**OFFICIAL.**  
LONDON, Aug. 16.  
The Governor, Newfoundland:  
The French Government reports the enemy repulsed in Argonne. A successful raid by nineteen aeroplanes on the German artillery park and depot near St. Mihiel.  
The Russian Government reports German attacks repulsed between the Narva and Bug. The enemy further bombarded the fortifications of Novo Georgievsk. There has been successful fighting in Galicia.  
The Italian Government reports progress, especially on the Cadore front, and the Sissine Valley.

**BULGARIA RECALLS DELEGATES.**  
LONDON, Aug. 16.  
So much importance is attached to results expected from the proposals made by the Entente Powers to Serbia and Greece regarding concessions to Bulgaria, that Bulgaria has recalled from Constantinople the delegates who went there to negotiate with Turkey, says a despatch from Sofia to the Daily Mail.

**THE BALKAN POSITION ACUTE.**  
LONDON, Aug. 16.  
The importance of the Balkan situation is emphasized by the morning papers, which point out particularly that events there may reach a crisis within twenty-four hours. King Charles, of Roumania, called a special meeting of the cabinet at Bucharest yesterday, to meet leaders of all political parties, as well as influential members of the chambers who were summoned. The Serbian Skupstina National assembly will reassemble at Nish to-day to receive a statement from Premier Peticich on Bulgarian negotiations. Simultaneously the Greek parliament will meet at Athens to oust the present cabinet, with the support of former Premier Venizelos as powerful as ever. The analysis of the morning papers point out that Austria meanwhile is gathering troops on the Danube, and that German writers are advocating openly an advance to the Aegean Sea. The Daily News says that Roumania may make a sudden move which will solve the Balkan deadlock. The force of events, the paper says, may cut the knots at which diplomatic fingers have been

### Drudgery.

By the adoption of modern gas appliances you may abolish drudgery from your home.  
GAS COOKERS eliminate the drudgery of lighting fires, the handling of coal and ashes, and enable you to prepare meals in half the time required with old-fashioned appliances.  
GAS WATER HEATERS are indispensable in every well-regulated household.  
GAS LIGHTING is best for the eyes and the pocket.  
THE PERFECTION GAS IRON is a recent addition to labour, time, and money saving appliances. This nickel-plated Gas Iron may be had complete with stand and a length of metallic tubing for the small sum of \$3.00, and should be in every household.  
With the "PERFECTION GAS IRON" a whole day's ironing may be done at a cost of five cents, give better results, and do more work in half the usual time. It is always hot, ready, clean and smooth. Send post card, or phone 97, and the Gas Company will send a man to give practical demonstration of any, or all, up-to-date household appliances.  
NOTE.—It is important that Gas Cookers and other appliances be kept perfectly clean and free from grease. Use "SO-KLEAN" enamel cleaner. It will quickly remove all stains and grease from metal or enamel. 25 cents per packet.—J23,tf

**REGENCY FOR TURKEY.**  
LONDON, Aug. 16.  
An Athens despatch to the Daily Telegraph says that at a recent meeting of Young Turks, the question of a regency was discussed on the ground that Sultan Mohammed V is far from well, and incapable of attending to the affairs of State. The situation is complicated by the knowledge that Crown Prince Vahid is lukewarm in his attitude towards the war. In the hope of convincing the Crown Prince that all is going well, party leaders recently persuaded him to pay a personal visit to the Dardanelles front.

**PLAYING FOR EFFECT.**  
ROME, Aug. 16.  
Telegrams from Nish give the impression that the Serbian Government does not look for any serious movement against the country by Austria and Germany in the near future. These advices say that Serbian officials consider the reported concentration by Austrians and Germans at Orsova in Hungary are merely for political effect. By this move, according to the Serbian view, the Teutonic allies hope to impress Roumania, Bulgaria and Greece, and to encourage Turkey to redoubled efforts at the Dardanelles.

**A VENIZELLOS VICTORY.**  
ATHENS, Aug. 16.  
The Greek Chamber of Deputies assembled to-day. Mr. Zavitzas, an adherent of former Premier Venizelos, was elected president. The majority of the Venizelos party as the result of its victory at the recent general election, was vindicated by the vote. M. Zavitzas received 132 votes as compared with 93 for the candidate of the government.

