Award Stands --- Both Nations Accept.

To-day's cable despatch declares that the five days have elapsed during which either could demand a revision of the award under Article X. of the submission which runs as follows:—

ARTICLE X.

"Each party reserves to itself the right to demand a revision of the award. Such demand shall contain a statement of the grounds on which it is made and shall be within five days of the promulgation of the award, and shall be heard by the Tribunal within ten days thereafter. The party making the demand shall serve a copy of the same on the opposite party, and both parties shall be heard in argument by the Tribunal on said demand. The demand can only be made on the discovery of some new fact or circumstances calculated to exercise a decisive influence upon the award and which was unknown to the Tribunal and to the party demanding the revision at the time the discussion was closed, or upon the ground that the said award does not fully and sufficiently within the meaning of this agreement determine any question or questions submitted. If the Tribunal shall allow a demand for a revision, it shall afford such opportunity for further hearings and arguments as it shall deem necessary."

Representatives of the United States and of Great Britain, however, intimated last Saturday that it had been decided not to question the finding of the Tribunal in the fisheries case, but to accept the award in all its details as binding on both nations.

St. Clair Again.

Halifax people writing to friends in St. John's say that the man St. Clair who eloped here with soldier Hewett's wife, particulars of which were exclusively given in the Telegram at the time, bears this name and that of Wm. Thomas as aliases. They further say that the fellow's real name is Rd. Reeves, and that he is generally a hard case and has had a bad career. He is again in Halifax, having left here early last week, and his arrest by the Halifax police may occur at any moment. They further say that he did time in the Newfoundland Penitentiary about 3 years ago for robbing the Log Cabin at Spruce Brook, and they would not be at all surprised to learn that while in this country recently he had committed himself again. He will likely get a long term at Halifax for deserting the army.

Here and There.

TYPHOID AT GRAND FALLS.—Typhoid increased at Grand Falls, and there are now 30 persons suffering from it, and new cases are occurring daily.

GOOD GATE RECEIPTS.—The sum of \$81.75 was received on the lower gates at the cricket match on St. George's Field yesterday and \$120 on the grand stand.

Messrs. P. K. Devine, of the Telegram reportorial staff, and Mr. D. Galway, tailor, arrived by the Bruce to-day from Montreal, where they were present at the Eucharistic Congress.

WHALEERS TAKING FISH.—The whalers Puma and Lynx landed 7 whales last week. We learn to-day from Harbor Grace that the Puma left there on Monday afternoon with three nice fish.

IS GETTING BETTER.—Mail Officer J. Bishop, of the Prospero, who was in hospital since the 1st inst., suffering from erysipelas in his hands and face is now around again, and will go with the ship next trip.

The Prospero's fishery news is encouraging. We learn from the officers on board the boat from St. Anthony practically to this port good catches are being made the past 10 days, the boats taking from 3 to 7 fish. Squid is plentiful all round, and about Trinity especially the fishermen are doing fine work.

STOLE BINOCULARS.—Yesterday three young men went on board Bowring Bros. barque Cordelia and one of them stole a pair of binoculars owned by the captain and valued at \$12. He confessed to the theft in court to-day and was fined \$20 or 30 days' imprisonment.

NEW POLICE BADGE.—All the officers and men of the police and fire departments who passed in first aid to the injured exams, wear a badge on the arm in circular form with the legend "St. John's Ambulance Corps" worked therein in white. It rather relieves the somberness of the uniform. The police and firemen, who failed in the first exams will soon be forward for another trial.

A beautiful casket of polished rosewood was sent forward by Undertaker N. J. Murphy, to Holyrood by Tuesday's express to enclose the remains of the lately deceased Rev. G. Battecock. It was trimmed with solid silver. A beautiful wreath of flowers in the form of a cross was made by Miss Finlay and sent forward as an offering from the League of the Sacred Heart of Holyrood, which the deceased priest was Spiritual Director.

Grand Falls News.

Special to Evening Telegram.

GRAND FALLS, To-Day.

