## John Gilfoy Took Tanlac A Year Ago, And Is Still In Fine Health, Proving That Good Produced By Tanlac Is Lasting.

"The proof of the pudding is in the eating," and Tanlac certainly has proven to me that it is a wonderful medicine. Why, I never dreamed a medicine could do on as much good as Tanlac has done me, and I am more than glad to recommend it to anyone suffering with stomach trouble.

weight. I have taken my share of medicines, but Tanlac is so far ahead of the others there is no comparison.

The above statement was given by John E. Gilfoy, 60 Starr St., Halifax, N.S., at Kinley's Drug Store on January 10th, 1920. A few days ago after a lapse of a year, a special Tanlac representative had the pleasure of an interview with Mr. Gilfoy, and found him enjoying the best of health and still praising the medicine, which is another link in the long chain of evidence regarding both the immediate and lasting results to be obtained from Tanlac.

# Canada's Armistice With Bronchitis!

It's all up with Bronchitis! It has unconditionally surrendered, and peace is being declared at last. A knock-out blow has been received from Buckley's Bronchitis Mixture—the world's most wonderful remedy, which never fails to do its duty. It is simply marvellous the way this medicine eradicates the germs of cold, asthma, bronchitis, grippe, influenza, etc. Doctors stand amazed at its wonderful healing power. This scientific compound is 80 times stronger and more effective than any other cough medicine. Just think of it! One dose acts like magic and brings instant relief, and after a few more doses the cold entirely disappears.

The price is 75c per bottle and every bottle is sold under a guarantee of money back if it fails to banish the cough. With Buckley's Bronchitis Mixture on hand, you can laugh at any of the troublesome throat and chest ailments. Act quickly! Accept no substitute! Look for my signature!

## Insubordination Amongst Bolshevik Armies--Severe Weather Forces Withdrawal of Soviet Troops From Armenia--Bank President Sounds Call for Sanity--Ballooningists Come to Blows.

**PROSPERITY DEPENDS ON RE-ADJUSTMENT OF PRICES.**  
TORONTO, Jan. 11. A call for sanity of action to meet an exceptional and not encouraging outlook for the coming year, was sounded by Sir Edmund Walker, President of the Canadian Bank of Commerce, at the annual meeting of the institution to-day. Sir Edmund gave a detailed review of the trade and industrial conditions summed up in his address with the following: Along the lights and shadows of works there are at the moment too many shadows to warrant anything but anxious care. You have heard from the General Manager the results of the best year the Bank has ever had, and thus far we have not had much evidence of a decline in the spending habits of our people or the hard times that are ahead of us. We know, however, that here as elsewhere, all prices, whether of commodities or of labor, must be reduced to a more reasonable basis and the effect of the world's lower prices for farm products is already plain to all. When this readjustment has reached the retail shop and a new basis of values has been generally accepted, genuine prosperity will rise throughout the world in which we shall have a large share.

**MORE OR LESS.**  
WASHINGTON, Jan. 12. A report declaring the British have "summed" more than 53,000 separate "outrages" in Ireland since 1916 were filed yesterday with the "Committee of the Committee of One Hundred" investigating the Irish situation by Frank P. Walsh, Counsel for the American Commission on Irish Independence.

THE BRATLEY DRUG CO., Limited, 117 JOHN ST.

**PREMIER STEWARD-ILL.**  
EDMONTON, Alta., Jan. 12. Premier Charles Stewart, of Alberta, was operated on at the Royal Alexandra Hospital to-day for appendicitis. His condition is now reported to be favorable and a satisfactory recovery is expected.

**PORK PRICES BREAK.**  
CHICAGO, Jan. 12. Fresh pork dropped in price to-day two to four cents a pound, making the total fall for loins ten cents a pound so far this year. Big receipts of hogs here to-day, 75,000, and an equal number yesterday were responsible for the break in prices.

**TIME RIFE FOR INTERNATIONAL NAVAL ARMAMENTS.**  
WASHINGTON, Jan. 11. The present time was described as ripe for a movement toward a limitation of naval armaments by international agreement by Secretary Daniels of the navy and Acting Secretary Davis of the State Department in testimony to-day before the House Affairs Committee. Secretary Daniels declared that in his opinion the move might properly be made by President-Elect Harding, who, he said, could call and hold an International Disarmament Conference within two months after his inauguration. Harding as President the Secretary pointed out, would have complete authorization to call such a conference under the provisions of the 1916 Naval Appropriation Act.

**BOLSHEVİK SOLDIERS GIVING TROUBLE.**  
PARIS, Jan. 11. Despatches received here to-day from the Bolshevik front in the Caucasus says the Soviets are having difficulty in keeping troops in hand in the severe weather with no enemy in front of them to keep them occupied. Desertions are numerous and insubordination is spreading in the ranks, soldiers demanding of officers why they are kept mobilized with nothing to do, according to despatches.

