Clerk of the Municipality of York Township,

FIREPROOF BUILDING MATERIAL. PIREPROOF BUILDING MATERIAL.

Dr. Stephen, an eminent physician of New York, Vice-President of the National Board of Health, and late State Commissioner in Lunacy, after a critical examination of Terra Cotta Porous Ware, strongly recommends its use in hospitals, asylums and similar institutions, as "it makes a floor and wall that noise can scarcely penetrate, and capable of taking a finish which will be permeable to air, and may be washed and disinfected."

A recent test at the St. Lawrence Foundry, Toronto, shows that our 9 inch flat arch blocks, in a span of four feet, sustained, without any indication of weakness, 4545 bb. of metal on one square foot of surface.

Architects are recognizing the value of this material, our latest endorsers being: R. A. Waite, Esq., of Buffalo, N, Y.; Messrs. Brown & Love, Toronto; John J. Brown, Esq., Montreal, and Messrs, Knox & Elliott, Toronto.

Our latest orders are from the Bank of Commerce (now building), Toronto, the Royal Insurance Co., rebuilding Head Office, Montreal, the Imperial Fire Insurance Co., new offices at Montreal.

Correspondence solicited.
