This remarkable statement to which we direct special attention, is from a Tennessee farmer. My age is 63. I suffered intensely from Catarrh 10 years. Had intense headache, took cold easily, had continual roaring and singing in my ears. My hearing began to fail, and for three years I was almost entirely deaf, and I continually grew worse. Everything I had tried, failed. In despair I commenced to use the Aerial Medication in 1888, and the effect of the first application was simply wonderful. In less than five minutes my hearing was fully restored, and has been perfect ever since, and in a few months was entirely cured of Catarrh. ELI BROWN, Jacksboro, Tenn.

Paine's Celery Compound Does a Wondrous Work for Mr. Samuel Hanna.

NEIGHBOURS AND FRIENDS ASTONISHED.

Like Results Never Accomplished by Any Other Medicine.

The case of Mr. Samuel Hanna, an esteemed resident of Manvers, Ont., has attracted the attention of hundreds living in the district. Since Mr. Hanna's cure, by the use of Paine's Celery Compound, scores who were previously skeptical, are now thoroughly convinced that every word and sentence of praise written in favor of Paine's Celery Compound in the past, is true and deserving.

As a speedy curer of disease, a strengthener and health-giver, the vast majority of men and women in Canada admit that Paine's Celery Compound has no equal. Mr. Hanna writes thus about his wonderful cure :-

"After severe sickness and suffering for a length of time, I am happy to state that I was made well by Paine's Celery Compound. To be raised up from a low and weak state inside of two weeks, is a marvellous work, which nothing else but Paine's Celery Compound could have accomplished.

"After using half the first bottle of the Compound, I was able to dig the holes for a forty rod fence, and help to build it. Before using Paine's Celery Compound, I could not sleep, and had no appetite; now I enjoy good sleep and a healthful appetite. Paine's Celery Compound is worth its weight in gold to any sufferer; it is the best medicine in the world."

Forty-Year Annuities.

The undersigned will receive TENDERS for the Purchase of Terminable Annuities running for a period of forty years, issued by the Province of Ontario under authority of an Act of the Provincial Parliament (47 Vic., cap. 31).

The Annuities will be in the form of certificates signed by the Provincial Treasurer guaranteeing half-yearly payments at the office of the Provincial Treasurer in Toronto of sums of \$100, or larger sums, on the 30th day of June and 31st day of December in each year for forty years from 30th day of June next, the first half-yearly certificates being payable on the 31st December next.

The total amount of Annuities to be issued in 1895, and for which Tenders are asked, is \$8,000 annually, but Tenders will be received for any part of the same not less than \$200 annually.

Tenders will be required to state the capital sum which will be paid for either the whole Annuities offered or such portion as may be tendered for.

Tenders will be received up to the 12th day of July next. Notification of allotments will be given to tenderers on or before 18th July and payments from accepted tenderers will be required to be made within ten days thereafter.

Tenders for the whole amount offered, if preferred, may be upon condition that the annuities be payable in Great Britain in sterling.

The highest or any tender not necessarily accepted unless otherwise satisfactory.

R. HARCOURT, Provincial Treasurer.

Provincial Treasurer's Office, Toronto, May 8th, 1895.

NOTE.—Illustration of calculation on interest basis:—At the rate of 4 per cent. per annum (or in strictness 2 per cent. half-yearly) a present payment of \$1,987.25 would represent an annuity of \$100 for forty years, payable half-yearly, while the actual yearly payment for the forty years would be a fraction above 5 per cent. on the principal sum.

N.B.—No unauthorized advertisement will be paid for.

HEALTH AND HOUSEHOLD HINTS.

Ringworms will yield to borax treatment. Apply a strong solution of borax three times a day; also dust on the dry powder very often.

For inflammatory rheumatism dissolve into a pint of sweet oil one ounce of pulverized saltpetre, and thoroughly rub the parts affected.

Sponge old black silk with cold coffee and a little ammonia. Do not starch laces, but, after rinsing, dip them in a little water in which some white sugar has been dissolved.

Kerosene is an excellent aid in the laundry. Soak your clothes over night in warm suds into which a liberal amount of kerosene has been poured. They will wash much more easily and will appear much better.

Try a bandage of hot salt outside the face for neuralgia; fill the mouth with hot salt in cases of toothache; put a little hot salt in a piece of muslin, and then put it in the ear for a second or two when earache is troublesome.

Angel Cake.—Whites of eleven eggs, one and a half cups of granulated sugar sifted once, one cup of flour sifted with one teaspoonful of cream of tartar four times, one teaspoonful of vanilla. Bake in an ungreased pan forty minutes. When done invert the pan on two cups and let it stand until the cake is cold.

Strawberry Charlotte Russe.—Line the bottom of a thin ring mold with a round of white paper and the sides with split lady fingers. Next soak one ounce of gelatine in one-half pint of cold water and let it set until soft. Place it on the fire, and while it is dissolving press a quart of fresh strawberries through a sieve. To these add one cup of powdered sugar. The gelatine must then be taken off and allowed to cool, then the berries are added, and finally one pint of whipped cream. The mixture is then poured into the mould and put on ice.

Strawberry Sponge.—One pint of strawberry juice, one cup of sugar, one-half box of gelatine, one-half pint of boiling water, four eggs. Cover the gelatine with a half cup of cold water and soak for half an hour. Then pour over it the boiling water, add the sugar and stir until dissolved. Add the strawberry juice and strain into a tin basin. Put this basin in a pan of cracked ice to stand until cold and thick, stirring occasionally. Then beat to a stiff froth, add the well-beaten whites of the eggs and beat until smooth. Turn into a fancy mold to harden. Serve with vanilla sauce poured around it.

LITERARY COMPETITION.

The Toronto Saturday Night refers as follows to the short story competition offered by the Dr. Williams' Medicine Company, of Brockville:

"It is gratifying to find this large business firm interested in literature, and the nature of the competition is such that a keen interest is sure to be aroused in all parts of Canada. There is perhaps no portion of the world that yields material so abundant, situations so piquant and characters so striking, for the writer of short stories, as may be found in Canada and more particularly in the North-west Territories. We have seen what Gilbert Parker has been able to do with his all too limited knowledge of the Hudson Bay country. Had he or any other trained writer as complete a knowledge of our great North-west, the traditions of the forts, the halfbreeds and the Indians, as is possessed by hundreds of our readers, the literature of the world would be enriched. Winners of cash prizes in other competitions are excluded, so that there is no reason why beginners should not try a hand."

Three hundred dollars is offered in prizes, the amount being divided among the best five stories received. Stories for competition must reach the Dr. Williams' Medicine Co., Brockville, Ont., before the 1st of July next.

No Wonder He Dreads It, if his house is cleaned in the old-fashioned, tearing-up way. Why can't a man's wife use Pearline for cleaning house, and let him keep comfortable? That's all she needs—

Pearline and water—to make it an easy thing (and a quick one,) both for herself and for everybody around her. Everything in the house, from cellar to attic, can be cleaned best with Pearline. Besides, with your paint and wood-work and such things, you'll save a lot of wear that comes from useless scrubbing.
