

ANOTHER ONE FOR HARDY!

Lennox Remains in the Liberal Column.

Mr. Aylesworth's Majority Is Largely Increased.

More Than Three Times Greater Than Before—A Hard Fought Battle—Bribery Alleged.

Napanee, Nov. 19.—The battle has been fought and won, and Lennox remains in the Liberal column. It was a battle royal from the start, and both sides strained every nerve to win. The Dominion opposition threw in their lot with Mr. Whitney, and for the past two weeks the riding has swarmed with Conservative M.P.s and ex-M.P.s. The Conservative forces proved unavailing, and Lennox is now a Liberal riding. While Mr. Whitney and his followers have been loud in their declarations against bribery and fraud in the Liberal campaign, the Dominion evidence is accumulating that the methods adopted by Dr. Meacham's supporters were not above suspicion. The secretary of the Reform Association stated last night that he had proof of 30 cases of bribery that had been practiced on Dr. Meacham's behalf. Mr. W. T. R. Preston went so far as to mention the names of the men who had charge of the corruption in this election. Dr. Meacham's majority in this election. In view of all the circumstances, Mr. Aylesworth's majority is a magnificent testimony of the confidence placed in the Hardy Administration by the people of Lennox. The town of Napanee gave the Liberal candidate 60 of a majority, and part of this can safely be attributed to the premier's visit here on Thursday night. Although this was perhaps one of the hottest elections Lennox has ever experienced, everything was quiet and orderly in town last night. A gathering was held at the town hall after the returns were all in. Speeches and addresses were delivered by the candidate-elect, Mr. Bowen E. Aylesworth, and Messrs. H. M. Deroche, Q.C., W. S. Herrington, W. T. R. Preston, J. L. Haycock, Dr. Leonard, M. McDonald, G. W. Dawson and others.

LOILO IS INVESTED!

Filipinos Have the Dons Shut Up in the Town.

Defended by Eight Hundred Spanish Troops.

Foreign Citizens Beg for American Protection—Island of Panay in Possession of the Insurgents—A Street Row—Several American Soldiers Wounded.

Manila, Nov. 19.—Three Philippine natives last night hired a carriage, and afterwards became engaged in a dispute with the driver regarding the fare. Some members of the American military police attempted to arrest the natives, but the latter resisted, and Sgt. Price, of the Minnesota Regiment, was stabbed and killed, and three other American soldiers, Maher, Montgomery and Hoyt, were wounded. Maher shot one native dead. The others were arrested.

Washington, Nov. 19.—News of a mixed character came to the navy department yesterday from Admiral Dewey, touching the situation in the Philippines. The admiral sent two of his warships, the Charleston and the Concord, some time ago to the southward from Manila to ascertain whether there was truth in reports that the insurgents had extended their activities in that direction. He cabled as follows:

"Charleston and Concord arrived today from Iloilo. Glase reports that the entire island of Panay is in possession of insurgents except Iloilo, which is defended by eight hundred Spanish troops. All foreign citizens there beg for American protection. The island of Negros has declared independence, and desires American protectorate."

Glase is the commander of the Charleston. So far nothing has been done by the administration towards curbing the insurgents in their operations, save verbal representations from the American commanders to Aguinaldo, in which it has been pointed out to him that it would be good policy, in view of the probability of annexation of the islands by the United States, to pursue a course that would not be obnoxious to the United States. But the situation is now realized to be critical. So far as the Spaniards are concerned, perhaps they can be left to take care of themselves, but the foreign residents at Iloilo are differently regarded. The difficulty in the situation is that with the best intentions to intervene to protect the Europeans and other foreigners, and to save the city of Iloilo, the second in importance in the Philippine group, from looting, the United States forces appear to be estopped, under the rules of war, from moving from their positions. Such is the construction placed upon the clause in the protocol relating to a suspension of hostilities.

ANARCHY IN PORTO RICO.

The United States cabinet session Friday was devoted to a large extent to consideration of complaints that have reached the war department, alleging that a state of practical anarchy prevails in Porto Rico. These complaints asserted that the lawless elements in Porto Rico are committing depredations of the gravest character and that the seriousness of the situation is increased by reason of the fact that United States troops stationed on the island likewise have been guilty of misconduct.

ONLY TWO SAVED OUT OF THIRTY!

The Atlantic Dismantled and Broken in Two—Loss of the Schooner Gen. Frank Sigel With Nine People on Board.

