To their honor the monument is reared, and worthily does it attest to the patriotism and loyalty of the citizens who raised funds for its erection, as well as to the courage and bravery of the departed heroes, whose names are imprinted upon its wanels.

In order to suitably unveil the memorial the Dufferin Rifles of this city have enlisted the support of the Queen's Own Rifles of Toronto and the 13th Regiment, Hamilton. The monument will be unveiled to-morrow afternoon by Sir Frederick Borden, Minister of Militia and Detence, and 1500 soldiers will participate in the ceremonies.

The Hamilton regiment arrived shortly before 10 o'clock last evening by the T., H. & B. A heavy rain was falling, and the men were escorted by the Dufferin Rifles to Agricultural Park, where their advance guard had erected tents, in which they at once took shelter. De

In record time the regiment formed up, and amid the greatest enthuslasm marched to the park, where they were cheered again and again by their brother soldiers of the 13th. St. Thomas, May 24.—The Talbot Centennial has been a pronounced success so far. Saturday afternoon was given up for the most part to social enjoyment, tho the erection of a cairn in Pinafore Lake Park was an event of historic importance and interest.
