ISSUE OF STREET CONTROL

Continued From Page 1. Statutory powers must be respected, but so far as they are not exercised, they should not be continued. Mr. Maclean: What we want to do is give Toronto the powers of expropriation, to take over the business and start afresh. The city should take over these unneeded rights.

OPPOSE UNIVERSITY BILL

A deputation of doctors waited on Hon. J. J. Roy yesterday and protested against the provision of the rights bill granting \$250,000 to the university for the purpose of building a general hospital. It was urged that if a large provincial hospital was to be built up, the government should continue its policy of making grants to the other hospitals. They asked that the legal practitioners in the city be given equal rights in the new institution with the members of the medical profession.

HOTELS ARE GROWING

More visitors in City Than Can Be Conveniently Accommodated. The hotels of the city never were more crowded for race week. At all the hotels last night, visitors were continually streaming in asking for rooms, but were always met with the reply, "I am sorry, it was a repetition of the situation week. Even at the best hotels, there was lots of doubling-up done, stretchers being put into rooms after the style of a ward in a hospital. There were 50 on the waiting list at the King Edward, hopeful that someone would leave on the next train. It was the same at the Queen's, the Walker House, the Iroquois and other central hotels. The lobbies were crowded with people discussing the prospects of the morning, and wherever one looked it became evident that greater interest than usual was taken in the races. The Rossin House has completed its interior decorations, and the furnishings are in keeping with the rich marble pillars and mosaic work. The grill room, with its picturesque frieze and wall decorations, was opened to the public for the first time yesterday. Among the visitors registered are: Queen's—O. H. Stratton, Peterboro; E. M. Devine, Peterboro; L. E. Haupt, Berlin; J. H. Fisher, Paris; Charles J. Roe, Jersey City; J. Barry, Boston; A. H. Woodward, London; Iroquois—J. W. Thompson, Hamilton; R. R. Ross, Peterboro; J. G. Creighton, Port Hope; J. M. McEvoy, London; Arch. MacCallum, Stratford; F. Haas, Montreal; H. Molloy, Port Hope.

Race visitors should remember that their visit to the city gives them an excellent opportunity to leave their measure with Scores' for that new summer suit. Where others have a few attractive styles for window display, our stock is complete in exclusive patterns and fabrics. One has to see them to appreciate what good values they are. Sack Suits—special price—\$22.50—Guinea Trousers—\$5.25

THE LATE MAJOR GRAY, Public Works Engineer.

London—During the last few days thousands of fresh-caught mackerel have been thrown into the sea from the fishing boats of the Cornish coast. So heavy have the catches been, especially with the Lowestoft and Yarmouth steam trawlers, that there has been difficulty in finding a market for them. Considerable quantities have been preferred to drop their cargoes in Mount's Bay. It is computed that 200,000 mackerel have been thus disposed of. Local fishermen blame the east coast boats for ignoring the local custom of retaining in harbor over Saturday and Sunday. This, they contend, led to a riot nine years ago, and for some time afterwards Saturday was observed as a close day. But in later years the rule has been again ignored.

Victoria Day! And many a good head celebrates it to-day under a good hat— The Best of good hats are bought in this hat-erie— Here's proof!—Knox—Youmans—Stetson—Peel—Christy and others of the world's best makers— Soft Hats—2.00 to 8.00— Derby Hats—2.50 to 5.00— Silk Hats—5.00—6.00—8.00— Fine Furnishings as well.

PICKPOCKETS AT WOODBINE

Stow your money away carefully if you need it again. The gang of pickpockets who came into town for the race met are not confining their operations to the race track. They are slick at their business and it is thought these are women as well as men. In one store, Knox's, on Saturday night there were over a score of pickpockets who came into town for the race met are not confining their operations to the race track. GATHARINE CRAWFORD RUN DOWN BY TROLLEY IN FRONT OF HER HOME

On Lansdowne Ave. Little Catherine Crawford, aged 18 months, daughter of William H. Crawford of 629 Lansdowne-avenue, was run down by a trolley in front of her home at 4 o'clock yesterday afternoon and sustained injuries that resulted in her death a few hours later. The little one, who can just toddle, was playing along the devil strip, and apparently did not notice the approach of the car. The legs were severed and she was thrown some few feet from the car. Conductor Walter Black and Fred Emmseney were in charge of the car. The child was still living when carried into the home of its parents, but the medical aid was summoned immediately the child succumbed from its injuries. A request will be held at the house by Coroner Powell.

London Chronicle Has It in Ottawa Despatch—Premier and Colonial Conference. (Canadian Associated Press Cable.) London, May 23.—The Ottawa correspondent of The Daily Chronicle says, in a despatch, that the Canadian government will accept an invitation to the colonial conference "only if it is clearly understood that the colonies will not be made pawns in the English political game" but who asks "The Chronicle editor" to give a more complete understanding, and what conceivable sacrifice can there be that it shall be made a matter for the British electors to decide and not for the colonies to determine. The despatch, taken a clear, straightforward line, is the only one consistent with the self-respect of the colonies and in the best interests of imperial solidarity.

IT'S WAR FOR CHICAGO

Lumber Drivers Go Out To-Day—Troops in Readiness. Chicago, May 23.—All prospects of peace in the teamsters' strike have disappeared and it will be open war from this time on. The last conference look toward a peaceable adjustment was held to-night between James B. Barry, business agent for the Express Drivers' Union, and the local managers of the seven express companies. The reply of the express companies was: "Our opposition to the reinstatement of the men will be the same four years from now as it is to-day. We will not take them back under any circumstances." The spread of the strike to-day was not as large as was anticipated, it being understood in many quarters that the lumber merchants were touching off being reached. Four hundred and sixty-two drivers, employed by 28 firms belonging to the Lumbermen's Association, went out. To-morrow night it is expected that 2000 drivers employed by lumber concerns will be on strike.

MAYOR WEAVER'S AX FALLS

Philadelphia, May 23.—In his effort to defeat the consumption of the plan to lease the city gas works to the United Gas Improvement Co. for 75 years for \$25,000,000, Mayor Weaver to-day dismissed from office the two principal members of his cabinet, and thereby delivered a blow to the dominant political organization of this city.
