

# Special Circular to the Trade.

Toronto, January 20th, 1894.

**R**ADAM'S MICROBE KILLER having made such immense headway during the last six years throughout America, Australia, Great Britain, and Canada, with sales constantly increasing, it has been found necessary that some one uniform package should be used, to be handled exclusively by the Trade; and, therefore, all arrangements have been now perfected by which we can supply the Trade with the remedy in 40-oz. square glass bottles, amber color, with the "name and trade mark" blown in the glass on one side, and the other three sides covered with a handsome label. Each label will have on it the "trade mark" and give the names of the ingredients used in the manufacture of this wonderful medicine, also explicit directions how to use, and the price, \$1.00.

Retail druggists are requested to order through their wholesaler, if desirable, or direct from headquarters. The price to the Trade will be \$7.50 per dozen bottles net, 5% off 30 days. No orders for less than a dozen will be filled, however, from the factory.

P. S.—Of course we shall also continue to put up the remedy in wine gallons, same as heretofore. Prices on application.

Very respectfully,

**WM. RADAM MICROBE KILLER CO. (Limited),**

Sole Manufacturers for Canada and Newfoundland.

TORONTO, ONT.

**TO UNDERSTAND**  
THAT when a concern has a preparation that won't sell on its own merits, or if desiring to steal the fruit of another's sowing THEY IMITATE A SUCCESSFUL ONE.

A Toronto concern labels their mixture **Pennyroyal Wafers**, because if calling it anything else, it wouldn't sell without expenditure of considerable money to advertise it as others do, taking thus a dishonest advantage of what has been spent to create the increasing demand now

had for the genuine and original **Pennyroyal Wafers**. They go still farther, and cut the price on their product to you, hoping thereby to secure your co-operation; failing to get results, they add as another inducement, "to give you a gold watch" too; a still further proof of its cheap worthlessness. Can you look your customers in the face and with honest conviction of doing right sell them a substitute for the genuine **Pennyroyal Wafers** made by us, and by whose advertising they have been brought to your store to buy? \$8.00 per dozen is the price for the genuine, and no bribes given, to encourage you to deceive the public. Your continued favors as in the past will greatly oblige,

Respectfully yours,

**EUREKA CHEMICAL CO., Detroit, Mich.**
