"The King's Pilgrimage."

"Our King went forth on pilgrimage His prayer and vows to pay To those that saved our Heritage And cast their own away."

The above are the opening lines of Rudyard Kipling's noble dedication to "The King's Pilgrimage," a volume which Hodder and Stoughton have published in charitable interests, and which, in eloquent prose and splendidly reproduced photographs, tells the story of the recent visit of King George to the War Graves of France and Flanders.

We are indebted to Sir Richard Squires for our copy of this magnificent tribute to the heroic dead, and it is a satisfaction to know that by its sale, many relatives of soldiers whose lives were sacrificed in the cause of Freedom during the Great War, will be able to visit the graves in which their loved ones lie.

Said His Majesty, in the course of an inspiring speech delivered during his visit:—
"In the course of my pilgrimage I have many times asked myself whether there can be more potent advocates of peace upon earth through the years to come than this massed multitude of silent witnesses to the desolation of war."

Fish and Exchange.

With the recent fall in the value of the Portuguese escudo, the difficulties of profitably marketing our fish in that country are greatly enhanced, despite the fact that the demand is large. Unless the escudo increases in value shortly, it will be impossible for local fish exporters to sell in the Portuguese market. With Italian and Greek exchange also very much against us, it is clear that Spain is our only profitable European market, and this unfortunate state of affairs is likely to continue for a considerable time.

The only salvation, then, is the discovery of new markets. South America has been hitherto, almost unexplored from this point of view.

We have sent fish to Brazil, it is true, but there are numerous other countries in the continent which would, in all probability, take our fish and pay us well for it.

This may be no time for experiment of a costly nature, but no harm can come from approaches made to various South American countries with a view to discovering if they can become profitable markets for the disposal of some part of our chiefest product.

Good Intentions.

We admire the good intentions which inspired Mr. F. B. Boone to contribute a letter on industrial conditions to Tuesday's Advocate, but we deplore his failure to obtain information concerning that whereof he wrote.

Mr. Boone gives a great deal

of attention to the recent strike at Hawke Bay, and laments the fact that men engaged in cutting pit props are not given a living wage.

He uses strong language, when he says that "any man except a thief or a robber—unless he is totally ignorant of wood cutting—will agree with me when I say that \$6.00 per cord would be little enough to pay."

We shall now show Mr. Boone that at the current price per cord, the man who does an average day's work in a logging industry, can make a good living out of it.

The average man can cut a cord of wood a day and strip it, for this only necessitates the removal of four strips of bark from each log. For this he receives \$3.50 a day, and if he cannot keep himself out of that and send home sufficient to provide for his family, he is a very extravagant person. Compare this with conditions on Bell Island, where the rate of pay is only 21 cents an hour, and a man cannot earn more than \$2.10 a day. Mr. Boone is in sympathy with the Hawke Bay strike, and yet he knows well that, as a result of the demoralization which can be directly laid to Government relief work, it is impossible to find men who will work satisfactorily on a monthly wage.

What has Mr. Boone to say to those men of the West Coast who are cutting pit props at Hawke Bay, and can send home \$65 a month to their families?

Fishing Schooner Lost.

WENT ASHORE ON LABRADOR. According to a wireless message received by the Marine and Fisheries Department on Tuesday from Capt. George Barbour of S.S. Senet, the schooner L. Morton, Thos. Sturge, master, was lost at Port Manners on August 27th. The vessel went ashore in a strong westerly gale and the crew landed safely.

Knights of Columbus.

CONCEPTION COUNCIL, BELL ISLAND—OFFICERS FOR YEAR 1922-23.

The Annual Meeting of Conception Council, No. 1930, Knights of Columbus, Bell Island, Conception Bay, was held on Sept. 4th, when the following officers were elected for the ensuing year:—

Grand Knight—Joseph M. Greene.
Deputy Grand Knight—David J. Jackson.

Chancellor—R. Rivlyn Costigan.
Recorder—Patrick T. Murphy.
Financial Secretary—L. J. Lawton.
Treasurer—Charles Paddle.
Lecturer—Wm. J. Power.
Advocate—P. F. Power.
Warden—Ralph Burnham.
Trustees—John Connors, P. Kent, James Connors.

