

THE LONDON ADVERTISER, FRIDAY, APRIL 16, 1915.

All sorts of fabrics that touch the skin should be washed with

LUX

because of its marvelous cleaning and softening properties. LUX forms a foamy, cream-like lather that the daintiest hands or fabrics need never fear. It coaxes rather than forces dirt out of clothes, refining the texture of the fabric. Because LUX adds so to the life of all garments it has become the favorite cleanser of particular women everywhere. LUX Won't Shrink Woollens.

It's the pure essence of soap in flakes—10c. the package. 6

LEUT. GLADSTONE'S DEATH A DISASTER

Friends of Brilliant Young Man, However, Proud of His Record.

[Canadian Press.] London, April 15.—The Daily Chronicle's parliamentary correspondent, referring to the death of W. G. Gladstone, who has been slain in France, says: "Lieut. Gladstone's death comes as a heavy blow to his friends, although I believe to some of them he expressed the sentiment that he would never see England again. Universally popular, a member of other parties besides his own, especially the Irish, who had a warm affection for him, he became a prominent figure in the House almost the moment he entered it, and few members of his age were better known in the lobby."

"Partly, of course, his prominence was due to his great name, but more, I think, to his aptitude, which was no hereditary. For in the House of Commons Mr. Gladstone always knew when to speak, and he had the knack of calling the mood of the House. He was pre-eminently a House of Commons man. I do not believe he ever had to undergo the ordeal so common with the beginner, and with so many who are not beginners, of having to speak to empty benches."

"A signal honor it was to be the only English speaker at the great convention of Dublin, which accepted the home rule bill. There again, though the invitation was partly, no doubt, senti-

mental, the appreciation of his speech, when it was given, was for the speech itself and not because the speaker's name was Gladstone.

"Though his loss is heavy, his friends cannot help but be proud that the only Liberal member of Parliament killed in action in the fight for liberty of small nations should be the grandson and heir of the protagonist of that cause in modern Europe."

MISSIONARIES WELL TREATED IN TURKEY

Rev. T. E. Hodgson Writes From Constantinople of the Consideration Shown.

[Canadian Press.] London, April 6.—(Correspondence)—"The Turks so far have treated all the foreign missionaries and business people very handsomely," writes the Rev. Dr. T. E. Hodgson, a British missionary from Constantinople, describing the state of affairs in the Turkish capital. He continues: "We are perfectly well, comfortable, and happy, so far as circumstances will allow. Our most sincere recognition is due to the courtesy of the authorities here; the Turks not only go out of their way to be kind to us, but have shown a delicacy of feeling which does credit to their humanity."

"Order has been strictly maintained in this great city, and we and our people have suffered not the slightest molestation or trouble. Our work proceeds as usual. We do not know what a day may bring forth, but in the meantime our friends should realize that we are really well and contented, and that our confidence in the authorities has been fully justified by the fact that our doors have not been closed for a single day."

ZEPPELINS AGAIN VISITING ENGLAND

Two Drop Bombs On The East Coast, Near To London.

WOMAN SLIGHTLY HURT

Considerable Damage Done Property, and Some Buildings Burned.

[Canadian Press.] London, April 15.—At least two Zeppelins raided the counties of Suffolk and Essex early this morning and dropped bombs within 35 miles of London, but so far as material damage was concerned the attack of the Germans was less successful than on previous occasions. One woman is reported to have been slightly hurt. A large number of bombs were dropped on towns and villages, but no loss of life resulted. The number of airships which took part in the raid is uncertain, but it is assumed that more than one, as attacks were made within a few minutes of each other at points 70 miles apart.

The first was on Malden at 12:20 a.m., by a Zeppelin which previously passed over Bournemouth and Southampton. After dropping bombs at Malden, the airship turned north and let fall more explosives at Heybridge. It may have been the same craft seen at 1 o'clock flying over Harwich in the direction of Ipswich. A second attack was made between 12:30 and 12:45 at Southwold, ten miles south of Lowestoft.

At Lowestoft, where three bombs were dropped, a lumber yard was set on fire, three horses were killed and several windows were broken. At Southwold, where down was broken, at Southwold, where several bombs were dropped, railway trucks were fired; at Malden, a house was struck, but only slightly damaged; at Heybridge, several bombs were dropped, but no damage was reported.

A telegram received here from Malden, in Holland, says that port this morning and reported having sighted a Zeppelin airship at 5 o'clock at a point fifteen miles off the Dutch coast. The airship was headed in the direction of Germany, and is believed to be one of the invaders on her way home.