Lord and Lady Northcliffe have returned to Grand Falls House from Botwood, whose harbor now presents a busy scene with the arrival and departure of the company's ships which make the passage direct to the company's lumber power storehouse in London twice monthly. Lord and Lady Northcliffe leave to-morrow (Friday) for Millerton, returning for the annual horticultural show and athletic games, which take place on Saturday. Mr. Colefax, M. P. for Southwest Manchester, and Mrs. Colefax, have left Grand Falls House for England. Sir Thomas Esmonde, Bart., M.P. has arrived. Lord Northcliffe's yacht has left Botwood for Bay of Islands. Members of the Grand Falls House party had excellent salmon and trout fishing.

The Prospero Here.

The s.s. Prospero, Capt. A. Keen, arrived here at 1 p.m. to-day from the northward. Coming and going the ship had splendid weather, made all the ports of call in the Bay of Islands most a full cargo of fish, oil, lobsters, berries, &c. Dr. Armstrong, assistant with Dr. Grenfell, came up in her from St. Anthony's Hospital to go to England. The ship's passengers were: Messrs. Richards, Armstrong, Edgar, Diamond, Hodder (2), Galway, Lush, Burton, Maidment, Lodge, Moulton, Mesdames Hodder, Randall, Calk, Misses Jackson, Hodder (2), Pike (2), Ashbourne, Bishop, Worrall, Templeman (2), Philpott, Parker, Batstone, Spurrell, Keen, Jacobs and 37 steerage.

Do the Customs Know?

We recently received a letter from a correspondent in which he asks the "powers that be" if they are aware that they have neglected a Customs officer who travels the streets of St. John's looking up firms who might require an agent in certain parts of the city, and for whom the writer also says that this official has been soliciting fishermen in Bay de Verde District to buy provisions from a certain store in the city.

McMurdo's Store News

THURSDAY, Sept. 15, 1910.

Many a people prefer a shampoo preparation which takes the form of a soap, and for these there is nothing better than the famous "Lambert's Egg Shampoo." The cleansing and refreshing value of this shampoo is very great, and it ought to be on every lady's and gentleman's Toilet table. Large bottles, 35c., each.

We expect to have our Dutch Bulbs open for sale to-morrow. The list is pretty extensive and will be well repaid examination. Bulbs give most beautiful blooms and are quite easy to grow.

Chapter of Accidents.

ILL OF BLOOD POISONING.

Mr. Jas. Scott, of Upper Gullies, arrived by the Prospero to get medical treatment for blood poisoning. While working on the new branch railway his face became sore and blood poisoning set in. He will get treatment from a doctor here.

HURT BY A BLAST.

From passengers by the Prospero we learn that a man named Verge nearly escaped being killed near Trinity yesterday while at work on the branch railway. A heavy blast went off and a stone weighing three pounds struck him with great force under the heart. He was unconscious for a long while, was attended by Dr. Paterson and showed signs of improvement last evening. It was feared for a time that he would die, and when he is able to be removed he will be sent to his home in Bonavista.

BOYS' NARROW ESCAPE.

Friday last five boys were out in a boat at the pond near Tilt Cove when a squall of wind upset her and all were thrown into the water. Three of them were good swimmers and reached the shore but were used up, as the swim was a long one. The other two clung to the upturned boat and were rescued by Mr. Rowzell. They were so far gone from their struggles that they were in a semi-conscious condition, and if rescue had not come they could not have kept above water much longer.

BLEW HIS HAND OFF.

By the Prospero we learn that Richard Hollahan, of King's Cove, on board the schr. Roosevelt, owned by Ryan & Co. blew his right hand off by the bursting of a gun a few days ago. He was stood on the deck firing at birds when the accident occurred. The hand and part of the arm was terribly shattered and he lost a great quantity of blood. He was taken ashore and is being treated at the hospital there. The man is in a very weak condition.

SHIPWRIGHT TAYLOR ILL.—The many friends of Mr. John Taylor, the well known shipwright and diver, will learn with regret of his serious illness. Mr. Taylor suffers from typhoid fever, but being a man of excellent physique and rugged constitution his physician hopes to pull him through all right.