Newport, Ore., Nov. 19.—News has been received from Alsea Bay, 16 miles below here, that the sailing vessel Atlantic, a schooner, was broken in two. She had a crew of 30 men on board and only two got ashore alive.

The vessel is dismantled. She was bound from Tacoma for an African port with wheat. The vessel had broken in two. The life-saving crew has gone to the scene. The Atlantic was of about 2,000 tons.

HAD NINE ON BOARD.

Buffalo, Nov. 19.—The schooner Gen. Frank Sigel is still missing. As reported two or three days ago, she was caught in the great storm on Lake Erie last Thursday and was thought to have foundered with all on board. All the other ships that were out in the lake when the storm came up have been heard from. The Sigel carried a crew of eight men and a woman cook. The vessel was commanded by Captain Cook.

LET HER GO.

London, Nov. 19.—The officers of the steamship Westneath, abandoned at sea on Nov. 8, opened the sea cocks in order to sink her, as they decided it was hopeless to attempt to save the vessel, and the floating hulk would be a menace to navigation.

A DEAD HAND ON THE LEVER

How Those Who Knew Engineer Bradley Explain the Disaster at Murray Hill.

Brockville, Nov. 19.—Railroad men in Brockville freshly express the opinion that Wm. H. Brady, the engineer on the Grand Trunk passenger train which collided with a freight train near Murray Hill the other morning, was dead in the wrong track as the engineer and fireman given for the fireman not observing the signal is that he was busily engaged shovelling coal into the firebox. Had Brady been alive, it is further alleged, that he would have seen he was on the wrong track as the engineer and fireman on the freight train recognized the fact in time to jump.

GENERAL DEBILITY CURED.

[From the Advertiser, Hartland, N.B.]

Ralph Giberson, postmaster of Monquart, Carleton county, N. B., is also known as a prosperous agriculturist and enthusiast in his line. Now stalwart and rugged, weighing 250 pounds, he scarce would be recognized as the man who six months ago was the picture of one suffering the terrible symptoms of general debility. He was run down in health, suffered much from dizziness, almost blindness, general dullness and depression of spirits. He became a poor appetite, and such food as he ate gave him great distress. He was incapacitated for the work that fell upon him and was well nigh utterly discouraged. The symptoms bordered on those by which hypochondria is manifested. Through reading the Advertiser he learned of the particular benefit that several of his friends in this vicinity had received by the use of Dr. Williams' Pink Pills, and by the hope held out by their testimonials he secured a supply and took them according to directions. The result was almost magical, soon after the time he became less disagreeable, and he steadily gained until now he is perfectly free from his old troubles. He gladly and freely gives this testimonial, that all who may read it may know the remedy if ever they are troubled with general debility.

WEAK AND RUN DOWN.

Among many in Ottawa and the vicinity who have benefited one way and another by the use of Dr. Williams' Pink Pills for Pale People, the Journal has learned of the case of Mrs. Gilchrist, wife of Mr. T. V. Gilchrist, of Hintonburgh. Mr. Gilchrist keeps a grocery at the corner of Fourth avenue and Cedar street, and is well-known to a great many people in Ottawa as well as to the villagers of this suburb of the capital. Mrs. Gilchrist states that while in a "run down" condition during the spring of 1897, she was greatly strengthened and built up by the use of Dr. Williams' Pink Pills. Speaking of the matter to a Journal reporter, she stated that while she was able to go about at the time she was far from well, her blood was poor, she was subject to headaches, and felt tired after the slightest exertion. She had read at different times of cures effected by the use of Dr. Williams' Pink Pills, and decided to try them. She was benefited by the first box and continued their use until she had taken five boxes, when she considered herself quite recovered. Mrs. Gilchrist strongly recommends Dr. Williams' Pink Pills as a builder and strengthener, when any of her friends are weak or ailing.

LEAGUE LOVES HIM

Superintendent Henry Pratt Presented With a Gold Pen and Inkstand.

About 35 members of the Junior League of Colborne Street Methodist Church met at the home of their president, Miss Mabel Elms, Colborne street, on Thursday evening, and marched from there to the home of Mr. Henry Pratt, their superintendent, Pall Mall street. Although completely taken by surprise, Mr. and Mrs. Pratt bid them welcome, and a very pleasant musical refreshment was served by the social committee, consisting of Miss Vera Calhoun, Miss Pearl Cooper, Miss Lillie Graham, Miss Lillie Corp and Miss Stinson. A good-plated inkstand with pen receiver and gold pen, to their superintendent.

