He not only cures the condition itself, but I kewise all the complications, such as rheumatism, bladder or kidney troubles, heart disease, physical and nervous debility, lack of vitality, etc.

The doctorrealizes that it is one thing to make claims and another thing to back them up; so he has made it a rule not to ask for money unless he cures you, and when you are cured, he feels sure that you will willingly pay him a small fee. It seems, therefore, that it is to the best interests of everyone who suffers to write the doctor confidentially and lay your case before him, which will receive careful attention, and a correct diagnosis of your case will be made free of charge; if you have lost faith write him, as you have everything to gain and nothing to lose; you must remember not one penny need be paid until you are cured All medicines for patients are prepared in his own laboratory to meet the requirements of each individual case. There are few women indeed who to not suffer with chronic constipation. Nearly all are slaves to some kind of medicine to correct this trouble, and yet they get nothing but temporary relief. One period of constipation is followed by another, and it's physic, physic, physic, year in and year out, till life becomes a burden. There is now a sure cure for this

condition, and a cure that does not have to be repeated. It is Dr. Leonhardt's Anti-Pill. Dr. Leonhardt, of Lincoln, Neb., is the author of this prescription.
