The Lacrosse Season in Victoria. Projected Cinder Path at Beacon Hill.
Australia's Decision in the Matter of Amateurs—Cricket and Gan Arrangements.
The adjourned annual meeting of the Victoria Lacrosse Club was held last even-ing, the principal business being the con-sideration of the Auditing committee's
BEITISH PACIFIC KAILWAY.
To THE EDITOR: -I notice by a memor- andum made by Prof. Dawson that there are in the lower part of the Neohaco valley about 1,000 square miles of fine agricultural lad. Mr. Dawson gives approximate figures for other farming districts in the same part of the Province, and suggests other arable areas near by, from all of which 1 deduce that there is in and around the valley of the Neohaco and its tributaries fully 2,000 square miles of land fit for til- lage. I do not think that this will ever be awheat growing region, although possibly grain might be grown in any part of it in some particularly favored localities in all seasons. At the same time it is worth mentioning that wheat sideration of the Auditing committee's same time it is worth mentioning that wheat raising is by no means the most profitable kind of agriculture. There is no doubt that the whole locality embraced in this season. The report showed a small deficits. Plans for the present season were discussed, and it was decided that a statement should be submitted after each match, so that the Managing committee may know exactly how the finances stand and govern them-selves accordingly. A meeting of the Front the solution of the successful cultivation of barley, rye, oats, and the vegetables usually grown in temperate climates. It is especially adapted for dairy farming and this is the most profitable department of agriculture. In the area referred to, Prof. Dawson does not include any of the grazing land proper.