The Rev. J. J. McGrath, P.P., St. Michael's, Bell Island, was once again unanimously appointed Chaplain. The meeting was most enthusiastic and the members of Conception Council are determined to make the year 1922-23 the banner year in Columbianism on Bell Island.

Laid to Rest.

The mortal remains of the late Wm. Ryan, whose body was recovered on Tuesday near Concho's Cove was laid to rest yesterday afternoon. The funeral was largely attended and interment took place in the family plot in Belvedere.

Piano, Harmony, Mandolin. Pupils taken in the evening from 7 to 9 p.m. For terms apply to MISS DELANEY, 40 Cookstown Road.—sept.4, 40

Ferryland School.

ERECTING NEW BUILDING. Work on the new school building which Rev. Fr. Maher is having erected at Ferryland has already begun. A garden party was held on Sunday in aid of the new school and as a result a substantial amount was raised. During the past three years \$50,000 have been spent in Ferryland on church improvements, which have been badly needed. With the completion of the new school the parish will be well equipped for the imparting of a sound education to the younger generation among its inhabitants.

AT THE BALSAM.—The following guests are registered at Balsam Place—Mr. Powell, Carboneau, W. A. Mackay, Silver CMR; Rev. and Mrs. French, Green's Es.

Strikers Seize Steamer

150 Men Board S.S. Home at Hawke Harbour—Department of Justice Will Take Action.

The labour situation at Hawke Harb. was brought to a climax yesterday when 150 strikers boarded the coastal steamer Home and demanded to be taken to Humbermouth.

The only intimation of the seizure of the steamer that has been received came to the Reid Newfoundland Co. in a message from Capt. Noyman of the Home.

The Department of Justice intends to take action in the matter and arrest of the ring leaders who are known is expected to take place during the week.

It is possible that the strikers on arrival at Humbermouth will board the first train going to St. John's and demand free passage to their homes. So far as can be learned, no steps have been taken to prevent this.

COTTON'S OFFER.

Major Cotton, upon his arrival at Hawke Bay Tuesday, made an offer of \$55 per month to the men, and also said he would pay the foreman and cooks, and give bonuses to any men who cut over 10 cords of wood a month. This offer was unconditionally refused by the strikers. Major Cotton's message stated that at the time the men were at Otter Pond, with the exception of 40 who had gone to Port Saunders, and that they were without food but quiet.

REFUSED CONTRACT PRICES.

A later message received from Cotton stated that the men blankly refused contract prices. Every man was in the company's debt, as a week's supply of food had been issued and no work had been done. The

strikers were trying to get men, working on their side of the harbor, to join them, but met with a refusal, as the non-strikers were thoroughly satisfied with the terms offered them by the Aerial Survey Company. Up to the time of the arrival of the Home at Hawke Harbor, the strikers numbered about 150, while a slightly larger number of men remained at work.

A conference between Mr. Sydney Bennett, local agent of the Aerial Survey Company, and the Executive Government, for the purpose of discussing means of getting the strikers away from Hawke Bay, was held late Tuesday afternoon, but the Government refused to interfere.

STEAMER SEIZED.

The Home arrived at Hawke Harbor yesterday, on her return from Battle Harbor, her Northern terminus. She was brought into the wharf and then boarded by 150 men, although the means employed by them in getting to the ship, are unknown.

The raiders approached Capt. Norman, informed him that they had no money, and demanded a passage to Humbermouth. The matter was reported to the Reid Newfoundland Co., and orders were given for the ship to proceed to Bay of Islands as usual.

Head Constable Peet and three constables, who were stationed at Hawke Harbor, were powerless to prevent the seizure of the steamer.

It is possible that a train will be provided for the raiders when they reach Humbermouth this afternoon. If not, they will probably take the law into their own hands.

Juvenile Court.

ELEVEN CHILDREN CHARGED WITH LARCENY.

Eleven children were charged with larceny before Magistrate McCarthy in the Juvenile Court to-day.

Two young boys pleaded guilty to stealing a fishing outfit from a motor car. Part of the goods was recovered. A fine of \$5 or 14 days each was inflicted. The fine covering the value of the goods not replaced.

Four boys, the eldest of whom was 12 years, were charged with stealing footballs and other articles from a city bookstore. As the goods were returned the accused were discharged, but at the request of the manager of the shop, who stated that petty larceny was of frequent occurrence during his busy season, the parents of the boys were called in and asked to do chastise the young offenders.