LITTLE DAMAGE AT MALDON. MALDON, Eng., April 15.—2 a.m.—No material damage and no persons injured resulted from the airship over Malden early this morning as far as has been reported. Seven bombs were dropped at Heybridge across the Black water to the north of Malden. An airship also was seen over South Minister, having travelled the ten miles from Malden in a short space of time.

APPEARS OVER HARWICH. HARWICH, Eng., April 15.—2 a.m.—At 12:55 o'clock this morning a German airship passed over Harwich at a considerable altitude, coming from the North Sea. It also passed over Felixstowe and went in the direction of Ipswich. The airship showed no lights. No bombs were dropped in Harwich.

RETURNED SAFELY. AMSTERDAM (via London), April 15.—4:15 a.m.—It is officially announced that the naval airship which attacked the Tynemouth district of England, Wednesday, has returned safely.

WINNIPEG RAILWAY WOULD CUT SERVICE

Pleads For Fewer Cars, Owing To The Large Loss In Revenue.

[Canadian Press.] Winnipeg, April 15.—The war, present financial conditions in Winnipeg and the heavy opposition were responsible for the request of the Winnipeg street railway for permission to cut down by 20 cars its service in Winnipeg, according to the statement of the railway's counsel to the public utilities commissioner. Nearly six hundred thousand fewer passengers were carried by the railway last month than for March a year ago. For the first twelve days of April this year there were four hundred thousand fewer passengers than in the corresponding period last year, and the receipts were fifteen thousand dollars less.

Referring to the jitney business, Edward Anderson, on behalf of the railway, said the promoters of the railway had been promised the sole franchise for carrying passengers. "Today this was a loss to the city to protect it. Were no protection offered the English capitalists who had invested their money, capital was likely to fight shy of this city in future."

Counsel for the city did not object to the reduction in the number of cars, providing it did not establish a precedent. Judgment is expected today.

ENGLISH COURT DEALS WITH DUKE'S ESTATE

Sutherland's Canadian Properties Under Question in London.

[Special Cable to The Advertiser.] London, April 15.—The late Duke of Sutherland's Canadian lands were mentioned in chancery yesterday, when the Duke of Argyll and Sir Arthur Lawley, as trustees, sought a decision in court in regard to the rights and liabilities of those to whom the lands had been bequeathed. "In regard to Alberta property it was agreed that there were seven instalments remaining to be paid, and the question was whether these should be paid out of the duke's residuary, personal estate, or be borne by the Canadian company. The judge agreed the Canadian legatees were responsible."

The next question related to land in British Columbia, which the late duke was in treaty for at the time of his death, but on which nothing was paid. Trustees had since bought it, and the question was whether that passed under the gift of Canadian lands.

The judge held these should form part of the assets of the Canadian company, as the lands did not rightly belong to the late duke at his death.

KILLED BY MOTOR. Winnipeg, Man., April 15.—Mrs. G. H. Bullen, aged 24, whose husband is employed in the Canadian Bank of Commerce, was struck by an automobile while crossing the street last night and killed.

RED CROSS SUPPLIES. TORONTO, April 15.—The shipments of Red Cross supplies from Canada now total 5,698 cases, 425 cases having been shipped from Toronto today. The West has been a heavy contributor.

100,000 OUT OF WORK BY CARPENTERS' STRIKE

Building Valued at \$30,000,000 at Standstill in Chicago.

[Canadian Press.] Chicago, Ill., April 15.—Work practically stopped on building operations valued at \$30,000,000 here today, and 100,000 union men were thrown out of employment as a result of a strike of 16,000 union carpenters, which into effect last night.

The strike, ordered by union leaders, was declared after a demand for an increase in wages from 65 to 70 cents an hour had been refused by the Building Constructors' Employers' Association. The association had offered the men an increase of 2½ cents an hour for the last eighteen months of the three-year agreement.

WILL PENSION CLERGY. [Canadian Press.] The Central Board of Finance of the Church of England has given its approval to the pensioning of its clergymen. A committee is to be appointed at once which will prepare "a comprehensive pension scheme for the ordained and lay ministers of the church."

PEOPLE OFTEN SAY "How Are We To Know When the Kidneys Are Out of Order?"

Easiest Thing in the World!

The location of the kidneys, close to the small of the back, renders the detection of kidney trouble a simple matter. The note of warning comes when the back aches, or when the urine is overtaxed and fails to do their work at nature's call.

Backache is the signal sent out by the kidneys the minute they become overtaxed. Those who heed the warning when it first comes, usually have little trouble.

The danger lies in delay. Doan's Kidney Pills stimulate the action of the kidneys, and enable them to perform their duty perfectly.