**SOVIET ARMY WITHDRAWN FROM ARMENIA.**  
CONSTANTINOPLE, Jan. 12. Reports that the seventh Soviet Russian Army had been withdrawn from Armenia and that the Bolshevik troops in Georgia had likewise been ordered out are confirmed here. The action, it appears, was taken because of the severe weather resulting in the freezing of the Caspian Sea and heavy snowfall in the Armenian mountain regions.

**FRENCH ASSISTANCE TO CEASE.**  
CONSTANTINOPLE, Jan. 12. The announcement by General Baron Wrangel, former anti-Bolshevik leader in the Crimea, that France's material assistance to Crimean refugees here will cease on February first, is causing consternation among the Russians who are stripped of means of subsistence and are depending on French help. It is impossible to forecast what the multitude of Russians here will do when this assistance is withdrawn. Several hundreds of them already are homeless.

**GREEKS MEET WITH SUCCESS.**  
LONDON, Jan. 12. The Greek offensive in Asia Minor, the beginning of which was reported in despatches on Monday resulted in important successes for Greek forces, according to a communique of the Greek General Staff in Asia Minor dated Sunday, and received by the Greek legation here to-day.

# Urban Stock Company

Edmund Lawrence Burke's farcical entertainment, "Johnny Get Your Gun," will be the attraction presented by the Urban Stock Company at the Casino this afternoon and night. "Johnny Get Your Gun" is a farce comedy, although quite different to the usual run of such offerings, for it has not only comedy in abundance but a touch of heart interest and a tiny bit of pathos with two love tales that are appealing to both men and women, for they are so far different than the usual stage love making. The prologue of the play furnishes the first novelty of the entertainment. It takes its audience to the interior of a motion picture studio, and there surely opens a book that has long been closed to most people. Here comes Bert Whiteley to take Johnny back east in the guise of his good pal Bill Burnham, whose sister insists upon marrying a worthless Duke. Johnny of course consents, and upon his arrival on Long Island the fun starts. The Duke, besides being penniless, is a queer sort of a fish, and Johnny, as a typical cow puncher, takes him into camp. In order to see how this romance ends secure your seats for tonight's show. In conjunction with this there will be a complete change of Vaudeville and Miss Newton will be heard in some of the latest songs hits.

**AMERICAN BALLOONISTS QUARREL.**  
MATTICE, Jan. 11. Lieut. Walter Hinton and Stephen Farrell came to blows here this afternoon in a sensational climax to the American balloonists' trip, and only the interposition of standersby prevented a more serious finish to their differences. Farrell who accused Hinton of sending out false information, struck and knocked him down.

**STOP THAT COUGH.**  
A good many people have thought that a cough did not amount to much—most excellent people whose friends were sorry to lose them. Now don't make this mistake—a cough is the first step towards serious and often fatal sickness. Stop it right there. Stafford's Phorotone Cough and Cold Cure has proved a marvellous cough stopper. Price 25c. bottle. Postage 10c. extra.

## Complains of Mail Service.

A correspondent writing from Burnt Islands, district of Bruce and La-Polle, complains bitterly of the irregular and unsatisfactory mail service to that important fishing centre. The last mail received there was on December 29, presumably by Glencoe, and by that mail St. John's papers of dates November 10, 12, 17, 18, 27, December 3, 4, 9, 10, 16 were received. Where the interchanges have gone correspondent does not say. In addition to the Glencoe coastal mail service, there is supposed to be a courier service from Channel, twice a week.

## T. A. Juvenile Treat.

At a meeting of the lady friends of the T. A. Juvenile Society, held in the T. A. Reading Room, arrangements in connection with the annual treat for the boys were finalized. It was decided that the entertainment be held on Thursday, the 13th inst., and take the form of attendance at one of the picture shows, to be followed by a supper. The event will be brought to a close at night by a dance for the adults.

## TRIDUUM TO-NIGHT.

The annual Triduum in honor of the Holy Name will commence at the Cathedral at 7 o'clock to-night, and will continue on Thursday and Friday, closing on Friday evening with special services.

Keep January 18th open for Grand Charity Dance in aid of City Poor.—Jan 31, 31, 31.

Stafford's Phorotone is by far the very best Cough and Cold mixture known.—Jan 11

In the days of his youth, Gladstone was perched on the box seat of a coach behind an old driver of bibulous appearance. The face was young enough to be proud of a fine repeater which he carried in his fob. By way of interesting the driver, he showed it to him and explained its complicated mechanism. The driver took a more or less intelligent interest in the works. "What I want to know is," he asked at last, "how do you wind that watch when you're drunk?"
