MILITIA GENERAL ORDER.

His Excellency the Commander-in-Chief has been pleased to make the following promotion in the Nova Scotia Militia, viz:

1st Halifax Regt. of Militia, 2d Lieut. David Herries Gardiner to be 1st Lieut.

EDWARD WALLACE, A. G. M.

YARMOUTH, Nov. 22.

ROBBERY.—We are informed that a very daring and extraordinary robbery was perpetrated at Barrington last week. The house of Mr. Israel Lovett Wilson was entered in the night, while the family were asleep, by a black woman, who had lived some weeks in the family, and had left only a few days previous to the occurrence of the deed in question. By breaking a pane in a back window, she was enabled to unfasten the kitchen door, and thus effected an entrance. She proceeded up stairs to the room in which Mr. Wilson's money was kept, and with a secret key opened the chest, and abstracted, as is supposed, about £175 in gold and silver. She had to pass on her way, the room in which Mr. and Mrs. W. slept. The theft was not discovered until Sunday. The black woman was at once suspected and pursued. She was overtaken on the road to Portlatour, and £11, with, we believe, some articles of dress belonging to Mrs. Wilson, found on her person. By persuasion and threats she was induced to confess the crime—and said that she had buried the money in the woods. She accompanied some persons to the spot, and they recovered about £143.

NOVA-SCOTIA WESTERN STEAM NAVIGATION.—Mr. Bazalgette, of Halifax, is now in this place, procuring the names of such gentlemen as may feel disposed to take shares in a Steam Packet between Halifax and Yarmouth. The shares are £25 each, and the whole sum required, £10,000. It is intended to purchase the boat in Britain, and to have her on the route next summer.

LOSS OF THE SCH'R YARMOUTH PACKET.—We regret to have to announce the wreck of this fine Packet. She sailed from St. John, N. B. on Saturday morning last and at 4 o'clock the same afternoon, about 3 miles from Long Islands, wind blowing fresh on shore, the head of her foremast was carried away, which rendered her unmanageable. She was driven near the shore, when both anchors were let go. The crew and passengers, six in number, got into the small boat, and (it being impossible to land opposite the vessel) with great difficulty and peril succeeded in effecting a landing at a small creek upwards of a mile off, to which they were urged by the humane inhabitants of the Island, who walked along the shore, to direct the way.—At low water the schooner struck the rocks and filled. By the assistance of some of the inhabitants, of whom Capt. Tooker speaks in the highest terms of gratitude, the vessel was got into the Passage, and the greater part of her cargo and materials saved.—*Herald.*

These vessels were built principally of Heckmatack or Juniper, of an excellent quality, which abounds in this vicinity; have been carefully and faithfully constructed, and on beautiful models.