Three small boys pleaded guilty to the larceny of \$20.40. They had picked up a cheque to this value and had cashed it. None of the money was returned and fines were imposed to cover the value of the stolen cheque. Two tiny boys, one only 9 years of age, were charged with the larceny of cigarettes and coppers from a shop. Their parents were sent for and instructed to make good the amount stolen and deal with the children.

From Holland to Newfoundland.

During the present summer arrangements have been finalized with one of Holland's oldest and most extensive manufacturers, whereby the Dominion of Newfoundland will be again successful in obtaining a limited quantity of the genuine Dutch Cocoa powder, at a very reasonable quotation. The celebrated house of Messrs. F. Koff & Co., situated at Amsterdam, Holland, has been established since 1811, and undoubtedly has achieved wonderful success in this very important industry. Koff's Cocoa, for more than 100 years, has been known among the most exclusive families, hotels and restaurants as "the perfection of Cocos." Koff's has been the winner of Diplomas of Honor and gold medals at various exhibitions at London, Amsterdam, Antwerp, Hanover, Paris and Scheveningen. Koff's Cocoa is strictly pure; has a delicious flavor; and is entirely soluble. As a safeguard it may be advisable, in future, to examine each tin of cocoa before making purchase, as the genuine Koff's is sold only in tins bearing their label. Koff's Cocoa is really something worth while and certainly it is most gratifying to see its appearance on the local market again—from Holland to Newfoundland.

Died Suddenly.

A message was received to-day by the Deputy Minister of Justice from Magistrate Scott of Curling, stating that Capt. Herbert Carter a native of Summerside P.E.I. had died suddenly. The deceased was supposed to be in perfect health and was about 45 years old.

Personal.

Mr. W. E. Avery, the well known English sporting goods man, who made annual visits here previous to the war, is a passenger by S.S. Sylvia from Halifax.

The Evening Telegram Road Race.

JACK BELL WINS TROPHY AFTER SPECTACULAR PERFORMANCE. COMPLETE 10 MILES IN 52.5. O'TOOLE MAKES GOOD SHOWING.

(By J. P. Mosker, Press Representative)

The Telegram Road Race for the splendid trophy donated by the late W. J. Herder was run yesterday in conjunction with the Champlain Sports Meet, and under the auspices of the National Sports Committee. The race was probably the most interesting that has yet been witnessed, no less than 9 competitors out of 16 finishing the ten mile course. It was generally conceded that Jack Bell, our local long distance champion, who has set the record in this connection, would carry off the race, and in this there was no surprise, though young O'Toole, the plucky little runner, who on his first ten mile run, came second, was but two laps behind Bell, and now holds the second best time for the ten miles in Newfoundland. The race was started by W.H. Herder, eldest son of the late proprietor of the Telegram, at 4.10 p.m., sixteen runners, viz.: T. Furlong, J. Redmond, W. Dodd, G. Kelly, R. O'Toole, G. E. Joyce, R. Redmond, G. Clarke, M. Maundor, F. Fleming, J. Fitzpatrick, H. Bell, H. Cooper, J. Bell, T. Dunphy, D. Wall, lined up, and at the start the bunch got away with Furlong leading. He was passed however by Bell before he had gone more than a hundred yards, and the champion, setting a splendid pace, began to haul away from Furlong and O'Toole, who were running close together. At the end of the first mile, Bell had 50 yards on O'Toole who was then second. At the fourth mile Bell had a lead of about 350 yards and was still gaining, though O'Toole was making a good showing. The race was in excellent condition for running, while motorists co-operated with the Road Committee in giving the contestants every facility, and only one wagon got in between Bell and O'Toole, causing some annoyance to the latter. Along the route hundreds of citizens assembled and cheered the runners as they passed. Coming into Cornwall Ave. Bell had not slackened his pace and was as fresh as when he started. At the White House, the only runner in sight was O'Toole, who was then passing the Maternity Hospital. Coming into the field, Bell was given an ovation and covering his two laps completed the two miles in 52 minutes, 35 seconds, or two seconds longer than his record of last year. O'Toole broke into the field as Bell was completing his last 30 yards, and was given a tremendous reception. He crossed the tape in 57 minutes, 28 seconds. Both Bell and O'Toole were running for the B.I.S. T. Furlong, who was running third all through, finished in this position and appeared quite fresh. His time was 50.12 1-5. The following finished in the order mentioned: 4th, W. Dodd, 52.09 1-5; 5th, G. Kelly, 52.32 1-5; 6th, P. Dunphy, 52.59; 7th, H. Cooper; 8th, R. Maundor, 53th, R. Redmond.

