Somerville, Rev. J. H. Vincent, D.D., and over Six Hundred Bible Readings and Bible Studies by some of the most eminent Bible Students of the day.

What is Said of the Book.

Below are some of the many notices received:

This book is a marvel of cheapness. We have carefully examined its contents and find it quite up to the expectations which were raised by the prominent names of persons who have contributed to its pages. Among these are Moody, Brookes, Muller, Moorehouse, Whittle, Robinson, Rainford, Vincent, and others. It has also a number of able and thoughtful suggestions on the value of inspiration and resources of the Bible in introductory pages, and gives many excellent hints upon how to study the Bible, and how to use it in the departments of Christian work. The Notes for Bible Readings are brief, as they ought to be, and therefore will be of little help to any but real students of the Word, but to such it will be a most important help, and we predict for the book an immense sale.—*Canadian Baptist*, Dec. 27.

This book is well fitted to accomplish its professed object, which is "to stimulate to a more diligent and systematic study of God's Word." It is not a commentary; it is something better. It does not give exhaustive explanatory notes in connection with any subject; it rather aims at furnishing such hints as will prove suggestive and awaken further research. About one-third of the book is occupied with valuable directions for Bible study, collected from various sources. The remaining two-thirds is taken up with the "Notes" proper. They are skillfully and judiciously arranged; and the Bible student will find them a very great help.—*Presbyterian*, Dec. 28th, 1877.
