On the Disputed North- W of New BRUNSWICE, bo United States of North An P. YULE, Royal Bugines (Concluded. First they persuade our C the year 1798, to yield only ineignificant river—a trifle mous nation; then they mas objection to our Commission hill the termination of the N ceive it as a point to be disc sensible of its incompatibility

tions of the Treaty, so that suitable time its absurdity of available in argument by the Week character.
One untenable point being necessary abandonment by a whole cause, and renders the of it more popular with our may thus, with good show plain of the spirit shewn by

fulfilment of the Treaty.
It may be asserted, that, find itself convicted of havin yielded certain adventages, it here to the decisions of its au with all their defects ; but on il a foreign people rigidly a er be considered as entitled privileges as are usually gran favoured nations, bound by interest We are ready to admit, th

the Treaty of 1783, is not eleclaim of the United States; entirely in favour of Great B an American, we conceive ca In all transactions between obvious meaning and intentio sidered; tried by this test, be pose that Great Britain con advantage as is given by this c of the United States.

A contract which might a against one party may eventu changed in its effect, neither ing that it lost any advantag with the other, that both wou leave it untouched : but this is not yet luifilled, and of wh are doubtful in expression, il their meaning, was always a, erer must be so.

Nothing can change its e quitable nature; as would be ustance, in a matter of con respect to an estate, of which portion might be equivalent valuable timber, soil, or mines. But the American claim hole, yet any portion vielded

of St John would neutralize Great Britain of any comprom It was evidently the true inte ty of 1783 to secure to the res the whole courses of those rive tributaries," the mouths of white ally known and acdnowledged to the respective parties, the sc were to serve as starting points at any time, and for ever, while as each successive tributary wi its source, every inhabitant of the point out the frontier line.

Nothing more simple than so ry as nature points out; to neither commissioners, nor me need be summoned to the assis Governments willing to agree. In . Court of Equity such a on a glance at the relative sit two countries as to their fronti once be decided in tavour of ( We appear always to have go

Yet, if we now blame our C in 1793 and 1798, the United & may say that we only yielded po value, and must not make a n concessions when the struggle Interests begins.

The argument would be excel

now that they have got nearly and would serve as the ordinary from every experience how vain pect from them or any other pe spirit of conciliation, unless it i contrary very injurious to the vie by encouraging a spirit of per encroachment on the other, Nevertheless we are inclined

to the sincerity of the United Sta ment for some years past in the of this matter. It is the pop against which, by the former mo ducting it, that Government and now to contend; for by not settle time has been allowed for a new to spring up in the United States their earliest years have imbibed tion that we withhold from them their territory: The following is an instance of
