BERRIES ARE STEADY

Canadian Cauliflower and
Cabbage Makes First Ap-
pearance on Market.

LEMONS ARE FIRM

American Strawberries Are
Still Competing With the
Canadian Fruit.

Besides the regular receipts of other
fruits and vegetables, there were two
carloads of American and between 250
and 300 packages of Canadian straw-
berries which sold at about steady
prices.

Canadian cauliflowers and cabbage
made their first appearance on the mar-
ket yesterday, quotations for which will
be seen in price list.

Onions are scarce, only the
Egyptian variety being in evidence, and
very few of these are to be had, and
prices will be sure to advance this com-
ing week.

Lemons also are scarce, and due to
late an advance in values.

BANKING TROUBLES
CAUSED SELLING

Sidney Long and Co. Failed
to Pass Clearing
House.

CHICAGO, June 12.—Banking house
difficulties and the suspension of a
grain firm were responsible today for
a selling flurry on the board of trade.

Closing prices, however, showed a
comparatively steady feeling with net
losses as follows: Wheat 3-8 to 3/4c,

corn 1/4 to 1/8c and oats 1-4 to 3/8c.

The outcome in provisions varied
from 7/8 loss to an advance of 2 1/2c.

When the market opened under the
level of the session, the market
had started with an advance due to

rain strength at Liverpool and to fear
of rain damage in the harvest region

southwest of here, but the upward
trend of quotations proved to be
short lived.

Failed to Pass.
Posting of notice that Sidney Long
& Co. had failed to pass the clearing
house, was quickly followed by the
selling out of more than a million
bushels of July wheat either because

of the suspension of the firm or as a
precaution to take advantage of the dis-
turbed conditions that naturally en-
sued.

The almost simultaneous shut down
of the Lorimer bank and of a number
of smaller state banks brought on a
lively additional selling, a good share
of which was generally believed to

be of a purely speculative character
and of which the banks were not
traders who thought they saw a
chance to snatch a profit.

In the grain trade, the suspension
of Sidney Long & Co. was directly
connected with the Lorimer bank dif-
ficulties, vice-president Munday of the
bank being said to have been financial-
ly interested in the affairs of the sus-
pended firm. It was also asserted that
the Lorimer bank contained many
small boards of trade accounts.

Corn Weakness.
The market for corn was largely due
to the bank troubles. Beneficial rains
in districts which had been threaten-
ed by drought made the market soft
from the outset. Prices were recover-
ing, when the financial mishaps led
the way to a decided break.

Oats tumbled with other cereals, in-
fluenced by corn and the ending of the
provision market, but in the end quotat-
ions averaged somewhat lower than
last night.

WATCHING CANADIAN
AGENCY SECURITIES

LONDON, June 12.—Movements in
agency securities with which the Cana-
dian Agency was concerned were closely
watched yesterday. Western Canada
Land debentures dropped to 85, South
Winnipeg to 84, Algoma Steel to 81.

Canadian Car dropped half a point,
Lake Superior to 81, one, Southern
Alberta sixes rose two.

IN DEMAND NOW.

LONDON, June 12.—The scrip for
the new Dominion loan was in brisk
demand shortly after it became known
that only 12 per cent of the issue had
been publicly subscribed. Yesterday
the price hardened from 1/4 to 1-4 dis-
count.

TO ASSESS MORGAN PROPERTY.

NEW YORK, June 12.—The realty
property of the J. P. Morgan estate, of
which the value must be found, con-
sists of forty-eight parcels located in
Manhattan, the Bronx, Yonkers, at
Highland Falls and in the Adirondacks.
They are assessed for purposes of taxat-
ion at upward of \$3,785,000.

COPPER MINES REPORT.

COBALT, June 12.—From the report
of the Consolidated Copper Mines, is-
sued yesterday, it appears that the
total receipts are \$247,352; expenses
aggregate \$228,152; cash on hand, as of
April 30 last, \$21,000; ore reserves, both
actual and partly developed, total \$21,
624,228, the average grade being 1.153
per cent.

LOWEST IN YEARS.

Average prices of steel products
across the border at the present time
are the lowest in ten years, according
to the advices received by local steel
interests. While selling prices have
been declining the cost of manufac-
ture has been rising steadily, so that
it costs on the average \$1.31 to pro-
duce more to produce finished goods than
it did in 1911.

NEWSPAPER COMMENTS.

NEW YORK, June 12.—"Stocks will
probably develop a firm tone,"—
American.

"There is nothing to indicate that
the reaction is other than of profes-
sional origin,"—Sun.

"The market seems to be determined
to await the rate decision,"—Wall
Street Journal.

What the Grain Brokers
Say

Harris Winthrop & Co.: The for-
eigner and the domestic user will take
hold of old wheat more liberally all
the time as we get closer to new wheat,
so that rallies will be feeble unless
something new appears as a buying
motive.

LAMSON BROS. & CO.: Short selling
of wheat has been indulged in rather
too freely by local traders and a tem-
porary rally would not be unexpected.

STILL CRITICIZING.

LONDON, June 12.—The fact that
the public took only 12 per cent of the
new Canadian loan, was responsible
for a perceptible change in the atti-
tude of the Street regarding the Bra-
zilian situation.

A number of the more influential
London journals have advised issuing
houses to withhold for the time being
all but the most pressing demands for
new financing, and the result of the
Canadian issue, it is said, will occa-
sion more retrenchment in this re-
spect.

SAY BUSINESS HAS
EQUALED AT LESS COST

MONTREAL, June 12.—The direc-
tors of the Canadian Steamship Lines,
at the close of a meeting held yester-
day, issued a statement saying that
"They were glad to be able to an-
nounce that, notwithstanding the
general unfavorable trade conditions
the business of the company to date
has been equal to that for the corre-
sponding period of last year, and the
operating expenses less."

LA SALLE TRUST
IS CLOSED DOWN

CHICAGO, June 12.—The La Salle
Trust and Savings Bank was taken in
charge of this morning by the state
examiner, who found conditions such
as to warrant the closing of the bank.
Subsidiaries of the La Salle Trust—
the Broadway State, Ashland and 12th
and the Illinois State Bank—will be
examined later.
