It is not proposed to make any alterations in the representation as it exists today, except in so far as is necessary to bring back the different municipalities which have been transferred from one county to another. Thus the Parish of Lacombe, which for the purpose of the 1882 election was transferred to the County of York, is now transferred to the County of York. Mr. Bergeron: What about Caughnawaga? under the new Franchise Act the Indians have no right to vote. The Prime Minister: They have no right to vote, and I do not think it affects the case one way or another. But in order to be consistent, we place Caughnawaga where it belongs. At present it is immaterial whether it is Chateaugay or Laprairie, or anywhere else, because the Indians have no right to vote. The Parish of Lacombe, together with the islands situated in the River Richelieu, opposite there, too, is transferred from the electoral district of Mississauga to the electoral district of St. Jean and Berthier. ton, St. Dominique, St. Nazaire and St. Christine.  
The parishes of St. Guillaume d'Upton and St. Bonaventure d'Upton are transferred from the electoral district of Drummond and Arthabaska to the electoral district of York. That is done for the same purpose that for all purposes, except for Federal electoral purposes, may be joined to the County of York.

Prince Edward Island.  
Now, coming to the Province of Prince Edward Island, sub-section 6 of section 4 of the act of the 18th of May, 1898, which refers to P.E.I., are repealed and the following substituted so as to provide there, as elsewhere, county lines.  
In the Province of P.E.I. there shall be three electoral districts, designated as follows:

The electoral district of Prince, which shall consist of the County of Prince, and shall return two members.  
The electoral district of Queen's, which shall consist of the County of Queen's, and shall return two members.  
The electoral district of King's, which shall consist of the County of King's, and shall return two members.

Little Change in New Brunswick.  
With regard to the Province of New Brunswick, no changes are contemplated, with the exception of the City of St. John, which, as everybody knows in this House, is in a peculiar position.  
An election in the City of St. John has two votes. He votes first for the City of St. John, and then he votes for the County of St. John. Section 5 of the act of 1892 is hereby repealed and substituted by the following:

The electoral district of the County of St. John shall consist of the City of St. John only.  
Nothing herein contained shall operate as to change the constitution of the electoral districts as they now exist until the dissolution of the present Parliament.

These, Mr. Speaker, are the provisions of the bill which we intend to propose. I hope that will interest you. I have introduced a bill to amend the act of 1892 and to provide for the election of members to the House of Commons from the County of St. John.

Mr. MacDonald (King's P. E. I.): Might I ask the leader of the Government if it is his intention to have two members for Prince Edward Island and two for Queen's, P. E. I., running together as formerly and one for King's, P. E. I.?

The Prime Minister: Yes.

## SIR CHARLES' REPLY.

Was a Warm Roast on the Matter in Which the Liberals Are Doing Business.

Sir Charles Tupper: It is quite impossible to deal at any length or minutely with a bill introduced in this way and which is presented at the same time to the consideration of the House. I may say at once I expected that my right honorable friend would introduce a bill which would have drawn the attention of the House to what I regard as an extremely important feature of the right honorable friend's bill to the Constitutional Act providing for a decennial census, and he introduced it.

Must Be at a Particular Time.  
The constitution of Canada provides that a redistribution bill shall be passed at a particular time, and as I understand that constitution, it not only makes no provision for a redistribution at any other time, but so far as a law can do it, it suggests that the redistribution should be done at a particular time, and that the redistribution should be done at a particular time.

Mr. Bergeron: What about Caughnawaga? under the new Franchise Act the Indians have no right to vote. Hamilton, May 19.—(Special).—The aldermen had a busy time to-night. First the City Council met to take action on the by-law.

Ald. Flinday, chairman of the Board of Works, stated that the experimental board on Hughson-street north, containing 300 yards, had cost \$278.84, or about 70 cents a square yard, which was a very good price.

The City Council considered the people would be fully satisfied by the by-law.
