

Candid Chats Concerning Crisco

Crisco is a richer, more wholesome food fat than lard or cooking butter. It makes richer pastry and one-fifth less can be used and better results accomplished. It can be used over and over again in frying all manner of foods, and because foods fried in Crisco absorb so little, Crisco is in reality more economical even than lard of mediocre quality.

Reparations Expert Committee Recommend Two Years Relief From Payment.

Detained Men Held Responsible for Murder in Montreal Bank Robbery—Hugo Stinnes Seriously Ill—Church Union Bill Withdrawn From Ontario Legislature.

THE DAWES REPORT.

PARIS, April 9. The report of the experts, who have been engaged for the past three months in the task of ascertaining Germany's capacity to pay reparations, was handed to the Reparations Commission to-day. The two committees were under the chairmanship of Brigadier-General Charles G. Dawes and Bernard MacKenna respectively. A business matter heretofore of politics is how the experts describe the task they have just completed. They interpreted the object of their work as tending to the collection of debt, rather than to the application of penalties with a purely economic solution in view. Recognizing the obligation of Germany to pay and declaring that she has resources with which to pay, the experts insist that she does pay she must have her hands clear to exploit her economic resources. They carefully refrain from mentioning the Ruhr, but make it plain that France and Belgium must content themselves with leaving garisons there, if they wish, but take their hands off railroads and industries.

THE DAWES RECOMMENDATIONS.
NEW YORK, April 9. Summarized briefly, the outstanding recommendations in the reports of the Reparations Expert Committee provide for relief for Germany for two years from reparation payments, these to be taken care of by a foreign loan and tax on industries at present non-productive.

THE KING OF GREECE ISSUES PROCLAMATION.
BUCHAREST, Rumania, April 9. King George of Greece, who is residing at Brasso, in Transylvania, has issued a proclamation to the effect:

Are You Only Half Alive?

Is life just one glorious existence for you? Are you thoroughly alive every minute, every hour, every day? Do you sleep well? Do you look forward to your meals and enjoy them? Are you always hungry at meal time? Are you always mentally and physically—fairly tingling with the joy of living—if you don't sleep well, you don't look forward to your meals and enjoy them—if you are listless, weak, you need a tonic. You need Carnol. Carnol goes to the root of the trouble by first building up your body, enriching your blood, toning up your system and strengthening your nerves. L'Abbe' Cantin thinks highly of Carnol that he has written it by the following letter: "I am the cool that is claimed for Carnol seems to be well founded. I have myself observed how beneficial Carnol has proved in a number of cases. That is why I recommended it so highly to my family and to all my friends. Carnol is within the means of every family as the price is most reasonable. To my sincere thanks in my best wishes for the prosperity of your industry."—L'Abbe' Cantin, 95 Cremazie St., Quebec.

Always a Good Friend to Women

Are Dodd's Kidney Pills When You are Suffering from Kidney Ailments.

Madame A. Roussy tells how Dodd's Kidney Pills relieved her from pains in the back.

Dack Cote Nord, Que., April 9. (Special)—Of the many persons paying their tribute of praise to Dodd's Kidney Pills, it is noticeable that the great majority are women. The reason given for this is that nearly all of women's ills come from the Kidneys.

The following statement comes from Madame A. Roussy, well-known and highly respected resident here: "I can certainly tell everyone that Dodd's Kidney Pills have done me a great deal of good. I was suffering from pains in my back. I have only taken six boxes of Dodd's Kidney Pills and am completely relieved of my trouble. I will never be without them in the house."

Dodd's Kidney Pills act directly on the Kidneys, healing and strengthening them, they enable the Kidneys to strain all the impurities out of the blood.

At the Majestic To-Day

CAMERON GEDDES IN A NEW SERIES OF SONGS.

To-night Cameron Geddes will sing "Rocked in the Cradle of the Deep," "Tost's Good-Bye," and "When You Come Home." The first two numbers are well known to local concert goers and will give another opportunity to compare the celebrated vocalist with others who sang these songs in the past. Majestic patrons are assured of an excellent series of film exhibits for the balance of the week. Buck Jones is appearing in "Second Hand Love." It is sufficient only to mention the name of this celebrated star to state the fact that the feature is one worth seeing. Buck Jones is perhaps the greatest favourite in the movie business in America to-day. Laugh and the world laughs with you. You cannot help yourself after witnessing the bunch of fun in the comedy, "Somebody Lied." The Fox News Reel will certainly be of much interest to all in as much as that events of world wide interest will be pictured as they really happened. Every item of the programme is up to date and the bill from every viewpoint is a very inviting one.

BUICK
To-Day's Message to Motorists.
If it is necessary and wise to put brakes on all wheels of steam and electric cars, which run on a restricted line of steel rails, how much more necessary and wise it is to place them on automobiles that travel in traffic that is congested with both cars and human beings. Four-wheel brakes for automobiles are already being welcomed by police departments and safety committees in every large city as a great step forward in making traffic safer.
All 1924 Buicks are equipped with FOUR-WHEEL BRAKES.