**PAYING HEAVY PRICES.**  
PARIS, Aug. 16.  
A delayed despatch by the Havas News Agency filed at Bucharest on Saturday, says that Austrian and German points along the Roumanian frontier are paying three times the normal prices for wheat, corn, hay, fax, peas, and beans exported from that country. This is the result of heavy export taxes placed upon Roumanian agricultural products on Saturday, following the action of the Government on the previous day in removing the prohibition against the sending of certain food supplies out of the country. The export tax amounts to from \$80 to \$200 on a carload.

**CONSCRIPTION.**  
SINGAPORE, Aug. 16.  
The Straits Settlements is the first part of the British Empire to ordain compulsory military service, by a bill passed by the Legislature here on Saturday. All men between the ages of 18 and 55 are ordered for training.

**FRENCH OFFICIAL.**  
PARIS, Aug. 16.  
The French War Office this afternoon gave out a statement as follows: There was intermittent cannonading last night in the vicinity of Souchez and on the plateau of Nourmoult to the north of the Argonne. There were also engagements with bombs and hand grenades in the section of Quenervillers, and in the western part of the Argonne. In the Vosges the explosion of a mine against an enemy trench located between Burnhauptle and Amerswiller made it possible for us to take some prisoners and to capture two bomb throwers and a machine gun.

**FIVE KILLED BY EXPLOSION.**  
EMPOREUM, Penn., Aug. 16.  
Five were killed at the Gelatine Aetna Explosive Co.'s plant at Grove Run to-day here, which was blown to pieces to-day. Two other buildings were badly damaged, and the entire country side shaken. The dead men were the only employees in the buildings, when the explosion occurred.

The company officials said that the cause would probably never be known. The company has been engaged in filling war orders, it was stated.

**NORWEGIAN STEAMER SUNK.**  
LONDON, Aug. 16.  
The Norwegian steamer Albia, 1,331 tons, was sunk by a submarine. The crew were saved.

**SILVIA PANKHURST.**  
LONDON, Aug. 16.  
Silvia Pankhurst will not comply with the National Registry regulations, she asserts. "I am not going to register, that's all I know about it," declared Miss Pankhurst to-night at a meeting followed by a demonstration of East London Suffragettes. "For my part I think it merely a ruse to get more power out of the workers. I am not a man so they won't send me to the war, but they won't send me to a munitions factory. They know there will be trouble. They pay two shillings eightpence a dozen for soldiers' khaki shirts, and men must fight for better conditions for women."

**EMPLOYED AT KRUPP WORKS.**  
GENEVA, Aug. 16.  
Official figures show that on June 1st about 5,000 young women were employed at the Krupp works at Essen as compared with 1,329 on January 1st.

**BOMBARDED BY SUBMARINES.**  
LONDON, Aug. 16.  
The ports of Hartington and Whitby, in Cumberland, England, on the Irish Sea, were bombarded to-night. British official statement to-night has announced some fires were caused but the damage was slight. There were no casualties.

**COMMITTS SUICIDE.**  
DUBLIN, Aug. 16.  
David Johnston was found dead this morning underneath the window of his house in Lygan, County Armagh, in which for two days he withheld the constabulary. A bullet wound through his eye, and an empty revolver clutched in his hand indicated that he had spent his last cartridge to cheat the police of their quarry.

### Football Season Closed Last Night.

The final game of the League football schedule for this season was played last evening by the Stars and C.E. I. Fieldians. The Stars won by 7 goals to 3. The high wind prevailing made it unpleasant for both players and onlookers, a very small gathering of the latter being present. The game, however, was considered to be one of the faster and best for the season. A marked feature was that for the first fifteen minutes of play the C.E.I. Fieldians had matters in their favor, while during the last quarter of an hour of the game the Stars easily outclassed their opponents.

### What Are You Doing for that Eczema?

"Nothing; I've about given up trying to cure it."  
"That is not wise. Do as I did and you will probably be cured in a short time." I used Zylex and Zylex Soap with it and my Eczema began to improve at once. A couple of boxes cured. You can get Zylex at your druggist's.

### Foreign Fish Market.

Appended is an extract of a letter received by the Board of Trade from Messrs. Lind & Couto, Oporto:  
"The market has lately received large quantities of fish both from Newfoundland and Norway, and stocks are now heavy for this time of year, when demand usually falls.  
"It seems a pity that shippers did not send forward more fish earlier in the year instead of holding it back until this poor season. As a natural result of the accumulation of supplies prices have now commenced to recede, and we think that under selling pressure the decline will continue for the present."
