George Dickie, Hyde Park, has left for Auckland, New Zealand, on a visit to relatives. Mr. Dickie expects to be away about four months.

Early Thursday morning A. B. McGregor, postmaster of Appin, detected a suspicious sound. On rising and proceeding with caution to his store he saw a man trying to pick the lock of the front door. Mr. McGregor inquired what he was doing. He replied, "I am trying to fix my knife, which I have broken."

The proprietor promised to "tickle" the intruder as soon as he could get outside, and the gentleman sprang down street with bullets flying about his feet. The would-be burglar was a fine-looking man, with full beard and a hat of the latest style, and a dark-brown or black overcoat. He would weigh about 180 pounds, and was a smooth talker, aged about 40 or 45 years. Mr. McGregor could identify him again. He promised not to return.

A ST. CATHARINES MIRACLE.

An Old and Esteemed Citizen Restored to Health and Strength.

Mr. C. W. Helms, Sen., Relates the Particulars of His Sufferings and Relief to a Standard Reporter—Advice to Other Sufferers.

(St. Catharines Standard.)

Casualty, the other day, the Standard learned that Mr. C. W. Helms, sen., one of the oldest and most respected citizens of St. Catharines, had been restored to health after years of suffering, in a manner bordering on the miraculous. The editor of this paper had known Mr. Helms for years, and he was anxious to hear from him the story of his wonderful recovery. He had not seen Mr. Helms for some months, but met with a very warm welcome when he told the errand upon which he had come. Mr. Helms' home is on the corner of St. Paul and Court streets, and he is well known to all our older residents as a citizen of the highest integrity, having lived in this city since 1833.

"I have had rheumatism," said Mr. Helms, "more or less for the past twenty years, which often got so painful that I could not get about at all. I had been to all the doctors here and to some in Toronto and Buffalo, but I could get no relief worth speaking about. Five years ago I went to England and took a vapor bath, and felt so much relieved that I took two more. The relief, however, was only temporary, and four and a half years ago the lameness and pains came on again and so completely used me up that I could hardly do anything. I applied to a number of doctors for treatment, and two of them treated me without relief. My age, they said, was against me; that if I were a younger man there might be some hope for me. I was 84 last October. I then discontinued the doctors' treatment, and about a year ago got a box of Dr. Williams' Pink Pills for Pale People and used them without feeling any benefit and quit. This spring I used another box without any effect and again stopped. Yet now I expected to die, and seemed to think that a box of Pink Pills ought to do what years of doctoring did not do. In July I read about the case of Mr. Condon, of Oakville, who had used, I think, eighteen boxes. When I read that he was fully cured, I took two more. I was 84 last October. I then discontinued the doctors' treatment, and about a year ago got a box of Dr. Williams' Pink Pills for Pale People and used them without feeling any benefit and quit. This spring I used another box without any effect and again stopped. Yet now I expected to die, and seemed to think that a box of Pink Pills ought to do what years of doctoring did not do. In July I read about the case of Mr. Condon, of Oakville, who had used, I think, eighteen boxes. When I read that he was fully cured, I took two more. The relief, however, was only temporary, and four and a half years ago the lameness and pains came on again and so completely used me up that I could hardly do anything. I applied to a number of doctors for treatment, and two of them treated me without relief. My age, they said, was against me; that if I were a younger man there might be some hope for me.
