The following is an extract from an unsolicited letter received from a firm of prominent Western Ontario Solicitors by The Canada Trust Company:

"The heirs have unanimously expressed their satisfaction with your handling of the Estate, and with the amount of your remuneration.

The particular estate referred to was a large one. The many problems which arose were quickly faced and satisfactorily dealt with.

Within the short period of two months each of the heirs received a cheque for the share to which he or she was en-titled.

You owe to your estate and to your heirs a satisfactory distribution, do you not?

Would you not display sound judgment by making your Will now and naming as your executor