Mrs. Greig Murphy, Lower Ship Harbor East, N. S., writes: "I have used Doan's Kidney Pills in my family with great success, and don't think there is a better pill for the kidneys. I was very miserable with my back, and could hardly get about. I got a box, and tried them, and found that they were really good, so I took in all about six boxes, and now I am cured, and my kidneys as well as ever."

Doan's Kidney Pills are 50c per box, 3 boxes for \$1.25; for sale at all dealers in medicine, or direct on receipt of price from The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

HUNGARIANS FAVOR HANGING GRAFTERS

One Army Officer Commits Suicide Rather Than Face Trial.

PEOPLE CHEER HIS ACT

Women Have Been Employed By Contractors To Engineer Deals.

Venice, April 4.—(Correspondence of the Associated Press).—Lieut. Fantà, one of the army officers charged with complicity in the Budapest cloth contractors' scandals, has committed suicide before the beginning of the official investigation. News of Fantà's death was actually received with cheers by the populace, which is clamoring for the hanging of those chiefly responsible for the army uniform frauds.

The police have completed their preliminary investigations into the various cloth frauds. They have ascertained that the contractors for khaki cloth employed a woman as their means of communication with the military officials. The woman is also named, and has confessed to having received \$125,000 in cash, and jewelry worth \$3,000 from the contractors. The jewelry and part of the money were hidden away in some rags in her house.

Some new frauds, this time in connection with the purchase of horses, have been discovered, and have resulted in the arrest of six horse dealers and a number of accomplices, and, in addition, all the members of the official committee appointed to buy horses for the army in Debreczen. Here again a woman was the intermediary between the committee and the contractors. When the peasants brought in their horses for sale, the chairman of the committee, it is alleged, sent them to certain agents, who divided their profits with the committee. In this fraud, according to official estimates, the Government has lost nearly a million dollars.

MINNESOTA IS FAST. [Canadian Press.] Tokyo, April 15.—The position of the steamship Minnesota, which is last on a rock at the entrance to the Inland sea, struck Sunday night, is more serious than was at first supposed. It is expected, however, that if the vessel is favorable the vessel can be floated in a fortnight. Dynamite may be used to destroy the ledge on which she is fast.

BRILLIANT IDEA

Frenchman Suggests Replacing Every Merchant Ship Sunk From Captive German Ships.

[Canadian Press.] Paris, April 16.—M. Leguay, De Mezauban, president of the British Shipowners' Association, has suggested that the minister of marine replace each ship belonging to the Allies sunk by a German submarine by a vessel of corresponding size from the 275 German ships detained at French ports since the beginning of the war. This M. De Mezauban believes would cause German shipowners to do their utmost to induce Emperor William to put a stop to a method of warfare, the cost of which was borne by them.

The proposal of M. De Mezauban has taken into consideration by the French Government, but before it can be put into execution an arrangement must be reached with the British authorities.

HAD INDIGESTION FOR OVER TEN YEARS

ALMOST DESPAIRED OF EVER GETTING WELL.

Indigestion is one of the worst forms of stomach trouble. The stomach becomes upset and you have a raw, debilitating feeling in it. After a meal you feel that you must get rid of that nasty, bilious, burning sensation. It is not necessary for you to be troubled with indigestion if you will only try that old, well-known remedy, Burdock Blood Bitters, which is a combination of nature's best known roots, herbs and barks for the cure of all stomach and blood troubles.

Mrs. Mary McKay, Hunter's Mountain, N. S., writes: "I was troubled with indigestion for more than ten years. I tried several doctors' medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was 'not in now good, and I can eat most everything without any disagreeable feelings."

"I can strongly recommend B. B. B. to anyone suffering from indigestion."

B. B. B. is manufactured only by T. Milburn Co., Limited, Toronto, Ont.

Vinol

RESTORES STRENGTH

TO OVERWORKED RUN-DOWN MEN

YOUR MONEY BACK IF IT FAILS

A Blessing to a New York Official Photographer

New York City.—"I have found Vinol to be a godsend as a reconstructive tonic for a run-down constitution. I am an official photographer, and for a long time I suffered from weakness and general debility, and soon realized that my strength was fast leaving me. I tried different tonics without benefit, but one day I saw Vinol advertised and decided to try it. Before I had taken two bottles I had gained in health and strength so that I could do 100% more work than before. Vinol is the best tonic I ever took and I cannot say enough in its praise to do it justice."

WILLIAM KOHLHOFF, 4 Irving Place, New York.

It is the combined action of the curative elements of the cods' livers aided by the blood making and strength creating properties of tonic iron contained in Vinol which makes it the best body building and strength creating tonic known.