The race was easily the best held and the various runners are to be complimented on their splendid showing.

It is necessary that our Citizens immediately demonstrate their willingness to assist in saving life, which can be clearly shown by their ordering from The Valley Nurseries, telephone 1613, some of their beautiful Asters that are about to be executed by Jack Frost.

Twenty Five Cents is sufficient to save twelve lives for one week. How many lives are you prepared to save? Prompt action is necessary in order to get this large family housed before Jack Frost appears.

JAN POT COVERS.—For 1, 2, 3 and 4 lb. Crocks; 4c, 8c, 12c, 15c. package at BYRNES BOOKSTORE. sept.7

Attending Important Conference.

WELD, DETECTIVE GONE TO U.S.A.

On Monday next, Sept. 11th, a convention of Police Chiefs of Europe, South America, U.S.A. and Canada will open at New York, when matters relating to police duties and crime will be the chief topic of discussion. Our local sleuth, Head Constable Byrne who left here on the last Rossland is attending this conference. It is understood he will also attend a convention in Boston where more than 200 finger-print experts of the Bertillon brood, will be guests of the Massachusetts bureau of identification, and will for four days discuss the many problems which relate to the irrevocable data which stamps and catalogues a criminal beyond all possible deception. The four-day conference, Sept. 12-15, which will meet in the large auditorium in the left wing of the State House, will reach its climax Saturday, when the man best known to America as the leader in criminal research, and the head of the national bureau of investigation, William J. Burns, will plead for a national bureau of identification. Amongst the notables set to speak at this conference are: Frederick G. Pettigrove, formerly prison commissioner; Hakon Joergensen, chief of police of Copenhagen; J. H. Taylor of the United States navy bureau; A. J. Ronce, president of the Association for Identification, from Leavenworth, Kan., and Sanford Bates and Roscoe C. Hill of the Massachusetts bureau. Head Constable Byrne will probably round off his trip by a flying visit to Montreal, from which city it was recently reported that a 30 pound bag of raw opium seized by the police was destined for Newfoundland.

Published by Authority.

His Majesty the King has been pleased to approve of the award of the Imperial Service Medal to Superintendent William Grimes (late Newfoundland Constabulary), and to Mr. Ford Winsor (late District Chief, Fire Department).

Sept. 6th, 1922.

His Excellency the Administrator has been pleased to appoint Mr. Charles G. Rendell, (Heart's Content) to be a Justice of the Peace for the Colony.

On recommendation of the Superintendent of Education, and under the provisions of the Education Act, Section 4 (3), His Excellency the Administrator in Council has been pleased to direct that:—

1. Port Union, in Trinity Bay, be constituted a Church of England District of Education, under the name of "The Church of England District of Education, Port Union."

2. The boundaries of the Church of England Educational District of Catalina be changed to read as follows: The Church of England Educational District of Catalina shall extend from Green Bay, exclusive, to Little Catalina, inclusive, excepting the Educational District of Port Union.

His Excellency the Administrator in Council has been pleased to appoint Rev. R. F. Mercer, Hon. W. F. Coaker, Messrs. S. J. Bishop, Daniel King and H. W. Quinlan to be the Church of England Board of Education for the District of Port Union.

Sept. 6th, 1922.

Something Must Be Done

In order to avoid a tremendous loss of life which is absolutely certain to take place within the next two or three weeks if steps are not taken by the public of St. John's to assist in safely housing the fifteen thousand innocent lives upon whom the attack will be made.

It is necessary that our Citizens immediately demonstrate their willingness to assist in saving life, which can be clearly shown by their ordering from The Valley Nurseries, telephone 1613, some of their beautiful Asters that are about to be executed by Jack Frost.

Twenty Five Cents is sufficient to save twelve lives for one week. How many lives are you prepared to save? Prompt action is necessary in order to get this large family housed before Jack Frost appears.
