FINISH HAS COME TO SOCIALS AT "U"

Summer School Students Enjoy Bowling This Afternoon.

IN FINE SPIRITS

An afternoon of bowling followed by an evening on the banks of the Thames, with a bonfire supper featuring the hot dog and the marsh-mallow, marks the last of the outdoor social activities of the summer school of the University of Western Ontario.

Friday the members of the faculty and the student body were the guests of the Thistle Lawn Bowling Club. They will play to their hearts content for the afternoon, and tonight a bonfire back of the old university buildings will cook a hearty meal for the nearly one hundred university people who attend.

Dr. H. R. Kingston, director of the summer school, stated today that Western was much indebted to the members of the Thistle Club for the generous hospitality accorded the university. The club made arrangements for out-of-town students and faculty members to use the lawns this summer and had presented them with honorary memberships. Today the entire student body are their guests.

Dr. Kingston states that the school has had a splendid summer. The students have entered thoroughly into the spirit of Western. They have stuck together in work and play, with the result that the social events were all successful and helped materially to add pleasure to hot weather study.

At noon nearly all of the students had signed up for today's event. Among those who will bowl and later have supper by the river are: Dr. H. R. Kingston and Mrs. Kingston, W. J. Squire, R. McGill, J. M. Kingston, G. H. Robson, A. N. Beattie, B. S. Scott, C. S. Black and M. Black, J. S. Gemmell, W. Grant, D. Kingsborough, F. L. Carson, F. H. and Mrs. Galvin, George W. Hinder, S. M. Caverly, A. D. SCIENTISTS BOAST NINETEEN HUNDRED

Membership Nears 2,000
Mark—British Party Arrives For Convention.

Canadian Press Despatch.
Toronto, Aug. 1.—Secretaries endorsed the 1,900th application this afternoon for membership in the British Association for the Advancement of Science, which will enter the 95th year of its activity here when Major General Sir David Bruce delivers his inaugural address next Wednesday night as president of the 1924 meeting.

Delegates from the universities of Great Britain with their wives and families numbering 540 in all arrived in Quebec today, and 200 prominent scientists from the United States will complete the body of savants and intellectuals with which the citizens of the province will have an opportunity to commune in the scientific meetings and discussions, popular lectures, and social events.

Over 1,000 Torontonians, busy in so far as science is concerned, will attend the sessions, and an additional 200 from neighboring cities in the province have signified their intention of participating in the meetings during the week of August 6-13. With the membership list growing each hour, it is anticipated that the 2,000 mark will be passed. This figure is considered a bumper attendance when the meetings are held in England, and members of the British Association say.

BANK SHAREHOLDERS DEMAND 25 PER CENT

Number of Depositors Owning Home Bank Shares Begin Action.

Canadian Press Despatch.
Toronto, Aug. 1.—Acting for a number of shareholders of the defunct Home Bank who are also depositors, R. A. Reid, barrister, is commencing legal proceedings to compel payment by the liquidators of the amount of the 25 per cent dividend which was ordered to be paid to them, but which, it is stated, the bank officials are holding back and refusing to pay because they say a number of these shareholders are also debtors who owe the bank the amount of their double liability, and the liquidators claim the right to set off this dividend against the double liability.

The law on these questions will have to be decided by the privy council in England, says Mr. Reid, before his clients who owe the bank to meet the amount of their double liability, and the liquidators claim the right to set off this dividend against the double liability.

At Loew's Theatre next week will be presented the "Bobolink Kiddies," ten cute, clever kiddies, in a comedy song and dance review, full of pep and life from the opening number to the finale. This is one time in a person's life that they can and must take the time off and go to the theatre, for this collection of juvenile stars ranks high with any that have ever played in London. To recall your childhood days, with their laughter and joy, you must come to Loew's Theatre on Monday, Tuesday or Wednesday of next week and see the performance of these ten wonderful, juvenile players. For the children it is a special treat, so do not fail to bring them along.
