Remarkable Preparation was Known to Indians—How Long?—No white Man seems to Know! Contains genuine Bear Oil and other Potent Ingredients from Three Kingdoms of Nature

FOR ages man has sought the secret of growing hair on human heads after it had fallen out from one cause or another. Many theories have been advanced as to the best means for preserving the hair, for increasing its growth, and for the prevention of dandruff, falling hair and baldness. Yet scientists have come and gone, leaving behind them the task of solving one of Nature's greatest prob-

Has it at last been solved?

Has Nature herself opened her portals to the wonderful secret? Your own observation in recent years proves

that the seeming impossibilities of yesterday are but mere toys of the master minds of today. The aeroplane, in which men outdo the birds in the air—the submarine, which has made Jules Verne's stories of journeys beneath the sea come true. The telephone, the automobile, the wireless telegraph, all go to show the marvelous progress made in the twentieth century—that history-making period

in which you actually live, see and understand. Yet, it has remained for Nature herself to show us the way in many cases to grow hair after baldness. And this simple, natural method which seems to have been known to certain tribes of American tribe has one or more men who under-Indians from time immemorial, can now be yours.

Indians' Hair Growing Secret Revealed

The story of Kotalko, how the Indians' secret was obtained, how it grew a luxuriant new growth of hair on John Hart Brittain's bald head, probably the first white man to try it, how it is now obtainable so ready, the picturesqueness of this old all may test its potency, is told by Mr. Brittain in his own words, under of his ointment fascinated me. I agreed sworn avouchment, a part of which is printed in the next column.

Baldness, dandruff, falling hair and grayness, each have several different causes. While Kotalko cannot create papillae, it has done bare, shiny pate. It became even more wonders by inducing hair growth when the baldheaded person stand. Nevertheless, I persisted. (man or woman) had imagined there was no hope. The way to find out whether Kotalko will grow hair in your case or otherwise benefit in this test, for after a little while a light you (in dandruff, falling hair or grayness) is to make a test of Kotalko scalp.

"The primitive men of our country did not have the advantage of our modern scientific chemistry. They operated upon elementary principles. For example, if an Indian was given to attacks of bilious-ness, the 'medicine man' made a decoction of selected herbs and surrounded the delivery of it with mysterious incanta-tions. APPIDAVIT PO HAIR GROWTH

While completely bald on the top of my head as shown in my photograph which accompany-ing this affidavit, I adopting this arridamit, I acopted a hair cosmette and formula given me by an old Cherokee Indian. Within six months my head was covered with a new and luxuriant growth of hair. I now supply Ko-tal-ko, a pomede prepared according to the original nal formula which resulted in my own hair growth. The state-ments in my advertisement are true and my photographs are correct. John Start Brittani

Personally appeared before me, John Hart Brittain, this fifth day of June, 1917, who signed the foregoing in my presence and who being duly sworn, at-tested that same is true.

Genuine bear oil and other potent ingredients from the Three Kingdoms of Nature are in Kotalko. No alcohol, no shampoo! The combination of ingredients is safe and harmless, it is excellent, even for a child's scalp and hair. Kotalko is a delightful emollient to apply. It succeeds because it aids nature's own way of growing hair. Don't stand in the light of your own intelligence by doubting the truthfulness of the above statements. Regardless of your age or experience, give Kotalko a trial. Prove its wonderful efficacy to your own satisfaction.
