the
set of the teacher's canduct.

In of Queen's Colthe teacher of the teacher of the set of the carth.

If the Indian ever learns the ways of
civilized life, he does itslowly, sullenly,
reluctantly. He loves to hunt and

reluctantly. He loves to hunt, and ride, and sit; he hates to plow, and dig. and sweat. The characterization by the and sweat. The characterization by the Sioux of Whites az "troublers of the earth" indicates the intense aversion of savages to any other life than that to which they are inured, and which embodies all they know or dream of enjoyment or satisfaction.

I have they are in the same of ment or satisfaction.

I have thus outlined the problem which presses for solution on our Gevernment and people. Postponing that solution by driving the Indian further

solution by driving the Iadian further West, is no longer practicable. Collecting the Aberigines on reservations, and striving thus to isolate them, will last another generation, though I cannot now see how. With railroad trains rushing and screeching across those reservations night and day, with stations and repair-shops, turn-outs, and tiecutters and wood-choppers, it seems that there must be quite an army of railroad employees traversing every line, and that the reservation of that territory for Indian occups ncy and use becomes a sheer illusion.

The B.C. Legislature to the above to caused a great outery of the second a great outery of the caused as great outers outers outer the caused as great outers outer stery Hunt in a letter to Wm.

Money is no panacea for the wrongs in propect. No people ever dealt more liberally in that respect with such a race than ours have done with the Aborigines. If we could have taken every Indian, so soon as our people came in contact with him, to a good hotel, and there fod and clad him amply will his death, the race would probably and lettwithout going through in and lettwithout going through in mace. They left behind an ance.

They left behind the stery Hunter for and clad him amply will his death, the race would probably the stery of the less than they have done, though our agents, attorneys, etc., for this and that tribe, would have grown the landlord and the stery in properties to the stery in the race of the wrongs of the Red Men. propriations from the Treasury will not redress the wrongs of the Red Men.

Sad Failure of the Seal Fisheries in Newfoundland.

It is not longs ince the world was dazled with the golden prospects of seal fishing, as conducted by steamers. Indeed,
the seals and the modes of catching them,
in the hands of clever and ingenious
writers, have for some time furnished a
splendid advertisement of that prospecttive Provinc of Canada called Newfoundind. Now it seems, by one of those
vicissitudes well known to fishermen, the
salers have suffered a reverse. By advices of a later date than our letter of
yesterday, we learn that on Saturday,
the 6th inst, three steamers and several
saling vessels drifted past the harbor of
the fother in the ice. They were part of
the nothers scaling fleet and had been
