

2. Invites the world meteorological organization to complete its consultations with the scientific committee on the development of its draft plan, contained in document A/5253 of 8 October 1962, and to implement this plan, if found feasible, at the earliest possible date;

3. Urges member governments and all others concerned to co-operate fully and to

take all appropriate action to enable the world meteorological organization to carry out its task;

4. Requests the secretary general of the world meteorological organization to report to the general assembly at its eighteenth session on the progress achieved in the implementation of the scheme.
