

All Sabbath-School Workers

Should be Total Abstainers

—and—

All Total Abstainers in Canada

should give their patronage and influence to **The Temperance and General Life Assurance Co.**, which offers them distinct advantages, and has to-day the largest body of Total Abstainers classed by themselves of any regular company in America.

The wisdom of its course is confirmed by its success. A lower death rate in its Temperance Section than any other company for so long a period, or so large a business, proves the wisdom of Total Abstainers either securing better rates or separate classification when they insure their lives. They can do either by insuring in the

Temperance and General Life Assurance Co.

which is the Total Abstainers' Company in Canada.
