

THE EXECUTIVE'S MESSAGE.

Brady's shortcomings to be investigated. The Executive Committee of the City Council met yesterday afternoon in its regular session since vacation. Chairman Saunders, the Mayor, Ald. Bell, Scores, Jolliffe, Macdonald, Maloney, Orr and Lamb were present.

The shortcoming of Assistant Police Clerk Brady were discussed. A sub-committee will investigate the matter. Acting on a request from the school board, instructions were given the Solicitor to prepare for submission to the council a by-law to provide for the holding of an election for school trustees in Ward 6.

Mr. Edward Taylor, who has been acting as City Relief Officer, was given the permanent appointment. His salary will not be increased this year. Despite the vigorous support of Ald. Lamb this proposal to extend McMillan-avenue (North Mutual-street) was thrown out, as was the recommendation for the extension of Brighton-avenue to the east.

The Board of Works will be asked to reconsider their report in favor of the widening of the street between the intersection of the street and the intersection of the street.

Speaking of wooden sidewalks the Mayor said he thought the payments should be made within a year, instead of being spread over five years. Ald. Orr thought the present system was wrong, and said a by-law should be framed to remedy it.

Ald. Bell presented the report of a sub-committee which investigated the complaint of Sully-street residents, who say that while they had access to old College-street their street has not been extended as far as the new street. The committee recommended that the city pay two-thirds of the cost of extending the street, the one-third to be assessed to the ratepayers.

A special meeting of the Gaelic Society of Toronto will take place at 3 o'clock p.m. tomorrow in the Hall, at which Rev. Murdoch Mackenzie of Inverness, Scotland, will deliver a sermon in the Gaelic language. Mr. Mackenzie is a delegate to the Manx Presbyterian Council meeting of the city, and is one of the ablest Gaelic preachers of the day.

Mr. J. Enoch Thompson, who has been long known in Toronto as a property owner and real estate arbitrator, has joined as partner, the old auctioneering firm of C. M. Henderson & Co., at the corner of Yonge and Shuter-streets. It is the intention of the new firm to extend and enlarge their present operations and to pay special attention to trade sales, assignments, and execution of a commercial nature.

Next Thursday Mr. Charles Henderson will begin his sale of 500 horses about to be retired from the service of the Toronto Street Railway Company by reason of the introduction of the electric motor. The horses are in the best of condition, have been well taken care of and never over-worked, and are just the right kind for general purposes, winter wanted on the farm, in the express wagon or lumbering. The sale is to be without reserve, and buyers can confidently attend from any part of the country and realize bargains. The sale will be at the Kingsway stables, near the Don, at 11 o'clock.

The church-going public reading in the northern part of the city will have the opportunity of enjoying a rare treat to-morrow. The subject of the 1100-street Presbyterian Church will be occupied by some of the most noted delegates attending the Pan-Prebyterian Synod, which is being held at the Hotel McMillan, Toronto, on the 25th and 26th inst. The Rev. Dr. James H. McMillan will preach in the afternoon at 4:45 and Rev. Dr. John Hill in the evening.

The great attraction at the West End of the present time is the magnificent exhibit of furniture and carpets at the Potter & Co. Furniture House, corner Queen and Portland-streets. They have an immense window to show goods and have used the greatest taste in arranging their carpets and furniture display. Bargains can be had in carpets or furniture without going downtown. Stop at the corner Queen and Portland-streets.

Called to the West. The great attraction at the West End of the present time is the magnificent exhibit of furniture and carpets at the Potter & Co. Furniture House, corner Queen and Portland-streets. They have an immense window to show goods and have used the greatest taste in arranging their carpets and furniture display. Bargains can be had in carpets or furniture without going downtown. Stop at the corner Queen and Portland-streets.

And He Saw It. Davron, O., Sept. 23.—The Big Four freight train was wrecked on the west side last evening by a 6-year-old boy turning the switch. The boy said he wanted to see a big wreck. Ten cars were smashed, but no one was killed. One trial of Motter's Glycerin Worm Exterminator will convince you that it is no equal as a worm medicine. Buy a bottle and see it done please you.

OVERCROWDED SCHOOLS.

How Children Are Huddled Together in Our Public Schools. An exhaustive investigation has emphasized the already too patent fact that Toronto does not provide sufficient and proper accommodation for the education of her children. Out of the 44 schools in the city only 13 are perfect in respect to accommodation. In these 44 schools there are 440 rooms; and 95 rooms accommodate, or rather fail to accommodate, more than 60 pupils each. To provide more rooms apartments in private buildings near 11 schools have been rented, but only in one case, that of Eglinton-street school, does this resort render it unnecessary for 60 pupils to be placed in one room. At two schools, Dufferin-street and Bolton-avenue, pupils are kept in the basements. Fifty-nine rooms contain each more than 60 children and less than 70; 19 have more than 80 and less than 90. One room in the Huron-street School contains 90 pupils and one in the Leslie-street School has 104. At 15 schools pupils have been turned away, and in all admission has been refused to 230 children. The Gladstone-avenue School has turned away 71 and the Rose-avenue 44 children. There are 1153 pupils quartered in rented rooms and 1005 children in the city not provided with proper accommodation. The overcrowding is chiefly in the Parkdale schools and those to the north of Parkdale.

OUR BARGAIN DAY

We desire to call your attention to the fact --- THAT EVERY DAY --- is Bargain Day with us, therefore all you require is the READY CASH to secure Bargains the Whole Year Round at

THE BON MARCHE, 7 & 9 KING-STREET E., TORONTO.

ONE MINUTE OF YOUR TIME, PLEASE

One of the largest Department Stores of this City was fined the other day for selling Patent Medicine preparations that contained some small portion of a poison, without a label to that effect being shown on outside of bottle.

Steps are being taken under the "Pharmacy Act" and for the protection of the "Drug-trade" to arrest all who sell such preparations and are not members of the profession.

Who ever heard of a Druggist selling a "Bottle of German Syrup" caution his customer that it contained a poison?

HERE IS THE POINT WE SEEK TO MAKE

Radam's Microbe Killer has now been before our Toronto people and the public of Canada in general going on its 3rd year. During this time no pains nor labor have been spared, by a large majority of both the "Medical and Pharmaceutical Professions" TO NOT ONLY DECRY THIS REMEDY, BUT TO DENOUNCE IT AS A POISON, AND IN EVERY WAY IMAGINABLE SOUGHT TO HINDER ITS SALE.

THESE MALICIOUS STATEMENTS BY POISON VENDORS AND POISON PRESCRIBERS have frightened so many from using Microbe Killer that we are compelled to call attention to the one fact, that if our remedy were such as they describe it

WHY DO THEY NOT INVOKE THE LAW? Why do they not proscribe its sale or limit its sale to licensed poison vendors only? This Ought to be an Eye-Opener for the Public.

We dare these maligners to appear in any Court of the land with us and show the truth or falsity of our statements. If they dare not ACCEPT THIS CHALLENGE then LET THEM HOLD THEIR PEACE.

In the meantime we still wish to impress the people that M. K. is as harmless as water; and that it does all that is claimed for it, proven hundredfold by letters in our possession from grateful Canadians, who had energy and pluck enough to throw off the thraldom of the medically-oke and seek relief elsewhere.

WM. RADAM MICROBE KILLER CO., LTD., 120 KING W., TORONTO.
