

A KINGSTON MERCHANT.

Tells of his Release from the Pains of Rheumatism.

It Had Afflicted Him for Upwards of Ten Years and Many Remedies Were Tried in Vain. Dr. Williams' Pink Pills Effected His Release.

From the Freeman, Kingston, Ont.

Fifteen years ago Mr. Alexander O'Brien, the popular Princes street tailor, was one of the most athletic young men in Kingston, both as a foot racer and otherwise. Eleven years ago he commenced business and shortly afterwards was stricken with rheumatism, which caused him much pain, loss of rest, and neglect of business. He states that he tried many doctors and many medicines, all to no avail. Over a year ago a friend advised him to try Dr. Williams' Pink Pills, and though he had but little confidence in them, or advertised medicine of any descriptions, at the urgent request of

his friend he decided to give the pills a trial, and according to Mr. O'Brien it was a lucky venture. After the first box had been taken, customers noticed the change, and when three boxes had been finished the result was marvellous. His strength had returned, impoverished blood renewed, muscles developed, rheumatism almost disappeared, barring a slight stiffness in knee joints, which is gradually going, and in the last six months he has done more work in his tailoring establishment, than he had accomplished in the previous four years. A Freeman representative noticing the change in Mr. O'Brien's condition, asked him to what he attributed his apparent good health after such a long siege of illness. Without hesitation he replied, "Well, I have taken no medicine in the past year other than Dr. Williams' Pink Pills, therefore I attribute my present condition solely to their use. They had such a good effect in driving rheumatism out of my system and building up my shattered constitution, that my wife whose health was not any too good also tried the pills. A few boxes remedied her illness and she, too, is as loud in her praise of them as I am. Many of my customers and friends who witnessed the effect of the pills on my constitution commenced to use them, and they tell the same story as I have told you. I am as well now as ever I was in my life.

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapping bearing the full trade mark, Dr. Williams' Pink Pills for Pale People.

PRESBYTERY OF INVERNESS.

This Presbytery met at West Bay recently for visitation and other business. The weather was favorable and the people gathered from the different sections of the congregation till we had quite a large number. Rev. A. Ross preached a very appropriate sermon; and then the pastor, Rev. A. McMillan, and others gave reports. West Bay congregation is a large field of two hundred and thirty families and five churches, and therefore not easily worked. And yet, between preaching, Sabbath schools, C. E. meetings, and family worship, which is very generally observed, the people have the way of salvation frequently pointed out to them, and much instruction given to those who take that way, as well as warning to those who do not. There are ten Sabbath schools and six C. E. societies in the congregation. The C. E. societies hold two conventions in the year. The pastor drives from 50 to 100 miles a week as a rule, and often 160 miles a week in succession. He has a good staff of elders and other helpers. The salary is \$750, paid, not very promptly, but in full about the end of the year. Raised for the Schemes of the Church \$264. One very gracious act, that should not be overlooked in our country charges, is that the congregation of West Bay have just given their pastor a vacation of four weeks. Having heard all the reports, members of Presbytery expressed gratification at the work of the year, made some recommendations, and brought a very pleasant visitation to a close. Elders' Commissions were received from Little Narrows, Baddeck, Forks, Strathlorne, Mabon, River Dennis, West Bay and Margaree Harbor, appointing Messrs. John McLeod, J. W. Archibald, Neil Nicholson, Alex. Campbell, Walter McDonald, Murdo McLennan, D. McLaughlan and Neil P. McKay, respectively, representative elders in Presbytery and Synod.

A call from Little Narrows to Rev. D. McLeod, M. A., was sustained by the Presbytery and accepted by Mr. McLeod. Arrangements were made for his induction on the 13th of Oct. At a meeting of Presbytery at Port Hastings on Oct. 12th, Mr. L. H. McLean, M. A., is to be ordained and appointed to labor at Hastings, and R. Inhabitants as ordained missionary.

The Presbytery did not see its way clear to accede to the request of Baddeck Forks for aid from the Augmentation Fund as that field can be worked at present in connection with Middle River. Rev. M. A. McKenzie was appointed to supply both places for October at least, giving them Sabbath about.

The Presbytery renewed its expression of strong disapproval of raising monies for church purposes by dancing, gambling and such like improper methods.

The Presbytery adjourned to meet at Port Hastings on Oct. 12th, for the ordination of Mr. McLean and for other business. -D. McDONALD, Clerk.

CHOCOLATE AS A NERVE TONIC.

While in common use, few perhaps understand what an excellent tonic chocolate is for the nervous system. It has an exquisitely soothing effect, and is at the same time a pleasant beverage. Instead of stimulating as does coffee, tea and liquors, it quiets, filling the mind and body with a composure that only those who have endured nervous trouble can appreciate. It does its work almost imperceptibly, not producing a pleasant or semi-conscious state, as do narcotic quieting draughts, but a healthy normal condition.

How it looks, to the women who wash with Pearl-line (use with-out soap), when they see a woman washing in the old-fashioned way with soap—rubbing the clothes to pieces, rubbing away her strength, wearing herself out over the washboard! To these Pearl-line women, fresh from easy washing, she seems to "wear a fool's cap un-awares." Everything's in favor of Pearl-line (use no soap)—easier work, quicker work, better work, safety, economy. There's not one thing against it. What's the use of washing in the hardest way, when it costs more money?

Millions use Pearl-line.