"We, the members of the Junior League, take this opportunity of presenting you with this small token of our love and respect and high esteem you are held with us as leader of our Junior League, and we feel that without you the league would surely fail. We sincerely hope that you may live to enjoy this gift, and that you may be many years with us. And when you leave us, we all hope to meet you in heaven. Your affectionate members of the league, Mabel Elms, president; Florence Gaze, secretary; Mabel Hill, treasurer; Ella Stephenson, organist; Pearl Cooper, Edith Bennett, Vera Calhoun, Annie Harris, Annie Stephenson, Gertrude Hill, Lillie Corp, Gertrude Hill, Hector Elms, Howard Moore, Kate Moore, Willie Bendle, Pearl Corp, Lillian Corp, Rose Christopherson, Lillie Corp, Jennie Stinson, Willie Evans, Lottie Alexander, Maude Alexander, Wallace Crawford, Andrew Crawford, Georgina Hance, Alma Brown, Alice Christopherson, Cecil Cooper."

Mr. Pratt, who was completely taken by surprise, replied in a few words, thanking them for the very handsome gift he had just received. He looked upon it not so much for its intrinsic value, but for the kindly and Christian spirit in which it was given, showing there was a bond of union that exists between them, and trusted that the spirit of harmony would ever prevail. As he sat down to write he would ever think the pen was mightier than the sword. He trusted God would bless the Junior League of Colborne Street, and when due meeting here below they would all meet in heaven. The young people returned to their homes early, after spending a pleasant evening.

AN OLD SOLDIER DEAD.

Kingston, Ont., Nov. 19.—Timothy Lane, aged 70, died Wednesday night at the House of Providence after two days' illness. He was born in Ireland and was through the Crimean war. He came to Canada, was drafted into the Royal Canadian Rifles, and remained in the regiment until it was disbanded. He was a member of the police force for some time thereafter, and belonged to St. Patrick's Society for over 30 years.

RHEUMATISM CURED.

Mr. M. Carroll, of Roland, Man., writes: "While living at Sidney, Man., I wrote you informing you that your Dr. Williams' Pink Pills had cured me of rheumatism of 25 years standing, after many other medicines had failed. I am pleased to again write you and say that the cure has been permanent, as after a lapse of several years, there has been no return of the trouble. I sincerely hope my experience will be the means of helping some other poor sufferer."

CURED OF SCIATICA.

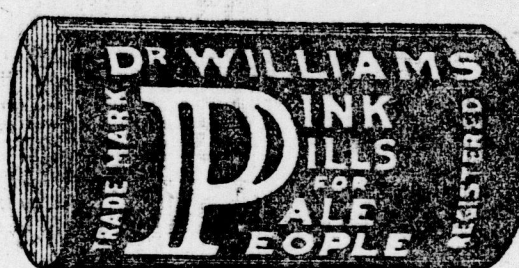

Mr. C. Thornton, Bluevale, Ont., says: "About seven years ago I rented my farm, and moved into this village, where I have since carried on business as a pump maker. In the fall of 1895 I was attacked with sciatica, and for more than a month suffered intensely. I took medical treatment, but it did not help. Then a druggist advised me to try Dr. Williams' Pink Pills; under this treatment the sciatica was banished, and I have not since felt any return of it."

GAINED TWENTY-THREE POUNDS

Mr. Arthur Piper, Dixville, Que., says: "Last autumn I became very weak, my whole constitution seemed to be undermined, and I lost flesh rapidly. I had no appetite, the least exertion tired me, and the words 'felt miserable' will best describe my feelings. Having read so much concerning Dr. Williams' Pink Pills I determined to try them, and the results were most beneficial. Astonishing as it may seem, I gained 23 pounds in three weeks, and I am now feeling as well as ever I did in my life. To those who feel as I did, I would say that Dr. Williams' Pink Pills will speedily cure them."

Mrs. J. N. Gordon, Cataract, Ont., says: "If I could not have got Dr. Williams' Pink Pills I believe I would not now be living. I was wasted away to a shadow, and my hands were literally transparent. I had a hacking cough, could not sleep and could scarcely eat. Doctors having failed to help me I determined to try Dr. Williams' Pink Pills, and was soon gratified to find that they were helping me. I continued their use for several months, and am thankful to say that they have fully restored my health. I consider Dr. Williams' Pink Pills a blessing to humanity."
